

LOCAL COAL SUPPLY GETTING  
LOW; ONLY ONE DEALER NORMALFALL SESSION OF COUNTY  
BOARD STARTS ON TUESDAY

The annual fall session of the County Board will open at the Court House next Tuesday with the Board facing some of the most important questions regarding the development of the county that have come up in some time. Among them is the question of when the concrete highway which it has been made possible to build by bonding the county will be put in. The women's clubs state that they will again petition the Board to have a visiting health nurse in Wood County, while the annual reports of the different offices of the county will again be presented.

The County Highway committee, who worked in conjunction with the State Highway Commission here, will recommend that the county start their concrete work with a complete concrete road to Marshfield. The route that will probably be laid out is a road starting from this city and running north toward Vesper, on what is known as the Vesper road, and not on the Seneca Corners road. Then to start work at Vesper and at Marshfield and work on Route Thirteen, putting in concrete on this road. This will leave a road open to Marshfield by way of Pittsville and will leave a road open to Vesper by way of Seneca Corners. The following year work could be carried on the Pittsville to Marshfield road if desired, the road by way of Vesper then being open to travel. Or if desired the road thru Rudolph could be handled.

The women organizations which have been working on the matter of getting a county nurse here are going to urge the members of the Board to fill this office as soon as possible. They state that since the state law has passed making it compulsory for the county to employ a visiting nurse, the time to secure a nurse is immediately. Nurses will be in great demand and in order to get the best they are urging the board to take immediate action.

The general reports of the County Officers and the regular routine matters will keep the Board busy several days.

WILL NOT HAVE BRANCH  
LIBRARY IN CITY HALL

An effort by the members of the West Side Parent-Teachers association to establish a branch library in the Mayor's office at the City Hall, was defeated at the regular meeting of the Council Tuesday evening when the general opinion of the aldermen was that this would not be a suitable place. It is the only place the chief city official now has to meet with committees of the council and transact any other official business he might have, and it was considered that should the library be put in on the west side it would have to be located in different quarters.

Alderman O. R. Roenius, reporting for the committee to whom the matter was referred to at the last meeting, stated to the council members that the committee could make no recommendation. He explained that Mrs. Aug. Gottschalk, president of the Parent-Teachers Ass'n, had looked over the empty buildings on the west side of the river, finding but one suitable location outside of the city hall, that being the basement of the Dixon Hotel, formerly occupied by the Dixon Hotel. The rent for this place was \$40 per month, and the general opinion was that the city could not afford to pay that much.

Alderman Hansen spoke in favor of locating a branch library on the west side, stating that it five hundred people had signed the petition they ought to receive the library. It was explained, however, that when the petitioners were circulated the understanding was that the building would go in the present city hall, and that there would be no expense to the city.

Upon the suggestion of Mayor Birtore the matter was left with the committee and should any public spirited citizen wish to donate a building or should they be able to find a place where the rent was not too high, the Branch Library on the west side may still be established.

NEKOOSA GIRL MARRIED TO  
GRAND RAPIDS YOUNG MAN

Miss Ida Kroll of Nekoosa and Mr. John Pataski of this city were married last Saturday morning at the home of the bride's sister, Mrs. Robt. Slevert, of Riv. Point, of this city performing the ceremony. The young couple were attended by Mr. and Mrs. Rudolph Rohman, as bridesmaid and groomsmen. The bride made a very nice appearance in a neat blue serge traveling suit, the bridesmaid also being becomingly gowned in a Copenhagen blue suit. After the wedding ceremony the party enjoyed a wedding dinner at the home of the bride's sister, Mrs. Robt. Slevert, where a number of friends had gathered and where a most enjoyable time was experienced. The bride is well known in this city and Nekoosa, having made her home in the latter place for a number of years but having more recently been employed here in Grand Rapids. She is the daughter of Mr. and Mrs. August Kroll and a most estimable young lady. The groom is the son of Mr. and Mrs. Paul Pataski, and is well and favorably known young man. He has been employed here in the past but now holds a position in the Mitchell automobile plant in Milwaukee. Mr. and Mrs. Pataski will make their future home in the Grand Rapids, taking with them the congratulations and best wishes of a host of friends here.

Mr. and Mrs. John Alexander attended the foot ball game at Madison Saturday.

## A continuation of the coal strike may bring the coal situation to a state of emergency, Grand Rapids coal dealers state, the present supply on hand in most cases being considerably below normal, while the public are swamping the dealers with orders. With the exception of one dealer, Koller Brothers Coal Co., the local companies state that they are far below normal and many days behind in their orders.

Mr. Koller stated Thursday that while the coal was not coming along as fast as it had been that it would get here alright, and that his supply was about normal.

"We are almost cleaned out," P. C. Daly of the Daly Ice and Coal Company stated Thursday morning. "Soft coal is scarce and we have absolutely no hard coal left." Mr. Daly stated that many who were ordering hard coal were changing their orders to soft coal, as it was impossible to handle the hard coal orders.

Earl Bossett, at the Bossett Coal Company, stated that their firm were at least two hundred and fifty tons behind on their orders and that their supply of about five hundred tons on hand was dwindling fast.

Both Mr. Daly and Mr. Bossett stated that their coal was coming slowly and that the government was holding some coal shipments. It was stated that government were also releasing some of the cars they had seized earlier in the week, and this was keeping the companies from running out entirely.

"Thru cold days would clean us out entirely, however," Mr. Daly stated, and the only present relief we have from the situation is the hope that the warm weather will continue."

Mr. John Schmalz at the Consolidated Water Power & Paper Co. stated that the company were not running on a big supply at the present time, altho they did not state just how much they had on hand.

The Ahadwagan Paper Products state that they have a good supply on hand and not forced to use much coal, as their power is mostly electric power. The Ellis Lumber Company burn wood entirely and will suffer no hardships from the coal shortage.

A good number of the stores around town are pretty well supplied with coal while a number of private homes are equally well fixed, having laid in their supply during the summer.

While there may be no serious trouble should the weather remain mild, a cold snap now might bring the city to face a serious situation.

TAX APPORTIONMENT  
FOR CO. NEXT YEAR

County Clerk Sam Church has received the following certification of the State taxes as they affect Wood County, and the amounts to be raised for each purpose. The two amounts to be raised for the soldiers education bonus and the soldiers bonus bills are not included, but will be certified later.

For interest on certificates of indebtedness ..... \$ 2,065.75  
For Free High schools ..... 1,813.61  
For graded schools ..... 2,072.20  
For state university ..... 15,810.52  
For Normal schools ..... 7,026.94  
For common schools ..... 27,440.46  
For general state purposes ..... 1.04  
For highways ..... 17,618.02

For care chronic insane ..... 358.85  
For Northern Hospital ..... 1,313.51  
For House of Public Mind ..... 1,859.75  
For Industrial School for Boys ..... 39.70  
For Tuberculosis Sanatorium ..... 415.26  
For Industrial School for Girls ..... 311.43

Special Educational loans ..... \$5,773.96  
Educational loans ..... 1,233.00  
State School Apportionment ..... 39,377.31  
School District loans ..... 11,136.23

## DEATH OF CHRISTIAN DRAEGER

Christian Draeger, who resided with his daughter on the Rudolph road within the city limits, died Thursday morning at nine o'clock. Mr. Draeger was born Oct. 26, 1826, and was eighty-four years of age when he died. Mr. and Mrs. Draeger have made their home with their daughter, Mrs. Gröschbach for a number of years. He is survived by his widow and two daughters, Mrs. Gröschbach and Mrs. Aug. Kowalski, both of this city. No funeral arrangements had been made at the time of this writing.

## WILL NOT HOND PORTAGE CO.

Following a gathering of representatives from every town in Portage county it was decided not to vote on the matter of bonding that county this year for improved highways. Practically all of the Portage county people were against the proposition and it was considered useless to hold an election. F. P. Mongel, division engineer of this city, and two Stevens Point business men were practically the only ones present in favor of the bonding.

## WILL HOLD CLASSES

Mrs. L. P. Witter, state treasurer of the Wisconsin Woman Suffrage Ass'n, has returned from the State Convention where an eastern woman gave a series of lectures on citizenship. Mrs. Witter states that the local association will conduct a similar series here, and that some state speakers will be secured. The State association, Mrs. Witter states, will resolve itself into the League of Women Voters.

COUNCIL DISCUSSES  
NEW IMPROVEMENTS

The prospects of the city linking up many of their paved streets next year, the fact that a Public Comfort Station will have to be erected, the possibility of purchasing a stone crusher for city paving work and the matter of enforcing automobile owners to observe the dimming law, were all matters of interesting discussion at the City Council meeting Tuesday evening.

Frank Brown was appointed as a member of the Police and Fire Commission to fill the vacancy caused by the resignation of Earl M. Pease. Mr. F. J. Stieb is the new member of the Electric and Water Commission. The appointments were made by Mayor Birtore and received the unanimous vote of the council men.

When asked what had happened to the proposition of building a public comfort station Mayor C. E. Birtore explained to the councilmen that the state had passed a law requiring each city to erect one, and that Grand Rapids will have to build one next year. In case the city fails to do this the State Board of Health may go ahead with the work and charge the expense to the city.

Estimates were asked for by different members of the council for the cost of paving First street north from the Library to the Biron paving and for continuing the paving on Third avenue south to the North-western tracks. This indicates that some of the paving on roads leading into this city will be linked up with a continuous stretch of good road into town. Both of the roads brought up are in need of paving the south side road is an old state trunk line, and has been especially rough during the past year.

Stating that unless the city bought their crushed rock this winter they might find it impossible to get any for the paving work next summer, Engineer Thompson spoke to the city fathers on the rock question. The stone from Lohrville, he stated, will advance fifteen cents a cubic yard next month, while another raise is expected the first of next May. The demand has become so heavy that the quarries cannot supply the contractors and municipalities doing their work. Engineer Thompson explained that with the additional county work this year there would be an unusual demand for rock. The committee which had the matter of crushing some of the Wisconsin river granite under consideration, reported to the council that they had not been able to complete their report as yet. The city may determine to purchase a crusher and not depend on the quarries for their stone.

The City Engineer went on to say that the city paving had been installed in this city this year at a considerable saving, altho the complete report of his work was not ready yet as some of the bills for materials had not been sent in as yet. The paving on the west side has been put in for considerably less than \$1.76 per yard, he stated, and on the east side for considerably less than \$1.80. When he wanted the city to put in the paving themselves last spring Mr. Thompson guaranteed that he would save them money, and according to his statement Tuesday evening he has lived up to his guarantee. The bills around some of the completed paving have just been completed this week Mr. Thompson stated, completing the work for the year.

The city engineer of Weights and Measures had his pay advanced from \$60 to \$75 per month and received favorable comments on his work from the different aldermen. Alderman Roenius asked about the matter of making people in the city dim their lights, Mayor Birtore stating that this law was in the hands of the Railroad commission and would be ready by the first of the year, it was expected. The Grand Rapids Federation of Labor filed a petition asking that the city buy the G. A. R. property but that it be used for no other military purpose other than the G. A. R. The committee having this matter in their charge made no report.

CONSOLIDATED EMPLOYEES  
HAD EXCELLENT PROGRAM

The employees of the Consolidated Water Power & Paper Co. in this city and Biron entertained about thirteen hundred employees and their families at Daly's Theatre last Sunday afternoon and evening with a program, which had been prepared by different individuals within the company and with the assistance of one outside artist.

Al Kroes, of Milwaukee, was the outside entertainer, showing many of his drawings on the screen and proving to be very amusing to the audience. He talked with the pictures and emphasized the fact that there is nothing mysterious about the Safety First movement in these manufacturing organizations, but that it is for the mutual benefit of the company and the men.

The Consolidated Band rendered several spirited marches and under the direction of Dan Ellis, made a very good impression. Charles Parker entertained with a clarinet solo which was very good. He was accompanied by Miss Bernice Egbert on the piano. Fred Eberhardt explained to the men that about 95 per cent of Consolidated employees are members of the E. B. A., their insurance organization, and told of the benefits of belonging. Edw. Lipke followed with a talk on the attitude organized labor took toward the Safety First movement. He urged the men to be careful in their work and to carry out the safety methods.

The Standard Oil Company have started the work of fixing up the grounds around their service station, putting in sod and shrubbery on the vacant space.

Walter Wood, Steve Miller, Earl Hill and Edward MacDonald drove to Madison Saturday to attend the football game.

The Village Board of Nekoosa has accepted the resignations of its village constables on Monday, George McLean having been in his resignation while Wm. Wilson, the other officer, refused to quit. City Council has been retained by Mr. Wilson, who states that the officer must be given a hearing before he can be removed from the pay roll.

The Village Board of Nekoosa has accepted the resignations of its village constables on Monday, George McLean having been in his resignation while Wm. Wilson, the other officer, refused to quit. City Council has been retained by Mr. Wilson, who states that the officer must be given a hearing before he can be removed from the pay roll.

BROUGHT INTO COURT FOR  
PUTTING REFUSE IN ROAD

Mrs. Augustin Passer, of Arpin, was brought into Judge Pomainville's court on Friday of last week to defend an action brought against her by Fred Erdmann, of the same community. Mr. Erdmann asked \$100 damages from Mrs. Passer, charging that she threw potato peelings, tomatoes, coffee grounds and other refuse into the road which made it a nuisance and almost impassable.

The story the parties to the action told in court was to the effect that Erdmann had bought the land from the Passer family some time ago, later selling Mrs. Passer a small tract on one corner of his holdings, on which she lived in a small house. He retained the right to use a road thru the land, which ran immediately past Mrs. Passer's house. The testimony showed that the woman had been in the habit of throwing her dish water and other refuse in the ditchway, keeping a continual mud puddle there, making the place disagreeable for the complainant.

After listening to the case Judge Pomainville awarded the complainant, Mr. Erdmann, \$5 damages, the damages and the costs of the case amounting to a total of \$42.

PEOPLE RESPOND TO  
RED CROSS APPEAL

The people of Grand Rapids and the people of the southern part of Wood County have responded very nicely to the appeal made by the Red Cross in their annual campaign for membership, according to both officials of the organization and the campaign managers who have been conducting the drive. Practically every one who has been approached has joined without hesitation, the work report, and the indications are that the quota sought will be secured without trouble.

That the people in general have become thoroughly familiar with the remarkable work done by the Red Cross has never been better emphasized than during the drive this week, the officials say. They are anxious to join and rarely indicate that they hadn't expected to right along, is the information brought into the drive headquarters.

The men employed in the factories are being given a chance to help in the work as well as the business men. John Schwank is in charge of the drive in the factories. In the cases where the men do not have the cash with them still wish to join the organization they are given a chance to sign up and the money is taken from their pay at the office, arrangements having been made for this with the different manufacturing concerns of the city. They are signing up pretty well, Mr. Schwank states, and indicate that they are strongly back of the Red Cross and its work.

The returns from the drive will probably not be in before the latter part of the week, when the captains from each ward will make their report to President Taylor. Many have already completed their work, they state, having started out the opening day and signed up members without trouble.

WILL ESTABLISH STANDARD  
GRADE FOR CITY NEXT YEAR

Complaints brought to the attention of the City Council at their monthly meeting Tuesday evening, about the poor grade of several of the sidewalks on streets where paving has recently been installed, brought about a unanimous vote of the members of that body to establish a legal grade for the city of Grand Rapids next year.

"It will probably cost the city from \$2,500 to \$3,000 to establish this grade," City Engineer Thompson explained, "however, every sidewalk that is put in at the present time must be graded at."

Mr. Thompson went on to explain that the reason that many of the sidewalks along the new paving were either too high, or too low, was because the engineer that established the line had to guess at it, and had evidently guessed wrong. He told the councilmen that it would probably require the services of an engineer and three or four men for the summer, to establish a legal grade, but that the city could never be built with any certainty of things being right until this was done.

Alderman Roenius urged that this be taken up at once, pointing out the fact that anyone wishing to build a house could not do so with any certainty, as he might find after a few years that the location of his home was too low for the grade of the walk or street, and that his new home was either several feet below the grade of the street or else it was too high.

The sidewalk along the new paving on Fifth street was cited as an example, it being entirely too high for the street, the matter being referred to the street committee, who will see that the sidewalk is lowered next year.

## CELEBRATED ANNIVERSARY

Mr. and Mrs. Carl Sanger of Babcock celebrated their golden wedding at their home on Sunday, Nov. 2nd. A wonderful dinner and supper was served to fifty guests. The Sangers were played in the afternoon and evening, all enjoying a good time. Rev. E. W. Farnham of Grand Rapids presided and Mr. and Mrs. Carl Sanger with a beautiful golden Bible which was given to them by their children in remembrance of this anniversary. They also received many other gifts from friends and relatives. We all hope they will live to spend many more happy years together.

The Village Board of Nekoosa has accepted the resignations of its village constables on Monday, George McLean having been in his resignation while Wm. Wilson, the other officer, refused to quit. City Council has been retained by Mr. Wilson, who states that the officer must be given a hearing before he can be removed from the pay roll.

LOSE HIGHWAY WEST  
BUT GET EAST ROAD

A list of the now-highways designated to be on the State Trunk Line Highway system was filed with County Clerk, Sam Church Monday, coming from A. R. Hirst, head of the State Highway Commission. The new outline shows that the proposed road thru Pittsville and on to Neillville has been abandoned as far as a trunk line is concerned, but that the road southeast to Plainfield will go on the new system. Route Thirteen between this city and Marshfield has been altered slightly, while the northern end of the county gets a new highway to Wausau by the way of Stratford. A new road on the system runs to Rudolph and then north to No. 18 near Junction City.

One of the roads which was urged by both residents of this city and by the people residing over in the western part of the county was the road to Neillville. At the meeting held here last spring when the State Maintenance Engineer appeared before the people and explained the proposed new trunk line highways, the road from Neillville over the map, and was heartily supported by several who spoke on the matter. The road would probably be of no special benefit to this city in a commercial way, but would give tourists an outlet into the Clark county country on a state highway. This country west of Pittsville, according to the people over that way who talked at the meeting, last spring, contains a number of roads and even people familiar with the country find difficulty in getting on the same road twice in succession.

Route Thirteen, between this city and Marshfield, will be changed slightly near Marshfield, complying with a request made by Major Robt. Connor, Sgt. Lamson, and other Marshfield boosters who appeared at the meeting. They asked that it be changed that it might run by the county asylum and the state experimental farm, the request being granted. Looking over the map it would appear that the route might be shortened a little by the new change, angling across one section where it formerly followed the section line.

In spite of petitions and other influence brought by people residing in the neighborhood of Bancroft, the new route from this city to Wautoma will not go thru Bancroft, but will go directly to Plainfield and then on to Wautoma, missing Almond as well as Bancroft. However, neither will be far off the new route. This road was out from this city to Koller and then south on the county line to a point near the end of the line, across the marsh and into Plainfield. The road at the present time is good from this city to Koller, and for several miles south of Koller, but will require considerable attention across the marsh to Plainfield, and again when it nears Wautoma, as there is considerable sand down there. This will give Grand Rapids people a short cut to Oshkosh and Fond du Lac and thence to Milwaukee and Chicago.

The other new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new trunk line will connect with this about two miles and a half west of Junction City. This route will go along the old road to Rudolph and instead of turning into the station, will continue north, not striking Junction City. This route provides a better road and one which can be taken care of, the other route going over considerable marsh land. The Portage county people are not very enthusiastic about this route as some of the traffic coming from the northwest over Route 18 might come down this way and then on to Fond du Lac or Oshkosh, thus avoiding Stevens Point and several other cities formerly on the Yellowstone Trail.

SUPREME JUSTICE TALKED  
AT SUNDAY EVENING CLUB

Marvin E. Rosenberry, Justice of the Supreme Court, gave a very interesting talk on "The Present Crisis: A Test of Democracy," at the Sunday Evening Club at the Congregational Church. While the crowd did not tax the capacity of the church there was a fair sized crowd to hear the Judge speak.

Tracing the history of the constitutional government Mr. Rosenberry explained and pointed out how, for many years, the common law had emphasized the individual liberty. The rights of the individual are now giving way to the rights of a community, or to the rights of the nation he stated. "We traced the growth of individual business to the form of corporate business and told how the people at large now needed protection against the powerful business organizations, combinations of which have grown to enormous proportions. Mr. Rosenberry explained how class legislation was being done away with and how the individual and class interests must continue to give way to common good.

The remedy, however, he stated, lies within the power of the people at the polls. He explained how helpless the courts were unless the people went to the polls and elected men who were honorable and stood for the good of the community. The remarkable development during and after the war, he said, has brought this country to a crisis where classes of people want to control the nation, and the only way to solve the matter is for the average American to stand for the polls and put the men who stand for higher ideals than individual interests into office.

## WILL HOLD RUMMAGE SALE

The members of the Travel Class will hold a rummage sale in the old First National Bank building opposite the Witter Hotel on Saturday, November 8th. The proceeds of the sale will go to the Armenian Relief Fund.

The members of the Travel Class will hold a rummage sale in the old First National Bank building opposite the Witter Hotel on Saturday, November 8th. The proceeds of the sale will go to the Armenian Relief Fund.

STEECHER THREW LEWIS IN  
NEW YORK MONDAY NIGHT

Joe Steecher threw Strangler Ed. Lewis, better known here as Bob Froderick, of Nekoosa, in a remarkably good exhibition of wrestling in New York Monday night. The Chicago Tribune says the following of the match.

"Joe Steecher, the western farmer boy, defeated Ed. 'Strangler' Lewis with his deadly scissors hold, at Madison Square Garden last night. The end came after 1:31 2-6 of wrestling when Steecher, after taking a lot of punishment, got a double wrist hold and a body scissors and Lewis succumbed.

"Just before the end came Lewis tried desperately to finish Steecher with a head lock. Four times in succession Lewis had Steecher close to defeat with his arm clutched about his opponent's head like a steel band.

"Steecher took this painful grueling so gamely that the crowd which packed the garden cheered him madly every time he broke free. Lewis tried himself with his persistent efforts to crush Steecher's head. It was after Lewis' last hold that Steecher wound his legs about his opponent like a grapevine. Down the two crashed to the floor. Slowly Lewis went over on his shoulder but bridged his body and put off the inevitable for a few minutes.

"Then Steecher clinched both of Lewis' wrists and stretched them as far as they would reach on either side of his body. He crushed Lewis' torso with his knees and then bore the Strangler's shoulders to the mat.

MANY WOOD CO. TEACHERS  
MARRIED THE PAST YEAR

The Wood County Educational Bulletin contains the following list of the teachers of this county who were married during the past year, which was a record for Dan Cupid. The article in the Bulletin follows:

"Never before has Cupid made such ruthless inroads on the teaching force of Wood County as in the past year. We regret losing so many of our good teachers but nevertheless extend to them heartfelt good wishes and the best of luck in their new homes. The town of Sherry has the distinction of losing a teacher from each school. Following is a list of those whom we miss this year:

Mrs. J. C. Just, Medford, Wis., nee Mabel J. Welch.  
Mrs. Dewey Parks, West Allis, Wis., nee Hazel Martin.  
Mrs. Carl Gudson, Marshfield, Wis., nee Alice Minor.  
Mrs. Ben Accola, Pittsville, Wis., nee Alva Adelle.  
Mrs. Gilbert Moll, Grand Rapids, Wis., nee Jessie Rasmussen.  
Mrs. John Dabel, Mukwonago, Wis., nee Ethel Hessler.  
Mrs. Fred Koster, Grand Rapids, nee Gertrude Giese.  
Mrs. Ray Catnam, Granton, Wis., nee Freda Knapp.  
Mrs. Robert Ogilvie, Grand Rapids, Wis., nee Nellie Hunt.  
Mrs. Ray Thomas, Sherry, Wis., nee Ida Davis.  
Mrs. Sholtout, Flint, Mich., nee Kelle Knudsen.  
Mrs. A. Kowalsky, Minneapolis, Minn., nee Josephine Roskopf.  
Mrs. Clark Gudson, Marshfield, Wis., nee Floy Miller.  
Mrs. J. Wortwurk, Milwaukee, Wis., nee Elizabeth Cherney.  
Mrs. F. Cheney, Milwaukee, Wis., nee Julia Harnack.  
Mrs. R. Gaultka, Grand Rapids, Wis., nee Agnes Knudsen.  
Mrs. L. Staven, Waukesha, Wis., nee Mabel Kluge."

PLAY STEVENS POINT  
HIGH NEXT SATURDAY

The Grand Rapids high school football squad will play the Stevens Point team on the local field next Saturday in which promises to be the most keenly fought game of the season. Stevens Point defeated Wausau last Saturday by a score of 20 to 0, and Saturday by a score of 20 to 0. Stevens Point had the stronger team. However, Grand Rapids defeated Merrill and later Merrill defeated Stevens Point, which alters the situation some. The local team showed a remarkable change in form last Saturday against Antigo and should they play the variety of football against Stevens Point that they play, the second team will play the most one first the same afternoon on the Lincoln field. The winner of the Stevens Point-Grand Rapids game should be considered a legitimate contender for the state high school championship, as both Grand Rapids and Stevens Point have won from some of the best teams in the state.

## MEAD SPOKE AT ROTARY CLUB

George W. Mead was the principal speaker at the Rotary Club luncheon Wednesday noon, when he spoke of optimism in business and outlined many of the needs in this city. Mr. Mead commended the spirit that was shown several years ago when a group of citizens decided that the river banks should be ridged of the old buildings on them, and cited the need of continuing the work. He spoke of the opportunities of development that were being left untouched and urged the men assembled to secure the help of trained engineers of the university to aid them in solving their problems. The need of a country club in this city was suggested and urged by Mr. Mead, who dwelt on the opportunity for development this would afford many of the citizens. The luncheon was held in the Masonic dining room.

## PLAN ARMISTICE CELEBRATION

The American Legion have announced that they will hold an Armistice Day Dunes and entertainment at the Armory on the evening of November 11th, when all returned soldiers and sailors will be invited to come and enjoy the affair with them, without expense. There will be musical numbers and a lunch served to make the affair attractive to the guests.

CONSOLIDATED MAY PURCHASE  
WEST SIDE BUSINESS BLOCKSNEKOOSA MERCHANT MARRIED  
CHICAGO GIRL ON SUNDAY

Miss Anna Roth, of Chicago, Ill., and J. E. Brazeau, of Nekoosa, were married in Ravenswood, a suburb of Chicago, last Sunday. Rev. D. M. Thiele of Ravenswood performed the ceremony. The bride is the daughter of Mr. Frank Roth, of Ravenswood, and while not extensively known in this city those who enjoy her acquaintance report her to be a most estimable young lady. The groom, however, has been a resident of Nekoosa for many years and is very well and favorably known. Better known as Ed. Brazeau, he has conducted the Brazeau Mercantile Co. in Nekoosa for a number of years, being proprietor of the concern. Mr. and Mrs. Brazeau are enjoying a wedding trip expecting to return to Nekoosa about the fifteenth of November to make their home there. The Tribune will unite with their many friends both in this city and in Nekoosa in wishing them complete happiness.

BUSINESS MEN WANT  
ROADS AND MARKETS

Speaking in behalf of better roads leading into Grand Rapids and for a better market for farm produce after the farmers reached this city, Dr. Don Waters and R. J. Mott, made an appeal to the members of the Rotary Club at their weekly luncheon last Wednesday noon for a betterment of these conditions.

"The roads leading into this city should be improved to a point where they would encourage the farmers in bringing their produce to this city," Dr. D. Waters, stated. He spoke especially of the Rudolph road which is in need of attention and of other roads leading into Grand Rapids.

"The subject of good roads and general marketing conditions should never be separated," R. J. Mott said, "as each one is important to the other. One cannot exist at all, unless we care for the future and see that we have a more direct system of assembling and marketing our farm produce the city of Grand Rapids will find itself isolated from any other community."

"In the west and in the south where the farm commodities are practically one crop, such as apples or cotton," Mr. Mott went on to say, "the marketing conditions are far more simple to handle than they are here, on account of the variety of products. It is impossible for us to form 'Apple' Unions' or 'Cotton Leagues,' and therefore it is up to the citizens to establish a general market where we could handle all the farm products and get the farmer a fair market food value for his product. By doing this it would naturally bring more farmers to the city, more often, and consequently this means more business and professional men of the city and will also be a benefit to the consumer."

"The general market," Mr. Mott said, "should be equipped with rest rooms for the farmers and should be a medium for giving the farmers a glad hand for the city."

It is a well known fact that farmers living comparatively close to this city do their trading at Stevens Point and other neighboring cities because those cities offer a better market for their products. Farmers who come here with a load of any sort of produce, and who find that the stores have all they want, are forced to take the load back to their homes. It only requires a few experiences of this nature to make the farmer decide to take his produce to another market, the result being that Grand Rapids loses annually thousands of dollars worth of business which should come here.

Stevens Point has more of a foreign born population than Grand Rapids, and many of these people have followed the customs of their forefathers in the old country, going directly to the market with their baskets to buy produce. Others in that city have followed their example until it is quite a common thing there for the housewives to do their shopping on the square. The idea of establishing a market, here, however, would not be so much with the idea of making it a general trading place as it would be to give the farmers in this vicinity a chance to come in and have a place where they could get rid of their produce.

## FORMER PITTSVILLE MAN DEAD

Antis Rupee, of Sandstone, Minn., who for many years resided at Pittsville, died at his home in Sandstone, last week from the result of a gunshot wound. Inflicted it is said, by himself. Mr. Rupee is the son of Mrs. Dave Rupee, of Pittsville, and has several brothers residing in that locality. The story told by the man's wife is to the effect that they had some trouble and Mr. Rupee threatened to shoot himself. His wife did not suspect that he would and told him to go ahead. He followed up his threat, however, dying from the effects of the gunshot.

## BIRORE ANKLE AT JANEVILLE

Frank Nash returned home from Janesville last week where he had suffered a broken ankle, while employed there. Mr. Nash is able to get around on crutches but will be unable to use the member for some time.

## MARSHFIELD FORMS GAS CO.

A. C. Felter, Leo Rose and John A. Kestel are named as incorporators of a new gas company organized at Marshfield, to be known as the People Gas Co. The capital stock of the new concern is placed at \$55,000.

## Geo. W. Mead, president and general manager of the Consolidated Water Power &amp; Paper Company, has secured options on the MacKinnon and Pomainville blocks on the west side of the river. On Wednesday Mr. Mead stated that if present plans were carried out the Consolidated company would buy the property and would probably tear down the buildings. The options will not run out for nearly two weeks and a definite decision will not be made on the matter until the property is purchased.

DRUMB &amp; SUTOR, Publishers

GRAND RAPIDS, WISCONSIN, NOVEMBER 6, 1919

LOCAL COAL SUPPLY GETTING  
LOW; ONLY ONE DEALER NORMALFALL SESSION OF COUNTY  
BOARD STARTS ON TUESDAY

The annual fall session of the County Board will open at the Court House next Tuesday with the Board facing some of the most important questions regarding the development of the county that have come up in some time. Among them is the question of where the concrete highway which it has been made possible to build by bonding the county will be put in. The women's clubs state that they will again petition the Board to have a visiting health nurse in Wood County, while the annual session of the different offices of the county will again be presented.

The County Highway committee, who worked in conjunction with the State Highway Commission here, will recommend that the county start their concrete work with a complete concrete road to Marshfield. The route that will probably be laid out is a road starting from the city and running northward. Vesper, on what is known as the Vesper road, and not on the Seneca Corners road. Then to start work at Vesper and at Marshfield and work on Route Thirteen, putting in concrete on this road. This will leave a road open to Marshfield by way of Pittsville and will leave a road open to Vesper by way of Seneca Corners. The following work will be carried on by the county: The road from the city to Marshfield, the road by way of Vesper then being open to travel. Or if desired the road thru Rudolph could be handled.

The women organizations which have been working on the matter of getting a county nurse here are going to urge the members of the Board to fill this office as soon as possible. They state that since the state law has passed making it compulsory for the county to employ a visiting nurse, the time to secure a nurse is immediately. Nurses will be in great demand and in order to get the best they are urging the board to take immediate action.

The general reports of the County Officials and the regular routine matters will keep the Board busy several days.

WILL NOT HAVE BRANCH  
LIBRARY IN CITY HALL

An effort by the members of the West Side Parent-Teachers association to establish a branch library in the Mayor's office at the City Hall, was defeated at the regular meeting of the Council. The members of the association, who are of the opinion that the library should be a suitable place. It is the only place the chief city official now has to meet with committees of the council and transact any other official business he might have, and it was considered that should the library be put in on the west side it would have to be located in different quarters.

Alderman O. R. Roenius, reporting for the committee to whom the matter was referred to at the last meeting, stated to the council members that the committee could make no recommendation. He explained that Mrs. Aug. Gottschalk, president of the Parent-Teachers Ass'n., had looked over the empty building on the west side of the river, finding, but one suitable place outside of the city hall, that being the basement of the Dixon Hotel, formerly occupied by the Dixon Buffet. The rent for this place was \$40 per month, and the general opinion was that the city could not afford to pay that much.

Alderman Hansen spoke in favor of locating a branch library on the west side, stating that the five hundred people who live in the west side ought to receive the library. It was explained, however, that when the petitions were circulated the understanding was that the building would go in the present city hall, and that there would be no expense to the city.

Upon the suggestion of Mayor Briere the matter was left with the committee and should any public spirited citizen wish to donate a building or should they be able to find a place where the rent was not too high, the Branch Library on the west side may still be established.

NEKOOSA GIRL MARRIED TO  
GRAND RAPIDS YOUNG MAN

Miss Ida Kroll of Nekoosa and Mr. John Pataska of this city were married last Saturday morning at the home of the bride's sister, Mrs. Robt. Stevert, Rev. Paulweit, of this city performing the ceremony. The young couple were attended by Mr. and Mrs. Rudolph Rehman, as bridesmaid and groomsmen. The bride made a very nice appearance. The bride and groom were both in the blue serge traveling suit, the bride also being becomely gowned in the Copenhagen blue suit. At the wedding ceremony the party enjoyed a wedding dinner at the home of the bride's sister, Mrs. Robt. Stevert, where a number of friends had gathered and where a most enjoyable time was experienced. The bride is well known in this city and Nekoosa, having made her home in the latter place for a number of years but having more recently been employed here in Grand Rapids. She is the daughter of Mr. and Mrs. August Kroll and a most estimable young lady. The groom is the son of Mr. and Mrs. Paul Pataska, and is well and favorably known as a young man. He has been employed here in the past but now holds a position in the Mitchell automobile plant in Milwaukee. Mr. and Mrs. Pataska will make their future home in the Cream City, taking with them the congratulations and best wishes of a host of friends here.

## WILL HOLD CLASSES

Mrs. I. P. Witter, state treasurer of the Wisconsin Woman Suffrage Ass'n., has returned from the State Convention where an eastern woman gave a series of lectures on citizenship. Mrs. Witter states that the local association will conduct a similar series here, and that some state speakers will be secured. The State association, Mrs. Witter states, will resolve itself into the League of Women Voters.

COUNCIL DISCUSSES  
NEW IMPROVEMENTS

The prospects of the city linking up many of their paved streets next year, the fact that a Public Comfort Station will have to be erected, the possibility of purchasing a stone crusher for city paving work and the matter of observing the dimming law, were all matters of interesting discussion at the City Council meeting Tuesday evening.

Frank Brown was appointed as a member of the Police and Fire Commission to fill the vacancy caused by the resignation of Earl M. Pease, while F. L. Steil is the new member of the Electric and Water Commission. The appointments were made by Mayor Briere and received the unanimous vote of the council men.

When asked what had happened to the proposition of building a public comfort station Mayor C. E. Briere explained to the councilmen that the state had passed a law requiring each city to have a public comfort station. In case the city fails to do this the State Board of Health may go ahead with the work and charge the expense to the city.

Estimates were asked for by different members of the council for the cost of paving First street north from the Library to the Biron paves and for continuing the paving on Third avenue south to the city limits. This indicates that some of the paving on roads leading into this city will be linked up with the city payments, making a continuous stretch of good road into town. Both of the roads brought up are in need of paving the south side road is an 'a' state trunk line, and has been especially rough during the past year.

Stating that the city bought their street this winter they might find it impossible to get any for the paving work next summer, Engineer Thompson spoke to the city fathers on the rock question. The stone from Lohrville, he stated, will advance fifteen cents a cubic yard next month, while another raise is expected the first of next year. The demand has become so heavy that the quarry cannot supply the work. Engineer Thompson explained that with the additional county work this year there would be an unusual demand for rock. The committee which had the matter of crushing some of the Wisconsin granite under consideration reported to the council that they had not been able to complete their report as yet. The city may determine to purchase a crusher and not depend on the quarries for their stone.

The City Engineer went on to say that the city paving had been installed in this city this year at a considerable saving, altho the completion of his work was not yet complete. The city has been put in in the west side has been put in for considerably less than \$1.75 per yard, he stated, and on the east side for considerably less than \$1.80. When he wanted the city to put in the paving themselves last spring Mr. Thompson guaranteed that he would save them money, and according to his statement Tuesday evening he has lived up to his guarantee.

The city seal of Weights and Measures had his pay advanced from \$60 to \$75 per month and received favorable comments on his work from the different aldermen. Alderman Roenius asked in the city dim the city seal of Weights and Measures of the Railroad commission and would be ready by the first of the year, it was expected. The Grand Rapids Federation of Labor filed a petition asking that the city buy the G. A. R. property but that it be for no other military purpose outside the G. A. R. The committee having this matter in their charge made no report.

CONSOLIDATED EMPLOYEES  
HAD EXCELLENT PROGRAM

The employees of the Consolidated Water Power & Paper Co. in this city and Biron entertained about thirteen hundred employees and their families at Daly's Theatre last Sunday afternoon and evening with a program, which had been prepared by different individuals. The company was assisted by the assistance of an outside artist.

A. Kroes, of Milwaukee, was the outside entertainer, showing many of his drawings on the screen and proving to be very amusing to the audience. He talked with the pictures and emphasized the fact that there is nothing mysterious about the Safety First movement in these manufacturing organizations, but that it is for the mutual benefit of the company and the men.

The Consolidated Band rendered several spirited marches and under the direction of Dan Ellis, made a very good impression. Charles Parker entertained with a clarinet solo which was very good. He was accompanied by Miss Bernice Eggert on the piano. The band then explained to the men that about 95 per cent of Consolidated employees are members of the E. B. A., their insurance organization, and told of the benefits of belonging. Edw. Lipke followed with a talk on the attitude organized labor took toward the Safety First movement. He urged the men to be careful in their work and to carry out the safety methods.

The Standard Oil Company have started the work of fixing up the grounds around their service station, putting in sod and shrubbery on the vacant space.

Walter Wood, Steve Miller, Earl Hill and Eldred MacDonald drove to Madison Saturday to attend the football game.

BROUGHT INTO COURT FOR  
PUTTING REFUSE IN ROAD

Mrs. Augusta Passer, of Arpin, was brought into Judge Pomannville's court on Friday of last week to defend an action brought against her by Fred Erdmann, of the same community. Mr. Erdmann asked \$100 damages from Mrs. Passer, charging that she had thrown potatoes, tomatoes, coffee grounds, and other refuse into the road which made it a nuisance and almost impassable.

The story the parties to the action told in court was to the effect that Erdmann had bought the land from the Passer family some time ago, later selling Mrs. Passer a small strip on the corner of his holdings, on which she lived in a small house. He retained the right to use a road thru the land, which ran immediately past Mrs. Passer's house. The testimony showed that the women had been in the habit of throwing her dish water and other refuse in the roadway, keeping a continual mud puddle there, making it disagreeable for the complainant.

After listening to the case Judge Pomannville awarded the complainant, Mr. Erdmann, \$3 damages, the damages and the costs of the case amounting to a total of \$42.

PEOPLE RESPOND TO  
RED CROSS APPEAL

The people of Grand Rapids and the people of the southern part of Wood county have responded very nicely to the appeal made by the Red Cross in their annual campaign for raising money for the Red Cross. The people of the county have been very generous in their contributions, and the campaign has been a success.

The people in general have become thoroughly familiar with the remarkable work done by the Red Cross, and have been better equipped with the map it would appear that the route might be shortened a little by the new change, angling across one section where it formerly followed the section line.

In spite of petitions and other influence brought by people residing in the neighborhood of Bancroft, the new route from this city to Wautoma will not go thru Bancroft, but will go directly to Plainfield and then on to Wautoma, missing Almond as well as Bancroft. However, neither will be far off the new route. The road will come from this city to Kellner and then south on the county line to a point near the end of the line, across the marsh and into Plainfield. The road at the present time is good from this city to Kellner and for several miles south of Kellner, but will require considerable attention across the marsh to Plainfield, and again when it goes south from Plainfield to Wautoma.

The new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City.

The new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City.

The new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City.

The new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City.

The new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City.

LOSE HIGHWAY WEST  
BUT GET EAST ROAD

A list of the new highways designated to be on the State Trunk Line Highway system was filed with County Clerk, Sam Church Monday, coming from A. R. Hirst, head of the State Highway Commission.

The outline shows that the proposed road thru Pittsville and on to Neillsville has been abandoned as far as a trunk line is concerned, but that the road southeast to Plainfield will go on the new system. Route Thirteen between this city and Marshfield has been altered slightly, while the northern end of the county goes to a new highway to Wausau by the way of Stratford. A new road on the system runs to Rudolph and then north to No. 18 near Junction City.

One of the roads which was urged by both residents of this city and by the people residing over in the western part of the county was the road to Neillsville. At the meeting held here last spring when the State Maintenance Engineer, appearing by the way of Stratford, presented the proposed new trunk line highways, the road to Neillsville was on the list of roads thru this part of the state, and was heartily supported by several who spoke on the matter. The road would probably be of no special benefit to this city in a commercial way, but would give tourists an outlet into the Clark county country on a state highway.

Neillsville, according to the people over that way who talked at the meeting last spring, contains a number of roads and even people familiar with the country find difficulty in getting on the same road twice in succession.

Route Thirteen, between this city and Marshfield, will be changed slightly near Marshfield, complying with the request of Major Robt. Connor, Sec. Lamson, and other Marshfield boosters who appeared at the meeting. They asked that it be changed that it might run by the county asylum and the state experimental farm, this request being complied with. Looking over the map it would appear that the route might be shortened a little by the new change, angling across one section where it formerly followed the section line.

In spite of petitions and other influence brought by people residing in the neighborhood of Bancroft, the new route from this city to Wautoma will not go thru Bancroft, but will go directly to Plainfield and then on to Wautoma, missing Almond as well as Bancroft. However, neither will be far off the new route. The road will come from this city to Kellner and then south on the county line to a point near the end of the line, across the marsh and into Plainfield. The road at the present time is good from this city to Kellner and for several miles south of Kellner, but will require considerable attention across the marsh to Plainfield, and again when it goes south from Plainfield to Wautoma.

The new road on the route is the trunk line from this city to Rudolph and then north to Highway 18, near Junction City. Highway 18 is the road from Marshfield to Stevens Point and the new route will come from this city to Rudolph and then north to Highway 18, near Junction City.

STECHER THREW LEWIS IN  
NEW YORK MONDAY NIGHT

Joe Stecher threw Strangler Ed Lewis, better known here as Ed. Frederick, off a dock in a remarkably good exhibition of wrestling in New York Monday night. The Chicago Tribune says the following of the match:

"Joe Stecher, the western farmer boy, defeated Ed 'Strangler' Lewis with his deadly scissors hold at Madison Square Garden last night. The end came after 1:31 of wrestling when Stecher after taking a lot of punishment, got a double wrist hold and a body scissors and Lewis succumbed.

"Just before the end came Lewis tried desperately to finish Stecher with a head hold. Four times in succession, Lewis had Stecher close to defeat with his arm clutched about his opponent's head like a steel bar.

"Then Stecher clinched both of Lewis' wrists and stretched them as far as they would reach on either side of his body. He crushed Lewis' torso with his knees and then bore the Strangler's shoulders to the mat.

MANY WOOD CO. TEACHERS  
MARRIED THE PAST YEAR

The Wood County Educational Bulletin contains the following list of the teachers of this county who were married during the past year, which sets a record for Dan Cupid. The article in the Bulletin follows:

"Never before has Cupid made such ruthless inroads on the teaching force of Wood County as in the past year. We regret losing so many of our good teachers, so many of our good citizens, so many of our good friends, so many of our good wishes and the best of luck in their new homes. The town of Sherry has the distinction of losing a teacher from each school. Following is a list of those whom we miss this year:

Mrs. J. G. Just, Medford, Wis.  
Mrs. Mabel J. Winch.  
Mrs. Dewey Parks, West Allis, Wis.  
Mrs. Hazel Martin, West Allis, Wis.  
Mrs. Gail Gudson, Marshfield, Wis.  
Mrs. Alice Miner.

Mrs. Ben Accola, Pittsville, Wis.  
Mrs. Alva Adella.  
Mrs. Gilbert Moll, Grand Rapids, Wis.  
Mrs. Jessie Rasmussen.  
Mrs. John Dabel, Mukwonago, Wis.  
Mrs. Ethel Hessler.

Mrs. Fred Kester, Grand Rapids, Wis.  
Mrs. Gertrude Giese.  
Mrs. Mary Cantand, Granton, Wis.  
Mrs. Freda Knapp.  
Mrs. Robert Ogilvie, Grand Rapids, Wis.  
Mrs. Nellie Hunt.

Mrs. Ray Thomas, Sherry, Wis.  
Mrs. Ida Davis.  
Mrs. Shelfout, Flint, Mich.  
Mrs. Idelle Knudsen.

Mrs. A. Kowalech, Minneapolis, Minn.  
Mrs. Josephine Rospeck.  
Mrs. Clark Gudson, Marshfield, Wis.  
Mrs. Elsie Miner.

Mrs. J. Worubra, Milladore, Wis.  
Mrs. Elizabeth Cherney.  
Mrs. F. Chreny, Milladore, Wis.  
Mrs. Julia Harnack.

Mrs. R. Gault, Grand Rapids, Wis.  
Mrs. Agnes Knudsen.  
Mrs. R. Staven, Waukesha, Wis.  
Mrs. Mabel Kluge."

PLAY STEVENS POINT  
HIGH NEXT SATURDAY

The Grand Rapids high school football squad play the Stevens Point team on the local field next Saturday in which promises to be the most keenly fought game of the season. Stevens Point defeated Wausau last Saturday by a score of 20 to 0, and the Stevens Point-Grand Rapids game should indicate that Stevens Point had the stronger team. However, Grand Rapids defeated Merrill and later Merrill defeated Stevens Point, which alters the situation some. The local team showed a remarkable change in form last Saturday against Antigo and should they play the variety of football against Stevens Point they should win. The second game will play the Mosi team first the same afternoon on the Lincoln field. The winner of the Stevens Point-Grand Rapids game should be considered a legitimate contender for the state high school championship, as both Grand Rapids and Stevens Point have won from some of the best teams in the state.

## MEAD SPOKE AT ROTARY CLUB

George W. Mead was the principal speaker at the Rotary Club luncheon Wednesday noon, when he spoke of optimism in business and outlined many of the needs in this city. Mr. Mead commended the spirit that was shown several years ago when a group of citizens decided that the river banks should be ridged of the need of continuing the work. He spoke of the opportunities of development that were being left undeveloped and urged the men assembled to secure the help of trained engineers of the university to aid them in solving their problems. In this need of a country club, Mr. Mead was suggested and urged by Mr. Mead, who dwelt on the opportunity for development this would afford many of the citizens. The luncheon was held in the Masonic dining room.

## PLAN ARMISTICE CELEBRATION

The American Legion have announced that they will hold an Armistice Day Dance and entertainment at the Armory on the evening of November 11th, when all returned soldiers and sailors will be invited to come and enjoy the affair with them, without expense. There will be musical numbers and a lunch served to make the affair attractive to the guests.

## WILL HOLD RUMMAGE SALE

The members of the Travel Class will hold a rummage sale in the old First National Bank building opposite the Witter Hotel on Saturday, November 8th. The proceeds of the sale will go to the Armenian Relief Fund.

## BROKE ANKLE AT JANEVILLE

Frank Nash returned home from Janesville last week where he had suffered a broken ankle, while employed there. Mr. Nash was able to get around on crutches but will be unable to use the member for some time.

## MARSHFIELD FORMS GAS CO.

A. G. Felker, Leo Rose and John A. Kestel are named as incorporators of a new gas company organized at Marshfield, to be known as the Peoria Gas Co. The capital stock of the new concern is placed at \$65,000.

CONSOLIDATED MAY PURCHASE  
WEST SIDE BUSINESS BLOCKSNEKOOSA MERCHANT MARRIED  
CHICAGO GIRL ON SUNDAY

Miss Anna Roth, of Chicago, Ill., and J. E. Brazeau, of Nekoosa, were married in Ravenswood, a suburb of Chicago, last Sunday. Rev. D. M. Thiele of Ravenswood performed the ceremony. The bride is the daughter of Mr. Frank Roth, of Ravenswood, and while not extensively known in this city who enjoy her acquaintance report her to be a most estimable young lady. The groom, however, has been a resident of Nekoosa for many years and is very well and favorably known. Better known as Ed. Brazeau, he has conducted the Brazeau Mercantile Co. in Nekoosa for a number of years, being proprietor of the concern. Mr. and Mrs. Brazeau are enjoying a wedding trip expecting to return to Nekoosa about the fifteenth of November to make their home there. The Tribune will unite with their many friends both in this city and in Nekoosa in wishing them complete happiness.

BUSINESS MEN WANT  
ROADS AND MARKETS

Speaking in behalf of better roads leading into Grand Rapids and for a better market for farm produce after the farmers reached this city, Dr. Don Waters and R. J. Mott, made an appeal to the members of the Rotary Club at their weekly luncheon last Wednesday noon for a betterment of these conditions.

"The roads leading into this city should be improved to a point where they would encourage the farmers in bringing their products to this city," Dr. D. Waters, stated. He spoke especially of the Rudolph road which is in need of attention and of other roads leading into Grand Rapids.

"The subject of good roads and general marketing conditions should never be separated," R. J. Mott said. "As each one is important to the other. Our existence is at stake and unless we care for the future and see that we have a more direct system of assembling and marketing our farm products of the city of Grand Rapids we will find itself isolated from any other community."

"In the west and in the south where the farm commodities are practically one crop, such as apples or cotton," Mr. Mott went on to say, "the marketing conditions are far more simple to handle than they are here, on account of the variety of products. It is impossible for us to have 'Apple Unions' or 'Cotton Leagues,' and therefore it is up to the citizens to establish a general market where we could handle all the farm products and get the farmer a fair market food value for his product. By doing this it would naturally bring more farmers to the city, more often, and consequently this means more business and professional men of the city and will also be a benefit to the consumer."

"The general market," Mr. Mott said, "should be equipped with rest rooms for the farmers, and should be a medium for giving the farmers a glad hand for the city."

It is a well known fact that farmers living comparatively close to this city do their trading at Stevens Point and other neighboring cities because of those cities offering a better market for their products. Farmers who come here with a load of any sort of produce, and who find that the stores have all they want, are forced to take the load back to their homes. It only requires a few experiences of this nature to make the farmer decide to take his produce to another market, the result being that Grand Rapids loses an annual thousands of dollars worth of business which should come here.

Stevens Point has more of a fortune born population than Grand Rapids, and many of these people have followed the customs of their forefathers in the old country, going directly to the market with their baskets to buy produce. Others in that city have followed their example there for the housewives to do their shopping

# UNION HAS PROTEST AGAINST CO. GUARDS

Stating that the guards employed by the Nekoosa-Paper Co. were employed in violation of the state law, and that they have created disturbances down there, the Grand Rapids Federation of Labor has forwarded the following petition to District Attorney, Frank W. Calkins:

"Whereas, Gunmen or guards are employed by the Nekoosa-Paper Co. contrary to the Wisconsin statutes, which provides that police officers shall be citizens of Wisconsin, responsible persons, and,

"Whereas, The gunmen and guards employed by the Nekoosa-Paper Co. have created and continue to create acts of violence against the workers on strike at the above mentioned plants, therefore be it

Resolved, That the Grand Rapids Federation of Labor demand action of the District Attorney of Wood County to investigate this matter and to prosecute any violations of the law."

However, the matter was taken up by the District Attorney some time ago, a considerable amount of testimony having been taken at different times and it being his intention to complete the case as soon as possible. In addition to this, it seems that the action is not a criminal action to be pressed by the District Attorney, and that had the Village Presidents appointed special officers or guards from men not residents of the state there would be no penalty for the act. According to the District Attorney the Special Officers would have no power of arrest, and should they have arrested anyone the person might bring a civil action for false imprisonment. Civil actions might result from even from one arrest, however, civil actions are not pressed by the district attorney.

**WELL KNOWN MEEHAN GIRL WAS MARRIED IN CHICAGO**

At the paragonage of the Methodist church in Chicago on October 15th, occurred the marriage of Miss Jennie Fox of Meehan to Otto Seeman, of Chicago. Rev. Fleming officiated. The bride is a daughter of Mr. and Mrs. B. S. Fox, well known residents of Meehan. She was born and raised at Meehan and was one of the popular young ladies of that community. The groom is a son of Otto Seeman, a former resident of the town of Grand Rapids. The family moved to Indiana some years ago. The groom recently returned from four months service in France. The young couple will make their home in Chicago, where the groom operates a transfer line. They have the best wishes of their many friends for complete happiness.

# KELLNER YOUNG COUPLE MARRIED ON WEDNESDAY

Miss Eleanor McKinnon and Carl F. Knoll, both of Kellner, were married last Wednesday afternoon at 1:30 at the Kellner Lutheran church, Rev. S. Radtke, of that congregation officiating.

Misses Theresa Buss and Julia Radtke were the bridesmaids while Edward Knoll and George McKinnon were the groomsmen. The bride was very prettily gowned in white georgette and satin, carrying a shower bouquet of tea roses. The bridesmaids made a very attractive appearance in white silk gowns. Following the ceremony the wedding party enjoyed a supper at the home of the brides parents, following which a social evening was spent, music and games making the occasion a memorable one. The home had been very nicely decorated with ferns and flowers, adding to the beauty and attractiveness of the affair.

The bride is one of the well known young ladies of Kellner and also of this city, having been employed here for some time past. She is the daughter of Mr. and Mrs. C. W. McKinnon. The groom recently returned from France, where he spent two years in active service with the A. E. F. He is a son of Mr. and Mrs. Albert Knoll of the town of Grand Rapids, an industrious and promising young man. The newly weds will make their future home at Kellner, settling down with the best wishes of the Tribune and their many friends, both in this city and in the community in which they reside.

**NEKOOSA YOUNG PEOPLE WERE MARRIED MONDAY**

Miss Ella Gustlin and Thomas Blackburn, both well known young people of Nekoosa, were married in the paragonage of the Nekoosa Congregational Church on Monday, Rev. O'Neill of that village performing the ceremony.

The wedding ceremony took on the aspect of quite a military affair, the groom and his best man both being recently discharged from the military service and both wore the uniform of the United States army. The young couple were attended by Miss Ella Gustlin, as bridesmaid, while the best man was Richard S. Blackburn. The bride made a very attractive appearance in brown velvet trimmed with fur while the bridesmaid was very prettily attired in a gown of red silk. Following the ceremony the wedding party enjoyed a dinner at the home of the bride's parents, where their friends gathered and made the occasion a pleasant and memorable one.

The bride is the daughter of Mr. and Mrs. Geo. Gustlin of Nekoosa, and is a well and favorably known young lady of that village. The groom is the son of Thomas Blackburn, an ambitious young man of good habits who has every prospect of a brilliant future.

The young couple will make their home at Nekoosa where they start their wedded life with congratulations and best wishes from the Tribune and a host of friends in this city and their home village.

# GRAND RAPIDS HIGHS BEAT ANTIGO TEAM

(By William "Doudie" Doudie)

Driving play after play thru the Antigo line for steady gains, circling the ends and shooting the ball over the line for several clean cut forward passes, the Grand Rapids highs defeated the Antigo highs on the Lincoln school grounds last Saturday afternoon. The score was 45 to 7. Showing a remarkable change of form over some of the recent games, Coach Miller's squad put up a brand of football that simply took the upstarters off their feet. The Antigo team, which was heavier than that of the locals, lacked the pep which won the game for Grand Rapids.

Roy Meunier, quarterback, was disabled in the first quarter, but Vendome Tieknor, who took his place pushed the team to victory with well managed plays, including seven touch downs.

Antigo's lone score came in the second quarter. In the third period also the visitors came near the goal, but lost the ball on the fourth and last down. The piskin came into the Rapids' possession, and before the quarter was ended the squad had carried it the full length of the field for another six points.

In the final quarter Darrell Mathews made an end run netting a gain of forty-five yards. Mathews had been practicing with the team only a week.

The several touchdowns were made by Millenbah, Loren Mathews, Tieknor and Brandt.

The victory over Antigo gives promise of the Wisconsin Valley championship which has not been held by Grand Rapids for several years. If the locals can win over Stevens Point Saturday of this week, first position is assured. Most likely will play the second team here on that day, also.

Tickets for two hundred Stevens Point fans have been reserved, and it is expected that another hundred will be sold on that day of the game to others from the upper city. A special train will be engaged to carry the Pointers here, it is understood. Unless the students and townspeople of Grand Rapids make better showing on the field this week than they did last, our city will be outclassed as to cheering.

Mrs. Harry Nelson, 111 9th St. N. will entertain the ladies aid society of the Scandinavian Moravian church this (Thursday) evening. Members are asked to bring their families and friends as there is to be a special parcel sale.

# LOCAL ITEMS

Meet me at the dance, at Rapids Friday, Nov. 7th.

T. P. Peerenboom spent Wednesday in Marshfield on business.

Supl. E. C. Doudna is in Milwaukee attending the Teachers Convention.

Wm. Marling attended the Wisconsin-Minnesota game in Madison Saturday.

Mr. and Mrs. W. A. Sprise are in Milwaukee this week attending the teacher's convention.

Malcolm F. Johnson left Wednesday for Milwaukee where he will spend a few days on business.

R. MacKinnon went down to Madison Friday evening to attend the football game there Saturday.

Mrs. W. J. Kellogg returned Wednesday from a trip to Tomahawk where she spent a couple of days.

The Misses Johnson of 558 2nd St. S. will entertain the Willing Workers Society on Friday evening, Nov. 7th.

—Complete line of sample petticoats in silk and cotton at 25¢ off Friday and Saturday, Ready-to-Wear Parlors.

Mr. and Mrs. Theo. W. Brazeau and Mr. and Mrs. D. R. Mead drove to Madison Saturday to attend the football game.

Miss Maurine Dutcher left Tuesday for Baraboo where she will attend the wedding of her cousin, Gracea Dutcher.

Captain R. M. Gibson expects to leave today for Minneapolis where he will attend the Convention of the National Legion.

Julius Nelson returned the past week from Minnesota where he has been employed on a dredge for the Road Construction Co.

Herman Smith has returned from Minnesota where he spent several months erecting some buildings on his son in laws farm.

Mrs. Mose Marcoux departed on Tuesday for Waukesha where she will enter a sanitarium and take treatments for rheumatism.

Mr. and Mrs. W. F. Kellogg and son, James, and Mrs. Norman Frisbee, drove to Madison Saturday where they attended the Wisconsin-Minnesota football game.

Marshall Field Times—D. P. O. Elks at the present time are planning on holding a big initiation the last week in November at which time it is planned to put through about 25 new candidates. It is also probable that this order will soon build a temporary 12x20 card room adjoining the present club quarters on the corner of Maple and Second streets..

**ROTARIANS WILL DANCE**

The members of the Rotary Club have announced a dinner and dance for the members of the club and their guests, each member being permitted to invite one guest. The committee have not announced where they will hold the dance and dinner as yet.

# PINDS CONDITIONS GOOD AT JANESVILLE PLANTS

Janesville, Wis., Nov. 5, 1919

Grand Rapids Tribune, Grand Rapids, Wis.

Dear Sir:—I will write you these few lines as it might be of some interest to the boys in Grand Rapids. Many of my friends asked me to write. I will not be able to write all so, I will write it to your paper so they can all see it.

I was very much surprised when I got here to find how the conditions were as I had heard so many false stories about this place, but it is not true. The board is as good as can be expected and we have a fine place to sleep. The barracks are steam heated, the beds are clean in every way. Many of the men are moving here, but as yet houses are scarce here. The company is building many houses here and the people can buy them on easy terms.

The foremen here say that the Grand Rapids men are the best men they can get to work. Mr. Rudelg says that he is going to Grand Rapids and hire men as long as he can get one man.

Yours truly,  
 Emil Peterson.

# BESSIE LIPATZ, OF THE TOWN OF SARATOGA AND PAUL GUMZ, OF AVOCA, WIS., WERE MARRIED WEDNESDAY AFTERNOON AT 3 O'CLOCK; JUDGE W. H. GETTS PERFORMING THE CEREMONY.

They were attended by Miss Harriet Matthews of Saratoga, as bridesmaid, while Victor Lipatiz, a brother of the bride was the best man. The bride was very prettily dressed in a brown broadcloth suit. Following the ceremony the wedding party went to the home of the bride's parents in Saratoga, where they entertained their friends at a party and dance. The bride is a daughter of Mr. and Mrs. Jacob Lipatiz and holds the distinction of being the first woman cow tester in America. She has made quite a record in the dairy work and has many friends in the settlement south of this city. The groom is a well known young farmer of Avoca. The couple will make their future home at Avoca where they go with the best wishes of their many friends.

Meet me at the dance at Rapids Friday, Nov. 7th.

# CHURCH NOTICES

# MINERS REFUSE TO YIELD; U. S. READY TO BREAK STRIKE

Union Officials in Secret Session Disregard Wilson's Plea.

QUIT FRIDAY AT MIDNIGHT

(High Executive Council Decides That Walkout Cannot Be Avoided Now—Government Moves to Prevent a Coal Famine.)

Indianapolis, Oct. 30.—The high executive council of the United Mine Workers of America in session here refused to rescind the strike call for Friday at midnight, despite the warning of the president and the nation's imperative need of fuel.

A canvass of the entire situation shows that a strike of bituminous miners cannot be avoided, was the way the formal message from the council to the public put it.

In a statement issued after a two-hour secret session between the members of the international executive committee, the representatives of the district organizations, and the general committee on wage disputes, the door was left open, however, for further federal mediation.

Wilson Warning "Unofficial."

The special sentence read: "No communication was received by the industrial officers of the United Mine Workers of America from either the president or any other representative of the federal government."

Later in the statement the miners' representatives assert that "they will respond at any time to a call for a meeting (between themselves and the operators) and will themselves endeavor to work out an agreement upon a fair and equitable basis."

But that the mere fact that a meeting is called will not serve to annul the strike order, as the president requested, is made plain in the next sentence: "Such an agreement alone will put the miners in operation and guarantee the nation an adequate supply of coal."

Change Made in Ultimatum.

This sentence was amended by the strike council after a draft of the statement was submitted by a special committee. As originally written, it said "such action" alone would preclude a strike.

According to Ellis Squires, editor of the "United Mine Workers' Journal," whom the strike council appointed to meet representatives of the press, the change was made so that the public thoroughly would understand the situation.

In its first form, he explained, "the statement might have been construed to mean that such action rendered to the first part of the preceding sentence (the call for the meeting) rather than to the last (the reaching of a settlement), as was intended."

Defy to President Unanimous.

"That the council was of divided mind only respecting the precise language in which the president's proposition should be rejected, was indicated by Mr. Squires' statement that nothing except that one word was discussed at the conference. Adoption in its final form, he added, had been unanimous.

The district presidents, members of the wage committee, and other leaders, who returned to their homes, but conferred with the executive committee and John L. Lewis, international president, and William Green, international secretary-treasurer, will remain in Indianapolis. It was there they expected word from Washington.

That there is virtually no hope of averting some sort of a strike, was made plain by several of the conferees.

"The statement of the United Mine Workers, composed of members of the international executive board, the state committee of the central competitive district and the district president, United Mine Workers of America, gave most profound attention to the statement of the president of the United States, which appeared in the public press recently, relative to the impending strike of bituminous miners, set for November 1.

"No communication was received by the international officers of the United Mine Workers of America from either the president or any other representative of the federal government."

"The canvass of the entire situation shows that a strike of bituminous miners cannot be avoided.

"A regularly constituted convention of representatives of the United Mine Workers, held at Cleveland, O., on September 25, ordered a general strike of bituminous miners to become effective November 1. In the event a wage settlement was not negotiated before that time.

"The highest authority in the organization has acted in this matter, and no representatives of the organization have authority to set such action aside.

"The facts are that the same supervening authority which ordered the pending strike is the same as that which approved the contract which has now expired.

"The responsibility for the strike rests with the coal operators. They have refused to negotiate a wage

agreement, notwithstanding the fact that the mine workers' representatives have urged and beseeched them to do so. The fundamental cause which prompted the mine workers to take this drastic action are deep-seated.

"For two years their wages have remained stationary. They appealed one year ago to the federal fuel administrator, Doctor Garfield, and from him to the president of the United States, for an increase in wages sufficient to meet the increased cost of necessities of life.

"Their appeal was rejected and their request refused. Notwithstanding this, they continued mining coal until now their contract expires, when they are determined that their grievances must be adjusted in a reasonably satisfactory manner.

"The courts have held that the workmen have a right to strike and may quit work, either singly or collectively, for the purpose of redressing grievances and righting wrongs. The Constitution and guarantees of this free government give men the right to work or quit work, individually or collectively.

"The mine workers, therefore, are only exercising the right guaranteed by the Constitution, and which cannot be taken away by the representatives of government when they quit work or when they refuse to work until their grievances are adjusted.

"The mine workers' representatives are ready, willing and anxious to meet the coal operators for the purpose of negotiating an agreement and bringing about a settlement of the present unhappy situation.

"They will respond at any time to a call for such a meeting and will honestly endeavor to work out a wage agreement upon a fair and equitable basis, which agreement alone will put the mines in operation and guarantee the nation an adequate supply of coal.

"We assert that the mine workers have no other purpose in view—other than to secure a working wage agreement. All of their demands are in accordance with the wage proposal submitted to the coal operators, and each and all are subject to negotiation.

"Conscious of the grave responsibility resting upon the representatives of the coal miners, we have no alternative than to carry out the instructions of the United Mine Workers' convention.

"The issue has been made, and if it must be settled upon the field of industry, let the responsibility rest upon the coal miners, and let them stand squarely upon the coal barons alone."

Act Quickly at Washington.

Washington, Oct. 30.—Apprehensive of the determination of the miners to strike in defiance of the president, the administration moved swiftly with its plans to deal with a situation fraught with the possibilities, not only of a fuel famine, but of war between the government and organized labor.

While members of the cabinet and other officials were in conference, the president's message to the miners to meet at any time to a call for a meeting (between themselves and the operators) and will themselves endeavor to work out an agreement upon a fair and equitable basis, was issued.

"In its first form," he explained, "the statement might have been construed to mean that such action rendered to the first part of the preceding sentence (the call for the meeting) rather than to the last (the reaching of a settlement), as was intended."

Defy to President Unanimous.

"That the council was of divided mind only respecting the precise language in which the president's proposition should be rejected, was indicated by Mr. Squires' statement that nothing except that one word was discussed at the conference. Adoption in its final form, he added, had been unanimous.

The district presidents, members of the wage committee, and other leaders, who returned to their homes, but conferred with the executive committee and John L. Lewis, international president, and William Green, international secretary-treasurer, will remain in Indianapolis. It was there they expected word from Washington.

That there is virtually no hope of averting some sort of a strike, was made plain by several of the conferees.

"The statement of the United Mine Workers, composed of members of the international executive board, the state committee of the central competitive district and the district president, United Mine Workers of America, gave most profound attention to the statement of the president of the United States, which appeared in the public press recently, relative to the impending strike of bituminous miners, set for November 1.

"No communication was received by the international officers of the United Mine Workers of America from either the president or any other representative of the federal government."

"The canvass of the entire situation shows that a strike of bituminous miners cannot be avoided.

"A regularly constituted convention of representatives of the United Mine Workers, held at Cleveland, O., on September 25, ordered a general strike of bituminous miners to become effective November 1. In the event a wage settlement was not negotiated before that time.

"The highest authority in the organization has acted in this matter, and no representatives of the organization have authority to set such action aside.

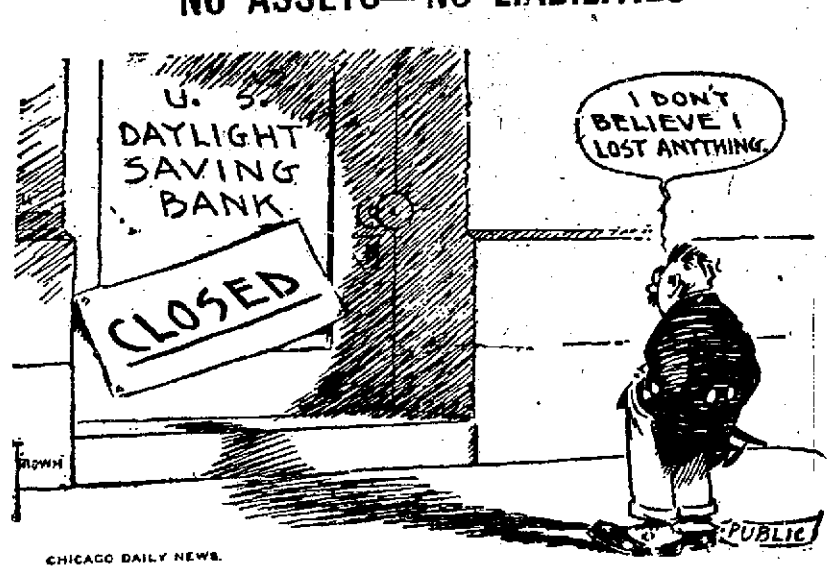

"The facts are that the same supervening authority which ordered the pending strike is the same as that which approved the contract which has now expired.

"The responsibility for the strike rests with the coal operators. They have refused to negotiate a wage

agreement, notwithstanding the fact that the mine workers' representatives have urged and beseeched them to do so. The fundamental cause which prompted the mine workers to take this drastic action are deep-seated.

"For two years their wages have remained stationary. They appealed one year ago to the federal fuel administrator, Doctor Garfield, and from him to the president of the United States, for an increase in wages sufficient to meet the increased cost of necessities of life.

"Their appeal was rejected and their request refused. Notwithstanding this, they continued mining coal until now their contract expires, when they are determined that their grievances must be adjusted in a reasonably satisfactory manner.

## SUSPEND OHIO MAYOR 15 DIE ON LAKE SHIP

EXECUTIVE OF CANTON CHARGED WITH INEFFICIENCY.

More Workers Return—Probability That Troops Will Be Called From Akron Grows Less.

Columbus, O., Oct. 28.—Governor Cox suspended Charles E. Poorman of Canton for alleged inefficiency in handling steel strike riots and appealed to a committee of business men to support Vice Mayor Schrantz.

Need for state troops now mobilized at Akron, only twenty miles distant, to take charge of the steel strike situation here, which last week resulted in many riots in which workmen were injured, was said to be decreasing.

No disturbances occurred during the changing of shifts at the plants. Col. John M. Bingham and Maj. Walter Van Gieson, personal representatives of Governor Cox, made a tour of the strike zones. They reported everything quiet and said they would make a report to the governor.

The governor's representatives stated that local authorities now appeared to have the situation tolerably well in hand and that state troops probably will not be needed unless the situation grows much worse than they found it.

Workmen in considerable numbers were seen entering the plants of both the United Alloy Steel corporation and the Federal Steel Mill company. The fact that strikers on duty did not attempt to halt the men and appeared to be content in ascertaining the number of workmen entering. There was no disorder last night.

Act Quickly at Washington.

Washington, Oct. 30.—Apprehensive of the determination of the miners to strike in defiance of the president, the administration moved swiftly with its plans to deal with a situation fraught with the possibilities, not only of a fuel famine, but of war between the government and organized labor.

The Constitution and guarantees of this free government give men the right to work or quit work, individually or collectively.

## RAIDS REVEAL BIG BOMB PLOT

Cleveland Police Arrest Six in Scheme to Terrorize Nation Next Month.

FIND EXPLOSIVES AND GUNS

Internal Machines Are Similar to Those Used in Bombing Mayor Davis' Home—Seek Ring Leader in Chicago.

Cleveland, O., Oct. 31.—Seven persons, six men and one woman, charged by the police with being identified with radicals in another plot to terrorize the nation by a series of bomb explosions next spring are being held by police and others were being sought in what is expected to be a national clean-up of revolutionists.

One of the men under arrest is believed to be the bomb maker who constructed and placed the bomb which on June 2 partly wrecked the home of Mayor Harry L. Davis.

Police in several eastern cities have been asked to arrest a man said to be the leader of the plot.

Believing they are members of an anarchistic circle that has been working in more than 100 cities, the police questioned members of the group at night in an effort to learn details of their plans and the extent of their organization.

The arrests were made in four simultaneous raids, following information that an attempt was to be made to bomb the police station.

With the prisoners the police captured a large quantity of high explosives, one complete set of several incomplete bombs, a number of automatic pistols and a supply of ammunition and much anarchistic literature.

The police declared the bombs were similar to that used in the bombing of Mayor Davis' home.

They believe the arrests will lead to apprehensions in other cities in connection with the countryside bomb outrages which occurred last May and June.

Detectives were sent from here to cooperate with police in other cities. Among those held by police are Theodore Lerover and Steve Matejka and his wife, Helen, charged with having explosives in their possession; George Teeder charged with being a suspicious person, and three men whose names the police are withholding, two of whom are said to be terrorists and internationally known radical leaders.

The raids were made on information gathered by officers who had been working on the case for two months.

A tip from Chicago that the Central police station here was to be blown up soon instigated the raids, which had been planned for a few weeks hence.

Chicago, Oct. 31.—The headquarters here of social anarchists are being combed by police and detectives searching for the ringleader of a gang of robs, several members of which were arrested in Cleveland by detectives working on the bomb plots of last June. The man sought in Chicago today is said to have been the "brains" of the movement to spread a reign of "red terror" throughout the country next month.

9 KILLED, 40 HURT IN CRASH

Southern Pacific Flyer Goes Into Ditch Near Los Angeles—Passengers Are Lacking.

Los Angeles, Cal., Oct. 30.—Nine persons were killed and forty injured when the San Joaquin Valley flyer, Southern Pacific train No. 50, southbound, was wrecked two and one-half miles west of Acton, according to a telephone message received here. The train, two baggage cars and five coaches went into the ditch.

EIGHT DIE IN LAKE ONTARIO

Wreckage From Steam Barge Homer Warren Washed Ashore—Crew Believed Lost.

Rochester, N. Y., Oct. 30.—The find of a dismasted boat of two bodies on the shore of Lake Ontario, wearing life preservers bearing the name of the steam barge Homer Warren of Toronto, revealed the total loss of that vessel with her crew of eight. The shore was strewn with wreckage.

Woman Hangs Self.

Racine, Wis., Oct. 30.—Mrs. John Beyer, thirty-seven, hanged herself at her home.

Loan Honor to Connecticut.

Washington, Oct. 31.—The historic American flag which flew over the capitol during the war sessions of Congress was sent to Gov. Holcomb of Connecticut for the state being first in subscriptions to the Victory loan.

Big Robbery in Michigan.

Kalamazoo, Mich., Oct. 31.—After isolating the village of Augusta by cutting all telephone wires leading into the town, bank robbers entered the First State bank and escaped with \$20,000 in currency and Liberty bonds.

General Strike in France.

Paris, Oct. 30.—Extremist elements in trade union circles plan to call a general strike November 7, according to the Excelsior, which says that leaders in the general confederation of labor are opposed to the movement.

Japs O. K. German Treaty.

Tokyo, Oct. 30.—The privy council approved the German peace treaty. The Japanese government has announced that negotiations will be opened forthwith with Great Britain for an extension of the alliance.

Shoot Negro in Dixie Jail.

Humboldt, Tenn., Oct. 29.—Henry Booth, a negro, arrested on charges of attacking a white woman, was shot and probably fatally wounded during the night by unidentified persons, who fired through the windows of the jail.

Gem Collection Stolen.

Baltimore, Oct. 29.—A collection of antiques and ancient jewelry it took Miss Eleanor S. Cohen years to gather were stolen from her apartments. Many of the gems were taken from the ruins of Italian and Egyptian cities.

## WAR LAWS TO HIT STRIKE OF MINERS

President Wilson Authorizes Resurrection of Drastic Rulings.

MAXIMUM COAL PRICE FIXED

U. S. Government Will Seize Fuel in Transit to Operate the Railroads—Priority List Given—Palmer Sees the President.

Washington, Oct. 31.—The order establishing the old maximum coal prices of the fuel administration was completed at a conference of Dr. H. A. Garfield and railroad administration officials. It was taken immediately to the White House for President Wilson's signature.

Dr. Grayson had given permission to put it before the president without delay.

Washington, Oct. 31.—Seizure of coal now in transit was authorized by the railroad administration.

Director General Hines announced that he had ordered all regional directors of railroads to accumulate coal to meet the threatened shortage of coal.

The statement issued by Director General Hines follows: "In order to interfere as little as possible with the normal course of traffic, the railroad administration up to the present time has permitted coal to go to the most desperate necessities. Within the last two weeks, open top equipment has been diverted to coal loading to the exclusion of all other classes of traffic, and the movement of such equipment has been expected so as to facilitate the maximum production of coal.

"The result has been an exceptionally heavy coal production."

To Hold Coal in Transit.

"It having become necessary to be prepared to hold at least any temporary contingencies that the transportation service be protected, regional directors have been instructed to see that each railroad shall accumulate a necessary coal reserve where it is not already at hand, purchasing such coal if possible, and otherwise holding coal in transit."

Such of coal exemptions will be made as far as possible for coal destined to certain classes of consignees in the following order of priority which is the basis of priority during the war by the fuel administration:

"A—Steam railroads; inland and coastwise vessels.

"B—Domestic mail, including hotels, hospitals and asylums.

"C—Navy and army.

"D—Public utilities, including plants and such portions of plants as supply light, heat and water for public use.

"E—Producers and manufacturers of food, including refrigeration.

"F—National, state, county and municipal government emergency requirements.

"G—Bunkers and other marine emergency requirements not specified above.

"H—Producers of news print papers and plants necessary to the printing and publication of daily newspapers.

"I—Coal to be held in cars.

"Coal held in transit is not to be unloaded in storage nor is it to be actually needed, nor is it to be later forwarded to the mines. It is to be forwarded whenever practicable.

"Instructions issued provide that there will be as little disturbance as possible in the distribution of coal, but at the same time protecting the necessities of railroads which have a public duty to perform."

Will Have to Cut Production.

"Industries will probably have to reduce their production by 50 per cent because of the coal strike," according to Secretary of the Interior Lane, who stated he had this information from the bureau of mines. "There will be a sufficient production of coal for domestic purposes and for the railroads," Secretary Lane said. "It will be a severe difficulty in providing for the public utilities."

Palmer Sees President.

Attorney General Palmer, in charge of the proceeding to be instituted against the unions, talked to the president for 20 minutes, being the first official other than Secretary Tumulty to be admitted to the White House sick room during Mr. Wilson's illness. The president listened to Mr. Palmer's report, approved what had been done by the cabinet to meet the crisis, and made several suggestions of further action.

Lewis Assails Wilson.

Indianapolis, Ind., Oct. 31.—After a day of secret conference with members of the executive committee, President Lewis of the United Mine Workers of America announced that he had nothing to add or take away from his message to Secretary of Labor Wilson, in which he described President Wilson and the members of his cabinet as the allies of sinister financial interests.

Tennessee Man Is Named.

Washington, Oct. 31.—Norman E. Davis of Tullahoma, Tenn., who was one of the financial advisers to the American peace mission at Paris, was nominated by President Wilson as assistant secretary of the treasury.

No Wonder.

"How little Tommy of a playmate," asked little Tommy of a playmate. "One year old," replied Johnny. "Ah," exclaimed Tommy, "I've got a dog a year old and he can walk twice as well as your brother."

"Well, so he ought to," replied Johnny; "he's got twice as many legs."

Modesty.

When anyone is modest, not after praise, but after censure, then he is really so.—Richter.

Coming and Going.

An electric tobacconist on a shallow French canal has propellers on both ends and is driven either by storage batteries or power obtained from an overhead wire.

Perhaps Carpenters Struck.

## DRY VETO KILLED; LID TO BE LIFTED

Senate Vote Is 65 to 20 to Over-ride the President's Opinion.

WET SPELL IS PROMISED

Statement Issued at White House Says Wilson Will Issue Proclamation Immediately After Senate Ratifies the Peace Treaty.

Washington, Oct. 30.—In accord with predictions made when the president's veto of the prohibition enforcement measure was received in congress, the senate followed the example of the house and passed the bill over the president's veto by more than the requisite two-thirds majority.

The vote in the senate was 65 to 20, the majority having seven more votes than were needed to override the veto.

War time prohibition will be brought to an end by presidential proclamation immediately after the senate ratifies the German peace treaty, it was said in the statement issued at the white house.

Officials explained that the wartime act provided that it should be annulled by the president when peace had been declared and when the army and navy had been demobilized. Congress was stated to have prohibited the enforcement of the prohibition of the army and the navy had been completed.

The white house announcement clears up any doubt as to whether the war would be ended legally with the ratification of the German treaty. Some officials had expressed the opinion that the war emergency would not pass until the treaty with Austria had been acted upon by the senate.

Washington, Oct. 30.—Annulment of the drastic provisions of the prohibition enforcement act, which became effective as to wartime prohibition with passage by the senate of the measure, over the president's veto last Tuesday, agents of the bureau of internal revenue today took up the task of making absolute the ban on the manufacture and sale of liquor.

The saloons in the United States were legally open today for the sale only of beverages containing less than one-half of one per cent alcohol. Sale as well as manufacture of beverages of more than that amount alcoholic content had the saloonkeeper as well as the brewer or distiller liable to heavy penalties.

Open violation of the law, Commissioner Rogers said, would bring court disruption to the American form of government.

MEXICANS FREE U. S. CONSUL

W. O. Jenkins, Held for \$150,000 Ransom, Released—Not Stated Who Made Payment.

Washington, Oct. 28.—William O. Jenkins, the American consul agent at Puebla, who was kidnapped October 19 by Mexican bandits, was released after payment of ransom, the state department was advised by the American embassy at Mexico City.

The bandits who held Jenkins had demanded \$150,000 in gold. The message to the department said that Matthew E. Hanna, third secretary of the embassy who was sent to Puebla, reported that he had received a message from Jenkins sent from within the Mexican federal lines that the ransom had been paid to the kidnappers and that he was on his way to Puebla. The message did not state who paid the ransom.

2,000 STRIKERS START RIOT

Longshoremen Attack Several Hundred Men Going to Work on New York Docks.

New York, Oct. 28.—Scores of persons were injured in a pitched battle between 2,000 longshoremen and several hundred men who were on their way to work at the Bush Terminal docks in Brooklyn this morning.

Between 50 and 100 revolver shots were fired, and sticks, stones, bricks and clubs were used by the combatants.

# MINERS REFUSE TO YIELD; U. S. READY TO BREAK STRIKE

Union Officials in Secret Session Disregard Wilson's Plea.

## QUIT FRIDAY AT MIDNIGHT

High Executive Council Decides That Walkout Cannot Be Avoided Now—Government Moves to Prevent a Coal Famine.

Indianapolis, Oct. 30.—The high executive council of the United Mine Workers of America in session here refused to rescind the strike call for Friday at midnight, despite the warning of the president and the nation's imperative need of fuel.

"A canvass of the entire situation shows that a strike of bituminous miners cannot be avoided," was the way the formal message from the council to the public put it.

In a statement issued after a two-hour secret session between the members of the international executive committee, the presidents of the district organizations, and the general committee on wage disputes, the door was left open, however, for further federal mediation.

### Wilson Warning "Unofficial"

The special sentence read: "No communication was received by the international officers of the United Mine Workers of America from either the president or any other representative of the federal government."

Later in the statement the miners' representatives assert that "they will respond at any time to a call for a meeting (between themselves and the operators) and will honestly endeavor to work out a wage agreement upon a fair and equitable basis."

But that the more fact that a meeting is called will not serve to annul the strike order, as the president requested, is made plain in the next sentence: "Such an agreement alone will not put the miners in operation and guarantee the nation an adequate supply of coal."

### Change Made in Ultimatum.

This sentence was amended by the strike council after a draft of the statement was submitted by a special committee. As originally written it said "such action" alone would preclude a strike.

According to Ellis Searles, editor of the United Mine Workers' Journal, whom the strike council appointed to meet representatives of the press, the change was made so that the public thoroughly would understand the situation.

"In its first form," he explained, "the statement might have been construed to mean that such action referred to the first part of preceding sentence (the call for the meeting) rather than to the last (the reaching of a settlement), as was intended."

### Defy to President Unanimous.

That the council was divided mind only respecting the precise language in which the president's proposition should be rejected, was indicated by Mr. Searles' statement that nothing except that one word was discussed at the conference. Adaption in its final form, he added, had been unanimous.

The district presidents, members of the wage committee, and other lesser conferees returned to their homes, but members of the executive committee and John L. Lewis, international president, and William Green, international secretary-treasurer, will remain in Indianapolis. It was hinted they expected word from Washington.

That there is virtually no hope of averting some sort of a strike was made plain by several of the conferees, the statement follows:

"The conferees of the United Mine Workers, composed of members of the international executive board, the senate committee of the central competitive district and the district president, United Mine Workers of America, gave most profound consideration to the statement of the president of the United States, which appeared in the public press recently, relative to the impending strike of bituminous miners, set for November 1.

"No communication was received by the international officers of the United Mine Workers of America from either the president or any representative of the federal government."

"A canvass of the entire situation shows that a strike of bituminous miners cannot be avoided."

"A regularly constituted convention of representatives of the United Mine Workers, held at Cleveland, O., on September 25, ordered a strike of bituminous mine workers, to become effective November 1, in the event a wage scale was not negotiated before that time."

"The highest authority in the organization has acted in this matter, and no representatives of the organization have authority to set such action aside."

"The facts are that the same supreme authority which ordered the pending strike is the same as that which approved the contract which has now expired."

"The responsibility for the strike rests with the coal operators. They have refused to negotiate a wage

agreement, notwithstanding the fact that the mine workers' representatives have urged and beseeched them to do so. The fundamental causes which prompted the mine workers to take this drastic action are deep-seated.

"For two years there have been no normal relations. They appeared one year ago to the federal fuel administrator, Doctor Garfield, and from him to the president of the United States, for an increase in wages sufficient to meet the increased cost of necessities of life.

"Their appeal was rejected and their request refused. Notwithstanding this, they continued mining coal until their contract expired, when they are demanded that their grievances must be adjusted in a reasonably satisfactory manner."

"The courts have held that the workmen have a right to strike and may quit work, either singly or collectively, for the purpose of redressing grievances and fighting wrongs. The Constitution and guarantees of this free government give men the right to work or quit work, individually or collectively."

"The mine workers, therefore, are only exercising the right guaranteed by the Constitution, and which cannot be taken away by the representatives of government when they quit work or when they refuse to work until their grievances are adjusted."

"The mine workers' representatives are ready, willing and anxious to meet the coal operators for the purpose of negotiating an agreement and bringing about a settlement of the present unhappy situation."

"They will respond at any time to a call for a meeting and will honestly endeavor to work out a wage agreement upon a fair and equitable basis, which agreement alone will put the mines in operation and guarantee the nation an adequate supply of coal."

"We assert that the mine workers have no other purpose in view—other than to secure a working wage agreement. All of their demands are incorporated in the wage proposal submitted to the coal operators, and each and all are subject to negotiation."

"Conscious of the grave responsibility resting upon the representatives of the coal miners, we have no other alternative than to carry out the instructions of the United Mine Workers' convention."

"The issue has been made, and if it must be settled upon the field of industrial battle, the responsibility rests fairly and squarely upon the coal operators alone."

### Act Quickly at Washington.

Washington, Oct. 30.—Apprehensive of the determination of the miners to strike in defiance of the president, the administration moved swiftly with its plans to deal with a situation fraught with the possibilities, not only of a fuel famine, but of war between the government and organized labor.

While members of the cabinet and other officials were in conference perfecting a program to meet force with force in the bituminous mine fields and to invoke all possible processes of law to break, if not to thwart the strike which President Wilson pronounced illegal leaders in congress promulgated all the additional legislation the administration may need to protect the people from the threatened calamity.

### Will Use Every Resource.

"The strike, Attorney General Palmer said, will be a more deadly attack upon the life of the nation than the assault of an invading army. The assault of the nation will be brought to bear to prevent the national disaster."

In accord with the decision that the strike is unlawful, Attorney General Palmer announced that the persons responsible for it would be prosecuted for conspiracy.

### Other Steps Provided.

Other steps to deal with the situation will be these:

Ample protection for miners willing to remain on the job.

Revelation of administration to prevent hoarding and profiteering.

Re-establishment of the maximum prices which prevailed when the fuel administration went out of existence, which were lower than the prevailing prices.

Allocation and distribution of coal to homes, railroads, and essential industries.

Efforts to bring the strike to mediation.

Statement by Palmer.

Attorney General Palmer, following a conference with Fuel Administrator Garfield, Railroad Administrator Mims, Secretary of Labor Wilson, Mr. Tumulty, secretary to the president, and Assistant Attorneys General Ames and Garvan, issued the following statement:

"There can be no doubt that the government has the power, in the public interest, under the law, to deal with the projected strike of the bituminous coal miners, without infringing upon the recognized right of men in any line of industry to work when they please and quit work when they please."

"The illegality of this strike can and will be established without in any way impugning the general right to strike, and the general right to strike is not in issue in any sense whatever in the present situation."

"This is true because the circumstances differentiate this case from the case of any other strike that has ever taken place in the country."

"It does not follow that every strike is lawful merely because the right to strike is recognized to exist. Every strike must stand upon its own bottom and be governed by its own facts."

for special peace illuminations were not only lamps, kerosene lamps or fires, and candles.

Thoughtful Billy.

Billy came rushing home one day from a playmate's house and I knew at once from the expression on his face that he had done something which he should not have done. I asked what was wrong, but he replied, "Mother, I don't want to tell you because it would just make you feel so bad."—Chicago Tribune.

Divinity in Friendship.

"The most I can do for my friend is simply to be his friend. I have no wealth to bestow on him. I have no love to give him. I have no friend-ship divine in this!—Henry D. Thoreau.

## NO ASSETS—NO LIABILITIES

## SUSPEND OHIO MAYOR 15 DIE ON LAKE SHIP

EXECUTIVE OF CANTON CHARGED WITH INEFFICIENCY.

More Workers Return—Probability That Troops Will Be Called From Akron Grows Less.

Columbus, O., Oct. 28.—Governor Cox suspended Charles D. Poorman of Canton for alleged inefficiency in handling steel strike riots and appointed a committee of business men to support Vice Mayor Selanz.

Need for state troops now mobilized at Akron, only twenty miles distant, to take charge of the steel strike situation here, which last week resulted in many riots in which workmen were injured, was said to be decreasing.

No disturbances occurred during the changing of shifts at the plants. Col. John M. Bingham and Maj. Walter Van Clesen, personal representatives of Governor Cox, made a tour of the strike zones. They reported everything quiet and said they would make such a report to the governor.

The governor's representatives stated that local authorities now appeared to have the situation tolerably well in hand and that state troops probably will not be needed unless the situation grows much worse than they found it.

Workmen in considerable numbers were seen entering the plants of both the United Alloy Steel corporation and the Stark Rolling Mill company. The few pickets on duty did not attempt to halt the men and appeared to be content in ascertaining the number of workmen entering. There was no disorder last night.

## WAR-TIME DRY LAW INVALID

U. S. Judge Holds \$75,000,000 In Whisky Cannot Be Seized Without Pay.

Louisville, Ky., Oct. 28.—Seventy million gallons of whisky, valued at \$75,000,000, three-fourths of which is stored in Kentucky, was ordered released from government bonded warehouses by Judge Walter Evans of the federal district court in a decision rendered within a few minutes after the telephone wires carried announcement of President Wilson's veto of the dry enforcement bill. Although the decision is regarded by liquor men of Kentucky as a big victory for them, it does not mean that the whisky will be placed on the market again. Judge Evans ruled that it must not be moved until the United States Supreme court decides on the case. He held that congress has no power either in war or peace to disregard the fifth amendment.

## REDS GET FOUR-YEAR TERMS

Finland Editors of New York Radical Magazine to Be Deported at End of Sentence.

New York, Oct. 30.—Carl Maylo and Gust Aaltonen, Finnish editors of a radical magazine published here, and the first men convicted of criminal anarchy in this state, were sentenced to not less than four years and not more than eight years' imprisonment. Justice Weeks, in pronouncing sentence, stated that when the men had served their sentence their deportation would be asked.

## CHARLOTTE WILL WED PRINCE

Felix of Bourbon-Parma Wins Hand of Luxembourg Grand Duchess—To Be Married November 5.

Luxembourg, Oct. 30.—Grand Duchess Charlotte of Luxembourg and Prince Felix of Bourbon-Parma will be married here on November 5 by Bishop Micozzi, papal nuncio. Prince Felix was born at Schwetzingen September 28, 1893. Unlike his brothers, Sixtus and Xavier, who served in the Belgian army, he entered the Austrian service, although he declared at the beginning of hostilities he would refuse to fight against the French.

## Shot by Reds.

Paris, Oct. 31.—Richard Henry Little, a Chicago newspaper correspondent, was seriously wounded in the fighting near Petrograd. His left leg was broken and he received other wounds.

## Sixty New York Periodicals Move.

New York, Oct. 31.—More than sixty periodicals affected by the strike and locked out existing in the printing industry here have arranged for publication in other cities and will soon be on the news-stands.

## Many Foreigners on Way Home.

Berne, Oct. 29.—The Swiss railway authorities ran a special train on which were carried 1,000 Polish and Czech-Slovak emigrants returning from the United States to Prague and Warsaw.

## Dogs Get Honor Collars.

Paris, Oct. 30.—Fifteen dogs were awarded "collars of honor" in honor of the dogs of the war. Each was cited in the credit army order for "gallantry in action against the enemy."

## Big Lockout in Spain.

Madrid, Oct. 28.—The congress of Spanish employers, sitting at Barcelona, declared a general lockout of workmen throughout Spain. The lockout order will be effective Thursday November 4.

## U. S. Banks in Germany.

Berlin, Oct. 28.—Both the National City bank and the Guarantee Trust company have closed negotiations for quarters in Berlin with the view to establishing central branches for Germany.

## Coal Famine in France.

Paris, Oct. 28.—The proprietors of the foundries in the northern provinces of France declared a complete lockout and shutdown of their plants. The decision is the result of the coal and coal famine.

## Dutch Apply for Admission.

Paris, Oct. 28.—It is reported that Holland has applied for admission to the League of Nations. It is this true surrender of the former kaiser for trial by the allies will be one of the necessary conditions.

## STEAMER CITY OF MUSKOGON WRECKED AT MUSKOGON.

Craft Hurled Against Pier During Storm—Nine Members of Crew and Six Passengers Lost.

Muskogon, Mich., Oct. 30.—Nine members of the crew and six passengers lost their lives Tuesday morning when the Crosby steamer City of Muskogon, formerly the Oakland, struck the south pier in Muskogon harbor. The boat was smashed to pieces. In less than four minutes after the crash no portion of the vessel remained above the water line.

The second engineer was among those lost. The other members of the crew who were drowned were members of the steward's department.

There were about thirty-five passengers aboard, but the vessel lay against the pier, so that most of them were able to make their way to safety.

Many of the passengers were clad only in their nightgowns when the order came to make the leap for safety.

The known dead:

Lynch, John, Milwaukee, deckhand.

De Witt, Arthur, Milwaukee, deckhand.

Hough, Alfred, Billings, Mont., second porter.

Lopkins, Mrs. Jessie, Muskogon, waitress.

Johnson, Mrs. Agnes, mother of Grant Johnson of Muskogon, chief engineer of the boat.

Armstrong, John, Manistee, second cook.

Reese, Harry, Milwaukee, second engineer, his body has been recovered.

Karowitz, Samuel, Muskogon, deck hand.

Koski, Joseph, Muskogon, deck hand.

Reckelt, Mrs. John, Milwaukee.

Lucas, Mrs. Herman, Montague, Mich.

Lucas, Herman, her husband.

Zimmerman, Oliver, Muskogon.

Two members of crew known as "Slim" and John.

## WILSON HAS GOOD APPETITE

President's Strength is Slowly Returning According to White House Officials.

Washington, Oct. 30.—President Wilson's slow progress towards recovery was advanced by another restful night, according to White House officials. The president's strength is slowly returning, according to Doctor Grayson and he now is able to actually enjoy his meals. A diet, selected for strength-giving food properties is strictly adhered to daily, but his regime is wide and the president's appetite is being kept on edge.

## WERNER HORN FOUND GUILTY

German Officer Convicted of Dynamiting Canadian End of International Bridge at S. Croix, N. B.

Fredericton, N. B., Oct. 30.—Werner Horn was found guilty by the court that he dynamited the Canadian end of the international bridge at St. Croix, N. B., Feb. 2, 1915. The jury was out only fifteen minutes. Horn, who conducted his own defense, said he was a German officer and was acting under orders of the German government in war time.

## TO DISCHARGE ALIENS FIRST

Citizens of U. S. Will Be Favored as Long as War Lasts at the Navy Yards.

Boston, Oct. 30.—No citizens of the United States are to be removed from their employment at navy yards because of lack of work or lack of funds for naval construction, until all aliens have been discharged. This is the substance of an order by Secretary Daniels received at the first navy district headquarters here.

## Bolsheviks Claim Repulse.

Paris, Oct. 30.—A wireless report from bolshevik military headquarters picked up by the station here reports that the counter-offensive against General Yudenitch in the vicinity of Petrograd has been successful.

## Two Beaten With Hammer.

Mattoon, Ill., Oct. 30.—Mrs. and Mrs. Sternberg, wealthy residents of Mattoon, are in a serious condition as a result of being beaten about the head with a hammer by robbers, who burglarized their home.

## German Field Marshal Dies.

Berlin, Oct. 29.—The death of Field Marshal Gottlieb Haessler, Germany's veteran soldier and strategist, from heart disease, is reported by the Lokai Anzeiger. Field Marshal Haessler was eighty-four years old.

## Women to House of Lords.

London, Oct. 29.—The house of commons adopted a bill for the removal of sex disabilities, permitting women to sit and vote in the house of lords. The measure was adopted by a vote of 174 to 64.

## RAIDS REVEAL BIG BOMB PLOT

Cleveland Police Arrest Six in Scheme to Terrorize Nation Next Month.

## FIND EXPLOSIVES AND GUNS

Internal Machines Are Similar to Those Used in Bombing Mayor Davis' Home—Seek Ring Leader in Chicago.

Cleveland, O., Oct. 31.—Seven persons, six men and one woman, charged by the police with being identified with radicals in another plot to terrorize the nation by a series of bomb explosions next spring are being sought in what is expected to be a national clean-up of revolutionists.

One of the men under arrest is believed to be the bomb maker who constructed and placed the bomb which on June 15 wrecked the home of Mayor Harry L. Davis.

Police in several eastern cities have been asked to arrest a man said to be the leader of the plot.

Believing they are members of an anarchist circle that has been working in more than 100 cities, the police questioned members of the group all night in an effort to learn details of their plans and the extent of their organization.

The arrests were made in four simultaneous raids, following information that an attempt was to be made to bomb the police station.

With the prisoners the police captured a large quantity of high explosives, one complete bomb, several incomplete bombs, a number of automatic pistols and a supply of ammunition and much anarchist literature.

The police declared the bombs were similar to that used in the bombing of Mayor Davis' home.

"They believe the arrests will lead to apprehensions in other cities in connection with the countrywide bomb outrages which occurred last May and June."

Detectives were sent from here to co-operate with police in other cities. Among those held by police are Theodore Lerman and Steve Matel, and his wife, Helen, charged with having explosives in their possession.

George Teeder charged with being a suspicious person, and three men whose names the police are withholding, two of whom are said to be terrorists and internationally known radical followers.

The raids were made on information gathered by officers who had been working on the case for two months.

A tip from Chicago that the Central police station here was to be blown up soon hastened the raids, which had been planned for a few weeks hence.

Chicago, Oct. 31.—The headquarters here of social anarchists are being combed by police and detectives searching for the slayer of a gang of radicals, several members of which were arrested in Cleveland by detectives working on the bomb plots of last June. The man sought in Chicago today is said to have been the "brains" of the movement to spread a reign of "red terror" throughout the country next month.

## 9 KILLED, 40 HURT IN CRASH

Southern Pacific Flyer Goes Into Ditch Near Los Angeles—Particulars Are Lacking.

Los Angeles, Cal., Oct. 30.—Nineteen persons were killed and forty injured when the San Joaquin Valley flyer, Southern Pacific train No. 50, north-bound, was wrecked two and one-half miles west of Arden, according to a telephone message received here. The engine, two baggage cars and five coaches went into the ditch.

## EIGHT DIE IN LAKE ONTARIO

Wreckage From Steam Barge Homer Warren Washed Ashore—Crew Believed Lost.

Rochester, N. Y., Oct. 30.—The finding at daybreak of two bodies on the shore of Lake Ontario, wearing life preservers bearing the name of the steam barge Homer Warren of Toronto, raised the total of a gang of eight who were lost when the barge was wrecked with wreckage.

## Woman Hangs Self.

Racine, Wis., Oct. 30.—Mrs. John Beyer, thirty-seven, hanged herself at her home.

## Loan Honor to Connecticut.

Washington, Oct. 31.—The historic American flag which flew over the capitol during the war sessions of congress was sent to Gov. Hedges of Connecticut for the state being first in over-subscriptions to the Victory loan.

## Big Robbery in Michigan.

Kalamazoo, Mich., Oct. 31.—After isolating the village of Augusta by cutting all telephone wires leading into the town, bank robbers entered the First State bank and escaped with \$20,000 in currency and Liberty bonds.

## General Strike in France.

Paris, Oct. 30.—Extremist elements in trade union circles plan to call a general strike November 7, according to the Eclair, which says that leaders in the general confederation of labor are opposed to the movement.

## Japs O. K. German Treaty.

Tokyo, Oct. 30.—The privy council approved the German peace treaty. The Japanese government has announced that negotiations will be opened forthwith with Great Britain for an extension of the alliance.

## Sheet Negro in Dixie Jail.

Humboldt, Tenn., Oct. 29.—Henry Booth, a negro, arrested on charges of attacking a white woman, was shot and probably fatally wounded during the night by unidentified persons, who fired through the windows of the jail.

## Gem Collection Stolen.

Baltimore, Oct. 29.—A collection of antiques and ancient jewelry it took Miss Eleanor S. Cohen years to gather were stolen from her apartment. Many of the gems were taken from the ruins of Italian and Egyptian cities.

## WAR LAWS TO HIT STRIKE OF MINERS

President Wilson Authorizes Resurrection of Drastic Rulings.

## MAXIMUM COAL PRICE FIXED

U. S. Government Will Seize Fuel in Transit to Operate the Railroads—Priority List Given—Palmer Sees the President.

Washington, Oct. 31.—The order establishing the old maximum coal prices of the fuel administration was completed at a conference of Dr. H. A. Garfield and railroad administration officials. It was taken immediately to the White House for President Wilson's signature. Dr. Grayson had given permission to put it before the president without delay.

Washington, Oct. 31.—Seizure of coal now in transit was authorized by the railroad administration.

Director General Biles announced that he had ordered all regional directors of railroads to accumulate coal to meet the threatened shortage.

As far as possible, it is necessary to hold coal now in transit.

## Production Has Been Heavy.

The statement issued by Director General Biles follows:

"In order to interfere as little as possible with the normal course of coal traffic, the railroad administration up to the present time has permitted coal to go to the designated consignees. Within the last two weeks, open pit mining has been diverted to coal handling, to the exclusion of all other classes of traffic, and the movement of such equipment has been expected so as to facilitate the maximum production of coal."

"The result has been an exceptionally heavy coal production."

## To Hold Coal in Transit.

"It having become necessary to be prepared to insure against any temporary contingencies that the transportation service be protected, regional directors have been instructed to see that each railroad shall accumulate a necessary coal reserve when it is not already at hand, purchasing such coal if possible, and otherwise holding coal in transit."

## Order of Priority.

"In making such coal exemptions will be

# NEWS and GOSSIP OF WASHINGTON

## Advices Soft Pedal Put on Emigration to Mexico

WASHINGTON.—Count von Eckardt, whose activities as German minister to Mexico during the war were credited as responsible for the strong pro-German sentiment in the southern republic, warns his fellow countrymen against emigrating to Argentina and Mexico until they are certain that conditions there are favorable for them, according to one of his recent lectures, a copy of which has just been received in Washington from Germany, Minister von Eckardt asserts:

"The country is still pro-German today and the sympathies for Germany will not be killed. What advantages we may derive from this predilection depend wholly upon our ability to locate into the Mexican people German culture and upon our keeping up capability and trustworthiness.

"We must send only capable men of character, knowledge and energy to Mexico, where they may do honor to the name of Germany and Hamburg. Then we will be able not only to get our old connections back, but also to see them grow and expand."

## 15,000,000 Women Drew Pay for Labor During War

STATISTICS prove that during the war nearly 15,000,000 women actually were drawing pay for their services. More than a million of them never had done a day's work in their lives. The volunteers would add another million.

In the Liberty Loan campaigns alone 700,000 women acted as volunteers. There was a similar number in the United War drive. For the Red Cross the total must have been millions, for in this organization women who worked all day or who kept house all day, and who had an hour "to spare," would devote that hour to surgical dressings, classes, refectory work or ministering to the wants of those whose homes had been hit by the influenza epidemic. Then, too, business days, offer their services, gratis, to the draft boards or any of the other countless bureaus organized for the speedy termination of the war.

In actual figures the women whose services brought monetary remuneration were listed as follows:

Mechanical and manufacturing.....	2,000,000	Professional.....	70,000
Agriculture.....	2,400,000	Clerical.....	700,000
Transportation.....	200,000	Domestic and personal service.....	2,500,000
Merchandise.....	600,000	Charitable.....	5,000,000
Public service.....	50,000	Total.....	14,570,000

These employed in the actual winning of the war or in positions listed as necessary for the winning of the war included:

Munitions.....	100,000	Making shoes.....	100,000
Canneries.....	80,000	General equipment.....	600,000
Food, apparel, drug, tobacco and similar factories.....	125,000	The latter made boots and shoes.....	100,000
Textiles.....	275,000	Run drill presses and worked in machine shops.....	100,000
Shoe factories.....	100,000	Total.....	1,770,000

This figure represents only the women who already were well-trained and does not include those who left other occupations to assist in war work, nor does it include those who had had no previous experience in work of any kind.

## Keating Not a Watchman—Just Wanted to Smoke

PERSONS who came along by Four and One-Half street and Missouri avenue one morning recently were mystified to see Edward Keating, secretary of the congressional commission on reclassification of salaries in the District, sitting in the watchman's guardhouse.

"Keating must have a new job," said one passer-by to another. "What a distinguished-looking watchman!" said one woman who did not know that the "watchman" was Secretary Keating of the big commission that is hard at work on the job of making new salary schedules for 100,000 federal employees in the national capital.

But Keating neither had a new job nor was a watchman of any kind. To sit in the watchman's box does not constitute one a watchman. Mr. Keating has viewed life from the halls of congress, and from his office in the reclassification commission headquarters, so life from the watchman's little guardhouse offered no particular novelty.

But what was Secretary Keating doing in the guardhouse smoking a long, black cigar?

The whole truth of the matter was simply this: If Secretary Keating wanted to smoke at all, while at work at his office, he had to go outdoors to do it. There is a big sign on the stairway that reads: "Smoking strictly prohibited in this building." The order is signed by General Menoher, and it goes. That is why, when Edward Keating, secretary of the reclassification commission, takes a notion to smoke one of his long, black cigars, he has to go outside the building to do it.

## Baby's "Bye-Bye" Melted Heart of Cold Janitor

DICKENS would not recognize him, but his name is Samuel Weller. He is very tall, and very black, and holds down the job of janitor of one of Washington's apartment houses. Just which one it is not necessary at all to state.

But Samuel Weller was not at all a "changed man." He is a "changed man." What has wrought the great change is not necessary to mention, but changed he is. It may have been the epidemic law. Certainly a baby of one of the tenants of the building has played a part in the metamorphosis of Samuel Weller.

When Sam came to that apartment, it is said, he didn't like his job worth a cent. He was sulky, and didn't wash off the front sidewalk, never cut the grass, didn't give a whoop if the hall was never cleaned or not, and just generally showed that janitoring wasn't his trade.

Many a night the tenants saw him come reeling home through the snow. They hoped he wouldn't set the house afire, and he didn't, but that was moved through the help of neighbors than anything else. Several times they rushed in to rescue the janitor's dinner at it went up in smoke where he had left it on the stove.

Now there was a little baby in that apartment, a little girl who was just learning to say "bye-bye." She spent most of her time last summer on the porch of her apartment, and there, every day, she saw the janitor go up and down the fire escape with the trash.

"Bye-bye," she would call to Samuel.

For a long time Samuel Weller paid no attention, but went about his business. But the baby was not unobserved.

One morning Samuel Weller bowed out, and returned a sullen "bye-bye" in answer to the baby. Now the grass in the yard is cut. The front driveway is washed every morning, and the halls and steps are cleaned regularly. Samuel Weller is a real janitor. Dickens wouldn't know him, but he would be worthy of Dickens.

## Winsome Beauty Place at the National Capital

ONE of the little-known beauty spots of Washington is the department of agriculture's main building. The building itself is not so beautiful, but its setting is and at no time of the year more than at present. Whoever traverses the vista leading up to the main entrance and the terraced garden in front of the building achieved an effect worthy of the best traditions of the Mall. There are many to laugh at the main building itself, but the stone parapet and those little towers at each end of the flower beds more than make up for the building.

Perhaps some day the old red main building will be torn down, in conformity with the plan to erect a great central building between the two white-wing buildings. If this is done employees of the department of agriculture are hoping that the terrace will be spared and made part of an enlarged new plan.

Visitors to Washington during the recent months and hundreds of war workers have spoken with enthusiasm of the beauty of the department of agriculture approach.

There is no prettier place for that Sunday afternoon walk than the Mall, and this fact is emphasized more clearly not only on Sundays, but on any other pleasant day when hundreds of Washington's visitors may be seen observing the charms of this particular spot as they are taking in the many sights to be seen here, and none of which are missed through the actual visit of any party or individual on business or pleasure bent.

## NEWS OF THE BADGER STATE

Milwaukee—Fourteen are known to have perished and six are reported still missing as the result of the sinking of the Steamer City of Muskegon, of the Crosby Transportation Co., Milwaukee, at Muskegon. The boat was caught in a severe gale and in trying to make the harbor before day-break, was caught by a huge wave and tossed up on the south pier, smashing the boat broke in two and sunk in about fifty feet of water. Seventy people made up the crew and passenger list, and those who saved themselves did so by jumping over the rail to the pier.

Madison—Two thousand dollars in awards and the desire to be ranked among Wisconsin's best is spurring chessmen of the state in planning their exhibits at the Wisconsin chessmen's convention and show to be held in Milwaukee, Jan. 7-9. Chesses of five kinds will be scored, according to J. L. Sammis, secretary of the Wisconsin Chessmen's association. Besides the state prizes, there will be prizes for county exhibits that rank as top-notchers in each class, and only counties that send at least ten exhibits will be allowed to compete for these awards.

Kenosha—The Kenosha school board took a new step in its schools when it hired J. C. Crawford, former minister, to take charge of their "school for bad boys." Plans for the school include the installation of a canteen in the main building, more complete than found in any other school of the city. They will also furnish hot dinners to pupils, if they are necessary, on the idea that one of the real causes of delinquency is improper nourishment.

Burlington—Clarence W. Kockings, one of the largest and best known poultry raisers in the United States, is putting electric lights in his chicken houses to increase egg production. He contends that hens lay the largest number of eggs during the month of April, and he figures that if he can give the hens the same number of hours of daylight during the winter months as they have in April, he can get more eggs during the cold months.

Kenosha—Milk producers of Kenosha county pledged \$5 each toward a fund to defray the expense of defending the eight directors of the Milk Producers' association on trial in Chicago. The pledge was made at a meeting of the local organization in Pleasant Prairie, where ex-county Judge J. T. Smiley, Woodstock, Ill., spoke. The directors are accused of conspiracy to boost the price of milk.

Shawano—Scores of hogs are coming into Shawano county daily that are priced around \$1 a pound. During the past week farmers near Shawano unloaded 118 purebred Poland China sows, weighing 150 to 160 pounds apiece, with a cost of \$150 per head. They are the pick of Illinois, Iowa and Ohio best stock. Bore registered Poland Chinas were brought in also, valued at \$250 each.

Oshkosh—At a meeting here of the state board of vocational education, E. B. Gunn, Jr., district supervisor of vocational education, reported that while a year ago there were about thirty schools for vocational education, on Jan. 1, 1929, there will be about fifty such institutions in Wisconsin, many of them being in cities of not more than 5,000 population.

Ladysmith—County Clerk F. E. Monroe has been doing a lively business the past week paying bounties on twelve killed in the western part of Hunk county. Kate Jones, town of Washington, received bounties on four wolves, and Edward Smith, Atlanta, received a bounty on one.

Green Bay—Mayor Elmer S. Hall, Green Bay, designated Nov. 12, the date for a special election here to decide whether the city shall retain commission form of government, under which it has operated for more than three years, or return to the aldermanic form.

Sheboygan—Joseph Bartel sustained some injuries when caught in a premature explosion while engaged in blasting stumps at St. Nazianz. One eye was ruptured and blown out, the other eye was severely injured and his nose was badly lacerated. His recovery is probable.

Grand Rapids—Timothy Daly, 70, pioneer lumberman of central Wisconsin, died here. He came from Pennsylvania in 1864 and lived in this vicinity ever since.

Oconto—A. Berger, owner of a herd of prize Jerseys here, has a record breaking milk producing cow. The animal produced 130,777 pounds of milk in 707 days of lactation during the year. He says this is the official world's record for that month.

Wausau—For the benefit of young people who cannot attend school during the day, Miss Marie Lang of the high school faculty has opened a night school with an enrollment of fourteen. Sessions are held two nights of each week.

Marshfield—An expert accountant, going over the books of this city discovered an apparent deficit of \$7,300 in the water and light department. Hence is laid to a poor system of taking care of materials. Supt. Wyatt of the water and light department has resigned and the books were turned over to the city clerk to keep.

Menasha—That Gordon Hildebrand and Bernice Kohanski, both 6, died of natural causes and were not the victims of poisoning as suspected by physicians, was revealed in autopsies.

Kenosha—Trial of the suit against the City of Kenosha by Mrs. Bertha Smith and Mrs. Margaret Strang, asking \$30,000 damages for the death of their husbands, who were killed when the automobile in which they were riding ran into an excavation in a contractor's yard, began in circuit court. Contractor Sullivan had permission of the city to dig the excavation.

Watertown—This city launched its drive to raise funds for a monument to veterans of the world war. W. R. Thompson has designed the monument.

La Crosse—The Wisconsin Minnesota Light and Power company, boosted the valuation of its gas plant from \$500,000, the book value, to \$1,400,000, based on cost of replacement, in a hearing before the railroad commission on an application for an increase from \$1.30 to \$2.30 per 1,000 feet. The same company has asked for an increase in the gas rate at Eau Claire to \$3.20 and in Chippewa Falls to \$2.95. Evidence of valuation, engineers for the company was taken by Commissioner Allen at the hearing in La Crosse and adjournment was taken until Dec. 9, when a joint hearing will be held in Madison.

Stanley—Work was begun here this week on the building which will house the Stanley Toy works. The company is incorporated for \$85,000. Most of the stock has been subscribed by local buyers. The Stanley Industrial Development company has purchased a large block of the stock. Most of the toys are made from designs by T. J. Stanley, promoter and president of the company, who comes from Elgin, Ill. The building will be ready for occupancy about the first of the year.

Sparta—Mrs. Howard Teasdale, wife of the former state senator and father of many Wisconsin statutes advancing eugenics and to suppress vice, is planning to attend the next World's Women's Christian union convention, which will be held in London, England, next April. She was elected as delegate from Wisconsin at the recent state W. C. T. U. convention in Oshkosh. Mrs. Teasdale also is state musical director of the W. C. T. U.

Eau Claire—Eau Claire will have a marked increase in tax rate. Since Eau Claire adopted the commission plan in 1910 it has enjoyed a comparatively low tax rate. The average during the last nine years has been around 24 mills, but the city council estimates that this year it will reach 30 mills or more. Increased cost of labor, increased cost of materials, a larger school budget and the soldiers' bonus are the main factors.

Madison—A report by the industrial commission upon the work of the public employment bureau in Milwaukee during the year ending June 30, shows that 86,855 applications for work were filed and that there were 99,352 calls for help, 84,528 references to positions, and 58,878 verified placements. In September, 1919, registration for help totaled 4,539, calls for men 5,330, number referred to positions 4,879, and verified placements 4,439.

Superior—Thad Mayor Baxter has not the legal power to cut either the police or fire departments as the assertion made by Attorney W. P. Crawford, representing plaintiffs in mandamus proceedings instituted by the city. The attorney also accused the mayor of not having acted in good faith and that the cut was not made as a measure for economy, but for personal reasons.

Beloit—The common council approved the establishment of a municipal coal yard for sale of fuel to the people at the lowest possible price. Mayor J. A. Janyria was instructed to name a committee to devise ways and means to put the project in operation. Suggestions were also made as to having a municipal market to cut down the price of foodstuffs.

Mantoloking—Mantoloking's two public utility plants—water and electricity—made a profit of \$71,854.98 during the fiscal year ending June 30, according to the report made by the utilities committee of the city council to the state commission. The water department, says the report, netted \$30,146.49, while the electric light plant shows a profit of \$41,708.58.

Argyle—Gertrude Ryan is convinced that there is no place like her southern Wisconsin home. Early in September she went out to South Dakota to teach. She is back home. The drinking water she could not stand or get used to, so she just had to come back to her Wisconsin home and get a good drink once more.

Monasha—With two children dead here, autopsies were decided upon by physicians in an endeavor to learn the nature of suspected poisoning. Gordon Hildebrand, 6, son of Mr. and Mrs. Fred Hildebrand, was the first victim. Bernice, 6, daughter of Mr. and Mrs. Leo Kohanski, also died.

Antigo—A night school is to be opened at the high school building on Nov. 4. Courses will be given in bookkeeping, shorthand, typewriting, machine drawing, cabinet making and citizenship for foreigners.

Madison—The balance in the state's general fund on Sept. 20 was \$2,655,926.83, according to the quarterly statement issued by Secretary of State Martin L. Ball. The balance June 30 was \$5,391,506.97.

La Crosse—Cherry trees are in blossom here for a second time this year, in the yard of A. J. Miller. Strawberries are ripening in city gardens. Fred Palmer, Elletts, picked five quarts of strawberries for his family's Sunday strawberry shortcake.

Sheboygan—Concordia Singing society, organized in 1860; Sheboygan county's oldest musical organization, will celebrate its sixtieth anniversary, Feb. 9, 1929. Plans have been made for a concert on that date. Prof. Theodore Winkler is director.

Ashland—The estate of the late C. F. Lattimer, valued at \$1,500,000 instead of \$750,000, as was thought when Mr. Lattimer died from an attack of the flu last winter, came to the attention of the state supreme court. The beneficiaries will receive considerably more than they had expected.

Sheboygan—A parcel post count from Oct. 1 to 15, showed that 14,327 parcels were handled at the local post office, during that period. Of these, 5,427 came in from other offices and 8,900 were mailed here.

Oshkosh—When one of the pupils of the Smith public school became ill with smallpox, a wholesale vaccination of the boys and girls resulted. The health department inoculated 107 children, not heretofore vaccinated. The building was not closed, but was thoroughly fumigated.

La Crosse—The La Crosse Housing corporation, organized to meet the need for homes here because of the addition of several new factories, broke ground for the first three of 25 houses which will be erected this fall.

On account of his wide experience as Editor, Author and Manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, 284-327 Prairie avenue, Chicago, Ill., and only include two-cent stamp for reply.

Every farm owner who builds a new barn wants it designed so that it will be a useful and attractive addition to his farm building group and at the same time will provide a modern house for his livestock—one in which the animals will be healthy and productive—and a place where he may store the supply of feed that the occupants of the barn will consume during the months they are not in the pasture. This is especially true of the barn

designed for the dairy herd. There are no animals on the farm that are as grateful for a good home as cows. They produce more milk and better milk, and are more healthy when they have a well-ventilated, weather-proof place in which to live during the cold weather. Consequently, the most successful dairy farmers are paying a whole lot of attention to the design of their cow barns, for they find that good houses mean larger profits.

However, the farmer who does not specialize in dairy products does not want, neither would it be good business for him to have, an expensive barn. But he can build his small barn along the same lines as the large dairy barns are constructed, and equip it so that the work of caring for the cows—ordinarily called chores—will be done quickly and easily. And he can make that barn just as comfortable as

Floor Plan.

though it cost several times as much as the small one does. An exceptionally good design for a small dairy barn is shown in the accompanying illustration. It is a Gothic-roofed barn, 44 feet wide and 52 feet long. And though it is small, the stalls are arranged so that it will house 20 cows, their calves and a bull, should the owner keep one.

As will be seen by the picture this is an attractive barn from the exterior. While it may be called a Gothic-roofed barn, still it has a break, or gambrel in the roof, taking away the oval effect that some farmers like and that others object to.

There are two features of this design that will appeal to the farmers' practical minds. One of these is the arrangement of the hay mow door. It

is designed so that it drops down, leaving a generous opening, through which a load of hay can be swung without scraping the sides. The carrier track extends well out from under the eaves, so that the hay may be transported to any part of the barn. The other feature is the implement and wagon shed, or lean-to at the rear of the barn. This latter furnishes a weather-proof house for the wagons and farm implements and at the same time they are handy.

The interior arrangement of the barn, the placing of the stalls and the other conveniences that will lighten the work of caring for the herd are shown by the floor plan. It will be noted that there are two rows of stalls, each accommodating ten cows, and that they are placed so the animals face in. It may be interesting to know the reason for having the cows face each other, instead of the outside walls of the barn, and consequently the light. Some observant person noticed in studying the habits of cows, that invariably they graze in the pasture with their backs to the sun. He thus figured it out that by arranging the stalls so that they follow the cows' natural inclination to turn away from strong light the cows will be happier, and a happy cow is a milk producer. The added advantage of so arranging the stalls is that a carrier truck may be run through the center of the barn, making it easy to transport the hay to the mangers and feed the animals without jangling hayforks of hay half way through the building.

On either side of this barn, it also will be noticed, are litter alleys. Gutters are sunk into the concrete stable floor, which can be flushed readily, helping to keep the barn sanitary. The litter and bedding dry. The litter is loaded into a carrier, the track for which runs out to the manure pile in the rear, and dumped, without much labor involved. By so placing the litter alleys they are directly in front of the windows, so that the sun's rays hit the litter and help purify it. Sunlight is nature's greatest germ killer. Germs live only in dark, unventilated places.

On the roof of the barn is shown a ventilator. This is connected with four air flues that run up through the walls of the barn, carrying out the foul air, and drawing in the fresh air.

While they are not shown in this plan, the most progressive dairy farmers now pipe fresh water to each stall, and install individual drinking cups, one for each cow. Among other things dairymen have discovered is that

plenty of fresh water greatly increases the flow of milk. If running water is not available, a tank should be built in the barn, so that the cows can be watered often.

This is not a large barn, but it is an efficient one and a building that will soon pay for itself in the increased profits that the cows will earn.

As will be seen by the picture this is an attractive barn from the exterior. While it may be called a Gothic-roofed barn, still it has a break, or gambrel in the roof, taking away the oval effect that some farmers like and that others object to.

The added advantage of so arranging the stalls is that a carrier truck may be run through the center of the barn, making it easy to transport the hay to the mangers and feed the animals without jangling hayforks of hay half way through the building.

## Ball Frocks of Tulle and Lace

It would seem as if all of the lovely things designed for this year's debutante might be labeled after the good old birthday fashions of long ago: "For a Good Little Girl." Certainly the girls of today have earned their right to the most beautiful and the most frivolous of lovely clothes through the faithful, unflinching and untiring war services, observed a fashion writer. Indeed the debutantes of last year deserve a special fitting this year. It used to be said one could tell a debutante by her nice, clean little white gloves which she wore throughout the evening, never removing them even for supper; for a debutante of other days was a demure and timid little soul who carefully refrained from "unladylike" behavior, and certainly she never "ate," she only " nibbled" at parties. Nowadays debutantes wear no gloves and do not worry about their dinner plates.

New Dance Frocks Are Fairlylike. Some of the new dance frocks are fairlylike in their beauty, fashioned of clouds of tulle and blue lace showing through the stuff. The life of a tulle frock is just about one evening. I know of nothing more arresting than a recent visit to a smart courtier, where six little dance frocks hung waiting to be freshened for the next "tray." The tulle hung in streamers on some and one had been "melted" by a sudden downpour of rain. Some of the tulle frocks—for the most part of white, as properly the debutante's frock should be—are delightfully combined with a shadow lace. The use of lace is a revival of a bygone day, for it has been many years since the lace trimmed ball gown. This type of frock is rather refreshing after the more sophisticated ones of brocade and tinsel which prospered for a time. Of course satin, white or palest flesh pink, is used as a foundation for the tulle and lace dancing frocks. The satin foundation is tight and narrow and short and the overdraperies are so placed that they form the extended hip

It is to the young girl that the lovely overblouses will appeal the most. Some of these, to be worn with skirts of heavy black or midnight blue, are quite long, reaching to within a foot of the hem. Such an overblouse of sand colored georgette is braided from throat to hem in black and gold threads and held in at the waistline with a string belt braided with black and gold. This is worn over a black satin skirt. A companion frock to this, reproduced in midnight blue serge, has the very long overblouse of black satin embroidered in Chinese motifs in colored threads and suggesting a mandarin's coat. The embroidery is deftly done and not in the least garish or conspicuous.

The newest sport skirts are plaited of plaid and worn with velvet jackets or sliver sweaters in dark tones. The sweater is a feature of one's wardrobe which must not be overlooked either by young or old. The sliver sweaters with their excellent lines and good service have returned to favor and are preferred for genuine use in the darker shades, browns, blacks and

A long-waisted frock of changeable taffeta, a taffeta cape with plaited rouchings and a pink chiffon frock spotted with bows of satin ribbon.

seem not only on maturer models but on the most youthful as well. One tinker has palliated an unbecoming layer of tulle with silver spangles which show with just enough scintillation through the gauzy meshes.

Simplicity the Debutante's Note. One expects the debutante to be groomed with simplicity, and wise mothers follow this rule in the choice not only of the debut gown but in the selection of the greater part of the wardrobe as well. The simpler fabrics such as chiffons and georgettes are preferred to the heavier metallic brocade and velvets. The gowns of pastel taffetas are lovely for informal occasions. With these little things with their long slender bodies, pointed in front and fitted with a such in the back, are worn tiny caps of the pastel silk to match the dress. This is a Parisian fashion just being shown over here and suitable for theatre and restaurant wear. Even in the smaller cities young girls go about nowadays to restaurants and cafes for the dancing, which seems to be more sought than ever. It is for this occasion that the taffeta frocks of the lovely pastel shades and their accompanying caplets are worn.

The favored shade for evening wear in the gay French city for the debutante is emerald green. This is enchantingly combined with silver, and I am sure we can search far and wide before we can find a more beautiful color scheme. Canary yellow is also very much liked this year, but the more pronounced shades are left for older and more sedate people.

Tight Fitting Coats Are In. The coat suit of the moment most esteemed by the young girl has a tight fitting basque effect with a rippled skirt. For very "drowsy" wear tulle suits in lighter shades of tan, gray or blue are much liked. All of the brown shades are so well liked

Never allow clothes to become "back numbers." Watch the styles in the magazines, attend the fashion shows at the leading shops, and try in every way to keep up-to-date. It's a small matter to put a new pair of sleeves in a gown or a waist, yet it means so much in the way of smartness. It's easy to remodel, too, if one buys a good pattern.

Fireplace Hint. Place a good-sized rock in the back of the grate. It is well to put a piece of washing soda over the sink drain and pour scalding water over it. This will prevent the pipes from clogging.

Prevents Clogging. After emptying the greasy dish water into the sink, it is well to put a piece of washing soda over the sink drain and pour scalding water over it. This will prevent the pipes from clogging.

## IF YOU MEAN YES, VOTE NO

Secretary of State Meritt Hull declares that there will be a statewide wet and dry vote taken in Wisconsin next year. This statement occurs in a letter sent to the Wisconsin Anti-Saloon League in response to an inquiry from them. The letter is as follows:

"In reply to your inquiry regarding the referendum on the Mulberger law, which, as you say, will result virtually in a wet and dry election contest, I would state that the ballot on this question will read:

"Shall Chapter 556 of the Laws of 1919 entitled, An Act to suspend the operation of Chapter 56 of the statutes of 1917 entitled, Excise and the sale of intoxicating liquors and to create Sections 1569-1 to 1569-22, inclusive of the statutes, relating to intoxicating liquors, to provide for the enforcement of Article 18 of the Constitution of the United States, providing penalties, making an appropriation and defining intoxicating liquor be continued in force and effect?"

"You will note that the question submitted is whether the act shall be continued in force and effect, not whether or not it shall be repealed. A person desiring to wipe the law off the books will have to vote 'No.' The drys will vote 'Yes.' If the voters give a full expression with a clear understanding of the question, we shall know how Wisconsin feels on the question of standing by the Constitution.

"The principal dangers in this election are,—  
"First: Many voters do not know the Mulberger law well enough to know whether to vote 'Yes' or 'No.'  
"Second: Many voters do not know that such an election has been ordered.

"Third: Nearly forty percent of our voters do not vote in any election, primary or general.

"It is to be hoped that such a campaign of education will be conducted that every voter will be gotten to the polls with a clear understanding of the issue.

## THE PRESIDENT'S GIFTS

As estimated in the gossip of the Republican cloak rooms of Congress, the gifts received by President Wilson from the rulers and people of Europe were worth any sum between a vague "half a million" and a more definite "several millions" of dollars. This immense valuation was placed on them by the partisans not as a measure of President Wilson's popularity in Europe but as a spur to criticism of him at home.

Now the truth is revealed in the official list of the gifts and appraisement of their value—which intrinsically is rather small. It discloses that the Republican critics, including Senator Sherman and Representative Rodenberg, were as far from right in their guesses on this subject as they usually are in respect to other statements. The presents are neither so costly as the orator's declared nor yet so cheap as these gentlemen must feel after having got the facts—against their will.

## 99% FAVOR METRIC STANDARDIZATION

Out of 53,226 petitions relating to exclusive use of metric weights and measures in U. S. America, now in the keeping of the Bureau of Standards, Department of Commerce, 57,800 petitions or 99.27% favor this progress, and only 426, or less than 1% oppose it. This unqualified endorsement of metric standards for U. S. America is brought out in the analysis just completed at Washington by representatives of World Trade Club of petitions sent to President Wilson and America's national legislators by prominent persons and powerful commercial, manufacturing, civic and fraternal organizations of U. S. America. Some of these petitions represent unanimous resolutions passed at conventions of organizations with thousands of members.

The petitions have come as a result of the efforts of World Trade Club of San Francisco and the Metric Association of New York in explaining the great advantages of world-wide standardization of weights and measures. The petitions were referred to the U. S. Department of Commerce and without cost to the United States Government, World Trade Club had them carefully counted and classified under the direct supervision of Mr. W. Mortimer Crocker of 156 5th Avenue, New York City.

New petitions are coming every day. The classification to date shows the following distribution of petitions: Manufacturing concerns, engineering concerns, engineers, architects, contractors were 9,968 in favor and only 154 against metric-liter-gram. Chamber of commerce, trade organizations, exporters, importers were 2,974 in favor and only 51 against metric-liter-gram. Educational institutions, benevolent organizations, individuals in professions were 22,443 in favor and only 74 against metric-liter-gram, less than 1% objected; and over 99% favored metric standards exclusively.

Republican Senators who want amendments to the treaty, Republican Senators who want reservations but not amendments, Republican Senators who want neither amendments nor reservations, and Republican Senators who want no treaty at all, represent several kinds of harmony to be found in the Republican majority in the "greatest deliberative body in the world."

## SARATOGA

Knute Knutson was a business visitor at Milladore last Tuesday. which he purchased from P. Gallahue to a party from Chicago who will move there on the first of November.

Mrs. Jones of Iowa is visiting at the home of her uncle, Otto Lorenz. Mr. and Mrs. John Peterson of Grand Rapids were visiting at the Walter Burmeister home a few days last week.

Anna Peterson is on the sick list at this writing. Mr. and Mrs. C. Knister and Mrs. J. Knister and daughter of Grand Rapids were callers at the George Knutson home one day the past week.

Mrs. N. H. Potter of Grand Rapids is spending a few days with her daughter, Mrs. C. H. Reiman.

Mr. and Mrs. Fred Knute and children of Grand Rapids spent the past Sunday at the Henry Branstadt home.

The Christian Endeavor Society held a hallo-wen party at the C. W. Lundberg home Friday evening which was largely attended and a nice time was reported by all.

A number of young people from Kellner attended the party at the C. W. Lundberg home Friday evening. Erick Knutson was a business visitor at Stevens Point Saturday.

Henry Kruger and Miss Minnie Ross were the visitors at the James Johnson home Sunday.

Pearl Knutson who attends school in Grand Rapids spent Sunday with home folks.

Ford Slusser and Walter Matthews were in our neighborhood Sunday. A number of schoolmates of Elmer Glick tendered him a surprise party Saturday evening, it being Elmer's 12th birthday.

Mr. and Mrs. W. Burmeister and children were visitors at the H. Burmeister home in Grand Rapids Sunday afternoon.

Mr. and Mrs. Alfred Reiman of Berlin were visitors at the home of the formers brother, H. C. Reiman.

Mrs. Tom Chrysler and two daughters spent Sunday with the formers sister, Mrs. C. H. Reiman.

George Rosie has gone to Janesville where he will be employed.

Albert and Elmer Jensen visited friends in Rudolph Sunday.

Mr. and Mrs. P. Knutson and children were visitors at the W. A. Owen home in Grand Rapids Sunday.

## EAST NEKOOSA

There will be an old fashioned spelling bee at the Mullon school Friday evening, Nov. 7th. After the spell down a pie social will be held. It will be under the direction of our teacher, Miss Ethel Quinnell.

Mr. Frank Arendt spent Saturday afternoon with her sister, Mrs. Geo. Winkler.

Wm. Burhite, Lyman Hammond, Henry and Ed. Blood are employed in the Nekoosa Paper mill. They report everything moving along smoothly as can be under the circumstances.

Walter Tesser sold ten head of cattle to the Martin Brandt market of Nekoosa Friday.

Peter Ploas is busy laying new floors in his house this week.

Mrs. Peter Spidell entered the Riverside hospital on Monday and will be operated on Tuesday morning.

Miss Eleanor Ludwig has returned to the home of her aunt, Mrs. F. Schroeder after spending a few weeks with Mrs. W. Weber of Nekoosa.

Miss Hazel Tracy of Saratoga spent last week at the Walter Tesser home.

Mrs. Geo. Winkler entertained a number of little folks Sunday, Nov. 2nd in honor of her little daughter, Marie's sixth birthday. An enjoyable time was had by all the little people.

John and Bob Anderson entered the Nekoosa mill to work last week.

Mrs. W. Tesser and Mrs. Geo. Winkler spent Monday at the Frank Arendt home.

## TEN MILE CREEK

The weather is putting the farmers on the jump to keep warm. Henry Reiman is driving mail on Route 5 as P. Plogel is having a two weeks vacation.

The young people here gathered at the Lipsitz home Saturday and spent the evening with games and music.

W. J. Matthews was called to his dying father's bedside last Monday in Lake Forest, Ill. He has been ill for some time.

Herman LaBudo was a shopper in Grand Rapids last Tuesday.

The roadmaster here finds it hard to get help and the weather too is not favorable for road work.

Miss Mamie Fox of Mochan Station is spending a week here with Eunice Simon.

A very nice crowd attended church here last Sunday and we hope to see as many more to the next services.

A crowd of young folks spent Sunday evening at the Fred Matthews home.

Miss Bessie Lipsitz, formerly cow tester of Avoca, Wis., and Mr. Paul Gurnz of Avoca were united in marriage last Wednesday afternoon in Grand Rapids. Victor Lipsitz and Harriet Matthews being witnesses.

They returned here to the bride's home for a few days. Their wedding tour will be to Monroeville, Wis. to Mr. Gurnz's relatives after which they will return to Avoca and take up farming.

The Engdahl family and Miss Edna Roth spent Monday evening at the Lipsitz home.

Miss Elsie Lindahl is doing house work for Mrs. John Daly in Grand Rapids.

Mrs. M. S. Winegarden and son, Elmer, also daughter, Mary Bates visited at the E. Holtz home Sunday evening.

## SHERRY

A funny little incident, because of the smallness of our village, came to our notice. On Monday a little lad in a red sweater, a stranger, was in a yard, seemingly attracted by a large flock of white chickens or a neighbors bunny who stayed there much of the time. However, noticing the child was crying we inquired the cause and he was lost. All the white houses looked alike to him and he could not tell which one he belonged to. It proved to be a son of the new cheese maker and they had just moved in so he had not been able to locate the white house he really belonged to.

Sebastian Lobener and wife returned from the hospital and we are glad to report he is much improved in health.

C. D. McLaughlin went to Port Edwards last Wednesday where he is working at his trade, a carpenter.

Helen Lang from Milladore and Joseph Lang from Nekoosa were home for the week end.

William Spice has gone to Nekoosa to work in the mills at that place.

Miss Nellie Powell of Marshfield was home for the week end and also a guest at the Davis-Thomas wedding on Saturday. She returned to her work the first of the week.

Miss Lena Willberg who has been a house guest in the Gustave Mantel home left for Sheboygan Falls on Monday.

C. E. Anderson and wife went to Milwaukee the first of the week. They were accompanied by Miss Ellen Hollar.

There was a good attendance at the hallo-wen social at the town hall on Tuesday night last. The weather was too severe for some of the outside program to be carried out.

Mrs. Hayden and son and friend of the latter were recent guests at the David Davis home which they have recently purchased. They brought their car up to leave it for the winter.

Miss McLaughlin was a last Friday visitor in Stevens Point.

Miss Mareux, one of the teachers in our schools was home at Nekoosa for the week end.

Miss Edna Becker was home from Stevens Point for the week end. She also was a guest at the wedding.

Mr. and Mrs. John Lounsbury have a niece a guest in the home. She came from Chicago on Friday last.

Ralph Thomas returned to his school duties early this week. A taste of home no doubt was good for the young man who is a freshman at Lawrence college.

## PLEASANT HILL

Mrs. E. O. Ayers of Waverly, N. Y., is visiting at the W. W. Slope home.

The basket social held at the Pleasant Corners school house Wednesday evening was well attended, proceeds of the social were \$31.00.

Mrs. H. Seibenhose was the prettiest lady there and John Hofer the jolliest man.

P. H. Likes sold five head of graded Holstein cows from his farm to Jake Schmidt of Arpin.

Mr. and Mrs. W. W. Slope, Sylvia and Goldie and Mrs. E. D. Ayers spent Sunday at the Frank Hammel home Sunday and helped them celebrate their 15th wedding anniversary.

A number of our people attended the dance at Pittsville Saturday night. All report a chilly time.

## PLOVER ROAD

Mr. and Mrs. Harry Gilman and son, Donald of Plover spent a few days with the Inters parents, Mr. and Mrs. John Walters and family.

Miss Lulu Moll under went an operation for goitre at the St. Marys hospital at Wausau last week. She is getting along as nice as can be expected.

Mr. and Mrs. Frank Hoinig and children of Almond spent Sunday at the Herman Young home.

Our teacher, Miss Edna Morgan, is boarding at the Basil Rocheleau home.

Mrs. Fred Rupnew was on the sick list last week.

Mrs. Chas. Pishis and son of Grand Rapids visited at the Geo. Roe home Friday of last week.

## AUBURNDALE

The dance Thursday evening was not very well attended on account of the weather, but another one of these dances will be given two weeks from last Thursday, or Nov. 13th with the same music. Be sure to come and have a good time.

Miss Mary Harnecel spent Sunday at her home at Almond.

A shadow social was held at the Sunbeam school Thursday evening which was well attended and enjoyed by all.

William Lawrie and Edward Marti improved their basements by cementing them an installing separate cow stanchions.

Frank Mantley died at his home here Friday. Funeral services were held at the Lutheran church Monday Rev. Rislov officiating.

Mr. and Mrs. J. C. Kieffer returned home Monday after spending a few days at Stone Lake, Wis.

The pupils of the high school enjoyed a hallo-wen party at the schoolhouse Friday evening.

## BIRON

Meet me at the dance at Rudolph Friday, Nov. 7th.

WANTED TO BUY—Farms with stock, machinery, etc., preferred within 12 miles of Grand Rapids. Otto J. Lou.

FOR SALE—One 8 horse Field gas engine. One 12 horse Eagle gas engine, in good running condition. Jensen & Anderson, Ford Agents.

WANTED—A good second hand saddle, C. H. Imig, Junction City, R. D. 2.

## KELLNER

Mr. and Mrs. W. H. Witt made a business trip to Stevens Point last week Monday.

Wm. Henderson has accepted a position with the Grand Rapids Delivery Co.

Leonard and Edward Witt will leave Monday to take up a course in the Stevens Point business college.

Miss Nora Hickman and Chas. Knoll were married last week Wednesday at 2 o'clock at the church. A five o'clock dinner was served at the home of the bride's parents and the evening was spent in playing games.

Mr. and Mrs. Knoll will make Kellner their home.

Mrs. John Glebok was visiting friends here last week but received a message from Grand Rapids to come at once on account of illness of her daughter in law, Mrs. Herman Glebok.

Mr. Weatherwax, the Interstate oil agent was a business caller here. The farewell party at the George Kruger home was well attended.

Paul Hjersteadt left for Fond du Lac where he has accepted a position.

The English services at the Lutheran church were well attended. There will be English church every two weeks hereafter.

George Fox is here today doing some garage work for G. H. Monroe.

VANDRUPSEN  
The hard rains we have been having lately have put the roads in quite bad condition.

The school board, I. Jero, C. E. Duck and R. Carlson, also the teacher, Miss Mindak attended the teachers convention at Friendship on Thursday, Oct. 30. Ellick Bass drove them down in his car.

Bennie Olsen attended Sunday school in the Methodist church Sunday.

Israel Jero was a business visitor in Grand Rapids Saturday.

Gladys Mindak spent Friday night with Mrs. C. E. Duck.

Harve Evans is moving back to the Munbr farm here last week. He moved to Leola last fall but has recently bought the farm here and says he likes it better here. We are all glad to see them back again in our vicinity.

We hear that the Earnest Marth family all have the scarlet fever and we hope to see them well and out again soon.

Richard Carlson was a Hancock shopper Thursday.

Little Dorothy Carlson has been on the sick list the past week.

## RUDOLPH

Minnie Joosten, daughter of Mr. and Mrs. Martin Joosten and Ethel Van Asten returned home Tuesday from Rochester, Minn., where they went for an operation.

Mr. J. P. Wagner, M. Jooster, Frank Miller and Emmett Slatery spent a couple of days the past week in Milwaukee looking over buildings to get plans for the new buildings to be erected next spring on the church property.

Blection day, windy and snowy as usual. Very quiet as far as the men were concerned.

The folk band played here Friday night.

Mrs. Hattie King, a former Junction City, but now caring for Mrs. Parker in Stevens Point, is spending a week in Grand Rapids at the Ed. Busselt home and spent Sunday until Monday noon with Mesdames N. O. Talle and K. J. Maresau.

Mrs. K. J. Maresau took her little daughter, Margaret to Grand Rapids Monday noon and Dr. Looze performed a slight operation for ruptured appendix under her eye.

Hallowe'en parties were held at the school house Friday afternoon for the lower grades and Friday evening for the upper grades.

Dewey Whitmore and twin Hotschchild spent Sunday in Tomahawk and Merrill.

Will Fritchie, son of Mr. and Mrs. John Fritschle arrived home Thursday from overseas and on Sunday the Fritschle home was the scene of great merriment. Their son, Joe and family of Grand Rapids, Mrs. Agnelle Roy of Grand Rapids, Mr. and Mrs. O. Leroux and family of Sherry, Mr. and Mrs. Charlie Leroux of Sherry, Mr. and Mrs. Paul Juncan, Anthony and Miss Mary Vadnais, Mr. and Mrs. Vivian Newman were all present.

An auction was held Tuesday for the purpose of selling the Baughman factory site and Bob Feister bought it back for \$1.10 as it had been bought of him. The corner across the road on the Frank Whitman farm has been bought and work will begin at once for the erection of a new cheese factory.

Charlie Tansau of Marquette, Mich. left Monday for his home after visiting relatives for a week, spending most of his time with his aunt, Mrs. John Fritschle.

Mr. and Mrs. Elmer C. Crockett will move to Port Edwards this week where Elmer has secured employment.

Mother Borgia of Notre Dame Convent, Milwaukee visited St. Philomena's school last week.

Arno Ratelle left Sunday noon for Merrill where he will work in a camp near there this winter.

Mr. and Mrs. Frank Dunn of Milwaukee attended up here Sunday to see her folks, Mr. and Mrs. Jean Juncan. They left on Monday for their home.

The Red Cross drive is on this week and it is to be hoped that Rudolph will try to do her share to help for this year yet. All members of this chapter are requested to be present at Haumschield's hall Wednesday, Nov. 19th at 2 o'clock p. m. for the purpose of electing new officers.

## MILLADORE

Meet me at the dance at Rudolph Friday, Nov. 7th.

It may be hard to tell a woman's age, but you can bet that she is as young as her face will permit her to be.

# "BALL BAND" MORE DAYS WEAR

## All Rubbers at Last Years Prices--or Less

Our prices on Rubber Footwear remain the same as a year ago--except Boots and Mens Heavy Buckle Arctics--which are actually lower priced.

## Mens Ball Band Leather

### Top Rubbers—

8 in. top	\$4.25

This is a steam plow tract, one-half mile wide and three and one-half miles long. Price \$25.00 per acre. Terms \$5.00 per acre cash (or Liberty Bonds at Par) and \$1.00 per acre annually for 20 years. (Payable on or before) Interest 5 percent.

**T. F. ARMSTRONG**  
103 North 8th St.  
GRAND RAPIDS, WIS.POPULAR YOUNG COUPLE  
MARRIED AT PITTSVILLE

Miss Emma W. Schiller, of the town of Hansen, and Mr. Herbert T. Weigandt, of Pittsville, were married last Wednesday afternoon at two o'clock at St. John's Lutheran church at Pittsville, Rev. D. Dobratz officiating.

Miss Hedwig E. Schiller was the bridesmaid while Paul G. Schiller was the groomsmen. The bride was very attractive in a gown of white satin, trimmed with turquoise net and silver lace, and carried a shower bouquet of white roses. The bridesmaid was also very prettily gowned in a white embroidered dress, wearing a corsage bouquet. Following the ceremony the wedding party enjoyed a supper at the home of the bride's parents in the town of Hansen, where a number of their friends gathered to enjoy the evening with them. Music and a general entertainment made the evening pass quickly and pleasantly for the party.

Both of the young people are very well and favorably known in this city and throughout the western part of the county, the bride being the daughter of Mr. and Mrs. August H. Schiller of the town of Hansen, well known residents. She has been reared in that section and has a host of friends and acquaintances there. The groom is a son of Theodore Weigandt, and is an industrious young man of good habits. He has lived near Pittsville for a number of years, farming in that section and has a wide circle of friends and acquaintances there. Mr. and Mrs. Weigandt will make their future home at Moline, Ill., where Mr. Weigandt will engage in the grocery business. They leave Wood county with the best wishes of the Tribune and host of other friends.

FRED BEEL WON FROM  
RHINELANDER GRAPPLER

Fred Beel, of Marshfield, won a wrestling match from Sallor Bill Perkins of Rhinelander last Tuesday night, in two straight falls. Beel has been training for some time past and in matches around the state has shown that he has lost none of his old time form. Perkins has won several matches in his part of the country. The Rhinelander News North says:

Fred Beel of Marshfield, former heavyweight wrestling champion of the world, won from Sallor Bill Perkins before a full sized crowd of enthusiastic fans in the armory here Tuesday night. The first fall was secured in 38 minutes by an arm lock and body scissors. With an arm lock and head scissors the second fall was made in 38 minutes.

The Sailor showed up in good form and managed to get away from several of Beel's hard blows. After the match the Marshfield man credited Perkins with being a very worthy opponent.

In the preliminaries Young Strangler Lewis, a Wabeno product, won two straight falls from Wildcat Ferns, a local boy, in quick order.

URGE SOLDIERS TO TAKE  
STATE EDUCATIONAL OFFER

The American Legion has undertaken to educate the ex-service men of the State regarding the Educational Bonus Law.

"Every man who served Uncle Sam ought to understand what this law does for him," states Commander Davis. "It gives him \$1080 for his education in any school that is listed—and that there is a long list of them."

"Compare with the cash bonus law which gives him ten dollars for each month in service, it is way and beyond anything the soldier could ask. He can get a fine education, learn any vocation he likes at the expense of the state."

"He can earn additional money. The great industries of Milwaukee pay from \$35 to \$55 per month for half time. He can attend the rest. This \$55 to \$100 a month which results from his job and the state's allowance of \$30 per month will pay all his bills in school and leave him money to put in the bank."

"It's too bad to shut him off with \$50 or \$100 when he can get so much more. No matter if he has applied for the cash bonus he can get under the Educational Bonus Law if he acts now."

BOY TAKES LONG TRIP  
FATHER PAYS THE BILL

Charged with issuing two checks for \$125 to which the signature of his father was fixed, Samuel Schultz, 15, Leon, Waushara county, was brought into Judge Sorenson's court at Waunama. After hearing the youth's method of high finance the judge adjourned the case.

The lad, according to his testimony, went to a neighboring town, Berlin, where he succeeded in cashing the checks at a bank. From Berlin he bought a ticket to Chicago where he remained for several days, later going to New York where he spent the remainder of the money.

Becoming homesick and being without funds he said he "beat" his way back to Chicago, up the lake to Green Bay and finally home, penniless.

## STRUCK BY MOTOR CAR

Pittsville Record—William Peaslee, of Dexterville, was struck by a motor car out from Dexterville a short distance Saturday and as a result is laid up with a broken rib or two and otherwise pretty well battered up from the contact.

Billy was working on a Green Bay section out of Dexterville. The motor car was shoving a push car and on a down hill grade the push car ran ahead of the motor car and as Mr. Peaslee was trying to stop it with a stick against the wheel for a break he fell from the push car and was struck by the motor car immediately behind. Besides the broken rib he complains about pains in his back and the back of his neck and his leg is badly bruised.

If looks could kill, the undertakers would be working night and day burying husbands.

RECEIVE NEW BOOKS  
AT PUBLIC LIBRARYSome of the books added to the Public Library this month are:  
Non-fiction: American standard of perfection, a poultry book; The boy and his gang; by J. A. Puffer; Learning and doing, by E. J. Swift; Mind in the making; by E. J. Swift; Modern and contemporary European history by J. S. Schapiro; Theodore Roosevelt, by W. E. Thayer; Theodore Roosevelt's letters to his children, ed. by J. C. Bishop; Tolstoy the man and his work by Edward Alfred Steiner; What happened to Europe by F. A. Vanderlip; The years between by Rudyard Kipling; Fiction: Dangerous days by Mary Roberts Reinhardt; Dwellers in Arcady by Albert Bigelow Paine; From father to son by Mary S. Watson; Mare Nostrum by Vicente Blasco Ibanez; Mary Oliver by May Sinclair; Ramsey Millholland by Booth Tarkington; Re-Creation of Brian Kent by Harold Bell Wright; Smoke by Ivan Turgenev; Storm in a teacup by Eden Phillpotts; The branding iron by K. M. Burr; The Jervaise comedy by J. D. Beresford; The young visitors by Daisy Ashford.

Fiction: About Hansen, by C. H. Hunt; Child's book of the earth by H. W. Ferguson; Daddy Pat of the marines; by Lt. Col. E. Smythe; Running Eagle by J. W. Schultz; The sandman, his farm stories by W. J. Hopkins; The andman; his sea stories by W. J. Hopkins; Village life in America by Caroline Richard.

## A GET-TOGETHER TOWN

Milwaukee Journal—The village of Biron, Wis., for it's soul's health, is to have a municipal club, with a place for everyone. A gymnasium, an assembly room for men and women, a billiard room and bowling alleys will be provided. It is to be a community club, and the village is so fortunate in the amount of its tax duplicate that it will be paid for out of the public treasury.

The experiment of Biron will repay watching. There is a great deal of hope in it, and the town is fortunate in being able to begin this work so early in its history. It is still a small community. It has one principal industry. Its people ought to be able to get together now in a friendly way and thus form the habit of getting together. If it can keep this habit as it grows, many problems of other cities ought never to become problems in Biron. If all of us could really get together in any community and know each other there would be less difficulty about sympathizing with one another's lives. No city will fail to wish Biron success and watch with interest its trial of a real community club.

## BUENA VISTA MEN FINED

The Stevens Point Journal tells the following of two Buena Vista hunters, who were caught violating the game laws:

"Heavy fines continue to be handed out to violators of the state game laws. Within the past week eight cases have found their way into municipal court, in practically every instance the fine being \$50 and costs."

"Two more persons entered pleas of guilty to the charge of having in their possession during the closed season the hides of fur-bearing animals."

"Anton Okray of Buena Vista was arraigned before Judge J. A. Murat late Thursday afternoon on complaint of Game Warden J. V. Kelsey. He pleaded guilty to the charge preferred against him and was assessed a fine of \$50 and costs which made the total bill \$68.60. Eight skunk hides, and one of a muskrat were found in his possession."

"Joseph Schultz, also of Buena Vista, appeared before Judge Murat to answer to a similar charge. Arraigned Friday afternoon, he entered a plea of guilty, whereupon he was fined \$50 and costs, a total of \$69. The skunk hides were found in his possession by the conservation officer."

## HAD THE WRONG NAME

In last week's Tribune they appeared the account of the marriage of Miss Fannie Joseph to Mr. Alex Stein, however, thru an error the name Miss Fannie Ward was inserted instead of Miss Fannie Joseph. The account of their marriage should have read as follows:

Miss Fannie Joseph, formerly of this city, and Alex Stein, of Escanaba, Michigan, were united in marriage at the home of Mr. and Mrs. J. Levin in this city Sunday evening. Rev. Scher of Chicago performed the ceremony.

The young couple were attended by Mr. and Mrs. J. Levin and Mr. and Mrs. D. Levin of Babcock. The bride was very prettily gowned in white georgette. The home had been decorated for the occasion with cut flowers making the affair a very pretty one. Following the ceremony there was a wedding supper served at the Levin home, the tables being prettily decorated.

Mrs. Stein was formerly employed as a stenographer at one of the large stores of Minneapolis. She is the daughter of Mr. and Mrs. George Joseph of this city and is a most estimable young lady. The groom is one of the reputable merchants of Escanaba, conducting a clothing store in that city. Mr. and Mrs. Stein will make their home in Escanaba where they will go with the best wishes of the Tribune and their friends in this city.

Mrs. J. C. Werle visited with relatives at Fond du Lac several days the past week.

MARRIAGES OUTSIDE TO  
EVADE STATE LAWS ILLEGAL

Waunau Pilot—Judge Reid rendered an important decision, which if sustained by the supreme court, will not permit those living in the state and who intend to live within its precincts to be married outside of the state without strictly complying with our state laws. The case in question was Stella Lynnes vs. Earl Lynnes. This couple were residents of Oneida county; they went to Bessemer, Mich., and were united in marriage there without complying with the state law. Mr. Lynnes swore that he was twenty-one but, subsequently his wife learned that he had sworn falsely and that he was not of age. On that ground and that the marriage was performed outside of the state, the wife started an action for divorce. The case was tried before Judge A. H. Reid at Rhinelander, who decided that the marriage was illegal as he deemed it not in accordance with the state law, while the age might affect its legal status, it is not a fact that the principals were residents of the state and to go outside of its limits to be united in marriage without complying with the state law was illegal. Further, the Judge said in his decision: "The statutes were intended to disable from marriage any permanent resident of this state afflicted with certain diseases. It is a purpose of the law to protect the community from the spread of such diseases. The statute, then, no inhabitant afflicted with this disease is prohibited from marriage. He may go across the state line, contract marriage, return immediately to this state, and snap his fingers at the authorities. I cannot subscribe to a construction of our statutes which would permit that, unless the terms of the statute should require it."

RED CROSS HOME SERVICE  
FOR SOLDIERS UNFINISHED

Figures will not tell the story of Red Cross Home Service for Soldiers and their families since the armistice. And it is difficult to picture courage and persistence of the 30,000 workers in city, town and hamlet, who stood, and are still standing, to their guns in the greatest struggle of their lives, when all about them are dropping their war tasks to retrieve their own fortunes. The simple statement that during July nearly 300,000 families of service men were given Home Service attention, an increase of 75 per cent over the last month of the war, while in the same month, a half million dollars were expended in financial assistance, bringing the total up to nearly five million since the armistice as against three million before the war ended.

The work shows no signs of diminishing. With inspiring determination, the workers from Tampa to Seattle are carrying on to see that not a family shall suffer, that every allotment shall finally be collected, every compensation claim settled, every insurance or liberty bond definitely straightened out. The cheerful campaign against sickness, financial and business and legal difficulties, exploitation by the vicious and unscrupulous, is being fought out with every modern means community and national co-operation can afford.

Wherever the returned soldier may find difficulty he is in the Public Health Service hospitals, the schools and colleges for vocational training, the district offices of the Vocational Board, the Public Health Service, or the many other problems that arise he finds a sympathetic Red Cross worker ready to pilot him thru government intricacies and to help him get the very best attention that circumstances, bureau regulations and Congressional acts will permit.

Home Service has been so different from other wartime service. Its battle is not among bursting shrapnel and screaming shell, but rather where lonely parents, distressed and children, and confused returned service men are waiting for the advice and care of the "Greatest Mother in the World."

## COUNTY HAS NEW TRUCK

Herman Jantz went down to Milwaukee last Thursday returning on Sunday with a new Nash quad truck for county highway work. The truck is one which the war department transferred to the state, which has been equipped with a hoist and a body constructed for carrying the work on the state road. The truck costs the county about \$700, which pays for the new body and the hoist. It was put to work Monday morning by highway commissioner Amundson, on a mile stretch of gravel in the town of Lincoln, which is being put in this fall. A half mile of the road up there was macadam which has worn out and which is being surfaced with gravel.

DEAD DEER COSTS THREE  
HUNTERS FINES AND CAR

At Medford three hunters paid fines of \$50 and costs for carrying off a dead deer out of season. Harry Thompson for hunting without a license, and Harry Gehring for having a deer in his possession. The automobile in which the deer was found has been seized by Conservation Warden Kleist, Kenosha, as Wells &amp; Chase own a chattel mortgage on the car and are trying to get it back.

## HAD SKUNK HIDES

Alex Platoff, of the town of Carson, was arraigned before Judge Murat one day last week charged with having skunk hides in his possession. The case was closed this year. He pleaded guilty and paid a fine of \$61.87, and the three hides which were in his possession were confiscated by the state.

## ELKS GAVE CABARET DANCE

The Elks gave a cabaret dance at their club house last Friday evening, entertaining about seventy-five couples at the affair. Cabaret artists had been secured from Milwaukee and the evening was a very entertaining one.

THINKS TURNK LINES  
SHOULD GO TO POINT

In a two column article headed by a steamer across the front page the Stevens Point Journal voiced a strong protest in their Saturday issue against the proposed trunk line system that the state highway commission and the legislative committee has laid out. The opinion evidently is that trunk line highways are laid out by the state commission merely to bring trade to certain cities, and that the idea of getting roads, which lead to different communities, constructed does not enter into the matter. The chief trouble, however, is that Stevens Point did not get all the roads that were laid out in the central part of the state and their protest, in part, is as follows:

"Fifty-six new miles of highway are given to Portage county of which 25 miles are part of what Portage county asked and 27 miles are laid out purely for the benefit of Grand Rapids and were not asked for at the hearing here by a single citizen of community of Portage county. About four miles are laid out for Waunau's benefit. Portage county will be obliged to pay for maintenance out of its share of the maintenance money awarded to Portage county."

Pleasant Valley gets nothing and Almond is denied a place on the Waunau-Grand Rapids road, which is to run through Plainfield.

The Grand Rapids-Wausau road across Portage county is in two sections. One runs from Road 18 to Stevens Point and the other from Stevens Point to Wausau this year while Road 10 is under repair. It leaves 18 at the German Lutheran church 10 miles northwest of the city and runs north to Daney. It then crosses the Wisconsin river to Knowlton. This part of the highway will be an alternate route from Stevens Point to Daney.

As there is only a railway bridge across the river from Daney to Knowlton with a light wagon passageway at the side, built as an accommodation before the days of automobiles, the putting in of the highway will necessitate a bridge over the Wisconsin river. The present wagon section of the bridge, which is a light construction and will permit two teams to pass, cannot possibly take care of the traffic on a state trunk line road. It was thought of late that the route would be laid out from Daney to Mosinee on the west side of the river, but the official designation of it is "the Junction City-Daney-Knowlton highway."

The second section of this road begins at Road 18 two miles west of Junction City. It runs straight south six miles until it strikes the Wood-Portage county line, thence runs two miles east on the county line, thence south into Rudolph and Grand Rapids. This road was laid out with great skill to prevent the city of Stevens Point getting any benefit from it. If it were 4½ miles further west it would cut directly into the first section of the road mentioned and would give Stevens Point a good road, via the present Mill Creek road, to the Rudolph country. As now laid out it would be 23 miles to Rudolph from Stevens Point. A strip four miles wide on the western side of the town of Carson is thus denied connection with the Portage county seat and is made tributary to the city of Grand Rapids. This part of the road is going to hurt Stevens Point severely.

Sixteen miles of the Grand Rapids-Wausau road are in Portage county and two miles are on the county line, where the expense will be divided with Wood County. The bridge over the Wisconsin is in Marathon county.

The Grand Rapids-Kellner road strikes Portage county at the north-west corner of section 18, town 22, range 10, thence runs straight south 10 miles to the county line. It runs all this distance on the Portage-Wood line, going through the station of Kellner but touching no other settlements in this county. After leaving this county it goes to Plainfield and Waunama.

It was hoped that this route would be via Almond, but the commission has turned down that request. Portage county will be required to pay half the cost of maintenance of 10 miles of this road which is intended only as a feeder to the business houses in the city of Grand Rapids.

While the net result of the commission's decision will be disappointing to this country, and insult is added to injury when a majority of the county doesn't want it, there is left, through the moving of Highway 18, a possibility of a future route being given this county through Pleasant Valley, an impossibility while 18 remained where it was. The whole southeastern corner of the county is now without a state trunk line highway, and the need of a route through that country, especially where roads are put into such territory as lies between Grand Rapids and Plainfield, becomes plainer.

It is not believed that Grand Rapids will be satisfied permanently to come through Stevens Point on the way to Waunau, and as Grand Rapids has more pull with the state highway commission than any other community in this part of the state, it may be possible that a road can be laid out from the Milwaukee harbor to Waunau north or south of Waunau lakes which would be designated as the Grand Rapids-Waunau road. It was stated at the recent hearing here by the assistant division engineer that that would be done when Portage county improved the Pleasant Valley road as a county road.

## ANNOUNCEMENT

—We are now ready for business in our new ground floor Studio. Now is the time to come in for those Christmas photos. Your friends can buy anything you can give them except your photo. Moore Studio, 100 percent service.

HINES DENIES RATE RAISE  
TO BENEFIT RAIL OWNERS

"With regard to the resolution recently adopted by the Association of Railroad executives objecting to the position taken by the Director General of Railroads to the effect that the Railroad Administration ought not to undertake increased railroad rates, the Director General, Walker D. Hines, today authorized the following statement:—(The suggestion of the Railroad executives that the Railroad Administration make increase in rates can mean only one thing and that is that the Railroad Administration shall make these increases during Federal Control for the sole and exclusive benefit of the Railroad under private management after the end of Federal Control. This is true because the conclusion has been reached with the approval of the President that it is not in public interest to make an immediate increase in rates for the purpose of increasing the revenues of the Railroad Administration during Federal Control."

A fundamentally wrong conception is being put in the minds of the President ought to exercise the emergency rail making power conferred upon him for the purpose of deciding as between the railroads and the public as to what the former shall charge and what the latter shall pay, after federal control. The "Theory" of the Federal Control was that the Government would guarantee a rental during Federal Control but not afterwards. The idea of course was that after Federal Control the permanent statutory revisions and procedure would be looked to the Railroad Companies to secure for themselves adequate compensation. The resolution of the Railroad executives in effort takes the position that they are not willing to resort to the permanent statutory provisions to protect their interests but that they want the President to use his emergency power so as to provide for their compensation after Federal Control. There is no duty whatever either legal or more resting upon the Railroad Administration to initiate for the benefit of the Railroad Corporation which it believes to be inequitable to initiate for its own benefit. On the contrary, the Railroad Companies have the power to protect their interests in this matter just as fully as they have had in the past and they ought to resort to it unless they choose to stand on the rates as they are. With regard to the position suggested by the Railroad executives that the Railroad Administration ought to increase the rate because the Railroad Administration action in increasing the expense, this could not be true as to increases in expenses which would have taken place if the Railroad Administration had not been in existence.

In view of the extraordinary increases in expenses of all forms of industry under private management there is no basis for demonstration that the increase in expense of the Railroad Administration were due to any cause other than that which affords all forms of industry and hence no basis for claiming that a temporary emergency power of rate during Federal Control should be employed for the exclusive purpose of meeting them after Federal Control shall have ended. If the Railroad Administration demand it expedient to increase rates for its own benefit it would still be true that the increases it would make in order to defray expenses of unified operation of all the Railroad in the Country might be very different from the increases which would be necessary to protect the separate Railroads or separate territorial groups of railroads in different parts of the Country."

CRANBERRIES PRODUCE MORE  
THAN ANY OTHER FRUIT

Few housewives know the cranberry as well as they should. Many think of it only as an accompaniment to turkey for Thanksgiving and Christmas. The fruit has much to learn. In the first place, if you have failed to "put up" your cranberries, now is the time to repair that oversight, for cranberries make delicious jellies.

Preserving cranberries was decried during the war because it was supposed to consume too much sugar, but could you produce, with any other fruit, more than five glasses of preserves or more than four glasses of jelly out of a quart of fruit and a pound of sugar?

Cranberry jelly keeps as well as any other, yet few housewives "put up" cranberry jelly or preserves as they do other fruits. It will not only be found a splendid substitute for serving with roast, lamb, duck, baked chicken and ham, but many will prefer it to cranberry jelly.

As a substitute for sugar there is white corn syrup, which last year the government usurped. It may be recommended for use in preparing cranberries. Everyone knows cranberry jelly, cranberry sauce and cranberry pie, but how many tried good recipes for cranberry dumplings, cranberry marmalade, cranberry shortbread and cranberry omelet may be made with cranberry jelly. Try it and see how delicious a jelly omelet can be.

## NOTICE

—Notice is hereby given that a regular meeting of the County Board will be held commencing Tuesday, November 11th, 1919, at 2 o'clock, P. M. and that all persons having claims against the county should file with the County Clerk within the time required by law, prior to said date written statements of such claims duly itemized, verified and characterized, as required by Section 677 of the Statutes, otherwise such claims will not be considered by said board at said meeting. Dated this 29th day of October, 1919. SAM CHURCH, County Clerk.

## Don't Rent! Don't Rent!

OWN YOUR OWN HOME

FOR SALE:—5 1/2 miles from rail-  
road—Central. Wisconsin—1120  
acres Hardwood land. Solid timber,  
no cuts, every acre tillable. Fine spring  
creek, no stone, no hills, level as a  
floor, no swamp. Some 100 acres  
White and Red Oak timber 18 inches  
in circumference. Good road through  
the land. Some forty acres ready to  
plow. Will grow corn, potatoes,  
or grain. This is a steam plow tract,  
one-half mile wide and three and  
one-half miles long. Price \$25.00  
per acre. Terms \$5.00 per acre cash  
(or Liberty Bonds at 100) and \$1.00  
per acre annually for 20 years. (Pay-  
able on or before) Interest 5 per  
cent.T. F. ARMSTRONG  
103 North 8th St.  
GRAND RAPIDS, WIS.POPULAR YOUNG COUPLE  
MARRIED AT PITTSVILLEMiss Emma W. Schiller, of  
the town of Hannon, and Mr. Herbert T.  
Wolfgang, of Pittsville, were married  
last Wednesday afternoon at  
two o'clock at St. John's Lutheran  
church at Pittsville, Rev. D. Dobratz,  
officiating.Miss Hedwig E. Schiller was the  
bridesmaid while Paul G. Schiller  
was the groomsmen. The bride was  
very attractive in a gown of white  
satin, trimmed with turquoises and  
silver lace, and carried a shower  
bouquet of white roses. The brides-  
maid was also very prettily gowned  
in a white embroidered dress wear-  
ing a corsage bouquet. Following  
the ceremony the wedding party en-  
joyed a supper at the home of the  
bride's parents in the town of Hannon,  
where a number of their friends  
gathered to enjoy the evening with  
them. Music and a general enter-  
tainment made the evening pass  
quickly and pleasantly for the party.Both of the young people are very  
well and favorably known in this  
city and through the western part of  
the county, the bride being the  
daughter of Mr. and Mrs. August H.  
Schiller of the town of Hannon, well  
known residents. She has been  
reared in that section and has a host  
of friends and acquaintances there.  
The groom is a son of Theodore  
Wolfgang, and is an industrious  
young man of good habits. He has  
lived near Pittsville for a number of  
years, farming in that section and  
has a wide circle of friends and ac-  
quaintances there. Mr. and Mrs.  
Wolfgang will make their future  
home at Moline, Ill., where Mr. W.  
Wolfgang will engage in the grocery  
business. They leave Wood county  
with the best wishes of the Tribune  
and host of other friends.FRED BEEL WON FIGHT  
RHINELANDER GRAPPLERFred Beel, of Marshfield, won a  
wrestling match from Sallor Bill  
Perkins of Rhineland last Tuesday  
night, in two straight falls. Beel  
has been training for some time  
past and in matches around the state  
has shown that he has lost none of  
his old time form. Perkins has won  
several matches in his part of the  
county. The Rhinelanders New  
North says:Fred Beel, of Marshfield, former  
heavyweight wrestling champion of  
the world, won from Sallor Bill Per-  
kins a fair sized crowd of en-  
thusiastic fans in the armory here  
Tuesday night. The first fall was  
secured in 38 minutes by an arm  
lock and body scissors. With an  
arm lock and head scissors the se-  
cond fall was made in 38 minutes.The Sallor showed up in good  
form and managed to get away from  
several of Beel's hard holds. Af-  
ter the match the Marshfield man  
credited Perkins with being a very  
worthy opponent.In the preliminary Young Strangler  
Towls, a Wabeno product, won two  
straight falls from Wildcat  
Ferus, a local boy, in quick order.URGE SOLDIERS TO TAKE  
STATE EDUCATIONAL OFFERThe American Legion has under-  
taken to educate the ex-service men  
of the State regarding the Educa-  
tional Bonus Law."Every man who served Uncle  
Sam ought to understand what this  
law does for him," states Commander  
Davis. "It gives him \$1080 for his  
education in any school that is lis-  
ted—and there is a long list of them.  
"Compare with the cash bonus  
law which gives him ten dollars for  
each month in service, it is way and  
beyond anything the soldier could  
ask. He can get a fine education,  
learn any vocation he likes at the ex-  
pense of the state."He can earn additional money.  
The great industries of Milwaukee  
pay from \$35 to \$65 per month for  
half time. He can study the rest.  
This \$65 to \$100 a month which re-  
sults from his job and the state's  
allowance of \$30 per month will pay  
all his bills in school and leave him  
money to put in the bank."It's too bad to shut him off with  
\$50 or \$100 when he can get so  
much more. No matter if he has  
applied for the cash bonus he can  
withdraw his application and get in  
under the Educational Bonus Law  
if he acts now."BOY TAKEN LONG TRIP  
FATHER PAYS THE BILLCharged with issuing two checks  
for \$125 to which the signature of  
his father was fixed, Samuel Schultz  
15, Leona, Waushara county, was  
brought into Judge Sorenson's  
court at Waunakee. After hearing  
the youth's method of high finance  
the judge adjourned the case.The lad, according to his testi-  
mony, went to a neighboring town,  
Berlin, where he succeeded in cash-  
ing the checks at a bank. From  
Berlin he bought a ticket to Chicago  
where he remained for several days,  
later going to New York where he  
spent the remainder of the money.Becoming homesick and being  
without funds he said he "beat" his  
way back to Chicago, up the lake to  
Green Bay and finally home, pan-  
tless.

## STRUCK BY MOTOR CAR

Pittsville Record—William Pen-  
slove of Dexterville, was struck by a  
motor car out from Dexterville a  
short distance Saturday and as a re-  
sult is laid up with a broken rib or  
two and otherwise pretty well bat-  
tered up from the contact.Dilly was working on a Green Bay  
section out of Dexterville. The motor  
car was showing a push car and  
on a down hill grade the push car  
ran ahead of the motor car and as  
Mr. Penslove was trying to stop it  
with a stick against the wheel for  
a break he fell from the push car  
and was struck by the motor car im-  
mediately behind. Besides the broken  
rib he complains about pains in  
his back and the back of his neck  
and his leg is badly bruised.It looks could kill, the undertakers  
would be working night and day  
burying husbands.RECEIVE NEW BOOKS  
AT PUBLIC LIBRARYSome of the books added to the  
Public Library this month are:Non-fiction: American standard  
of perfection, a poultry book; The  
boy and his gun; by J. A. Puffer;  
Learning and doing; by E. J. Swift;  
Mind in the making; by E. J. Swift;  
Modern and contemporary European  
history; by J. S. Schapiro; Theodore  
Roosevelt's letters to his chil-  
dren, ed. by J. C. Bishop; Tolstoy,  
the man and his work by Edward Al-  
fred Steiner; What happened to  
Europe by F. A. Vandervliet; The  
years between by Rudyard Kipling.  
Fiction: Dangerous days by Mary  
Roberts Reinhardt; Dwellers in Ar-  
eady by Albert Bigelow Paine; From  
father to son by Mary S. Watts;  
Mare Nostrum by Vicente Blasco  
Ibanc; Mary Oliver by May Sin-  
clair; Ramsay Millholland by Booth  
Tarkington; Re-Creation of Brian  
Kort by Harold Bell Wright; Smoke  
by Ivan Turgenev; Storm in a teacup  
by Eden Philpotts; The branding  
iron by K. M. Barr; The Jervaise  
comedy by J. D. Beresford; The  
young visitors by Daisy Ashford.Juvenile: About Harriet by C.  
W. Hunt; Child's book of the teeth  
by H. W. Ferguson; Daddy Pat of  
the marines; by Lt. Col. Frank  
Evans; Eugene Field book; Lullaby  
Land by Eugene Field; James Whit-  
comb Riley Child-rhymes; James  
Whitcomb Riley Farm-rhymes; Jour-  
nal of Countess Francine Krasnik;  
Our old nursery rhymes ed. by  
Alfred Moffat; Peter and Polly in  
autumn by Rose Lucia; Picture  
books by Walter Crane; Reynard the  
fox ed. by L. E. Smythe; Running  
Eagle by J. W. Schultz; The sand-  
man, his farm stories by W. J. Hop-  
kins; The andman, his son stories by  
W. J. Hopkins; Village life in An-  
tiquity by Caroline Richard.

## A GET-TOGETHER TOWN

Milwaukee Journal—The village  
of Biron, Wis., for it's soul's health,  
is to have a municipal club, with a  
place for everyone. A gymnasium,  
an assembly room, parlors for men  
and women, a billiard room and bow-  
ling alleys will be provided. It is  
to be a community club, and the vil-  
lage is so fortunate in the amount of  
the tax duplicate that it will be paid  
for out of the public treasury.The experiment of Biron will re-  
pay watching. There is a great deal  
of hope in it, and the town is fortu-  
nate in being able to begin this  
work so early in its history. It has  
one principal industry. Its people ought  
to be able to get together now in a  
friendly way and thus form the ha-  
bit of getting together. If it can  
keep this habit as it grows, many  
problems of other cities ought never  
to become problems in Biron. If  
all of us could really get together  
in any community and know each  
other there would be less difficulty  
about sympathizing with one an-  
other's lives. No city will fail to  
with Biron success and watch with  
interest its trial of a real community  
club.

## DEUNA VISTA MEN FINED

The Stevens Point Journal tells  
the following of two Buena Vista  
hunters, who were caught violating  
the game laws:"Heavy fines continue to be han-  
ded out to violators of the state game  
laws. Within the past week eight  
cases have found their way into  
municipal court, in practically every  
instance the fine being \$50 and costs."Two more persons entered pleas  
of guilty to the charge of having in  
their possession during the closed  
season the hides of fur-bearing ani-  
mals."Anton Okray of Buena Vista was  
arranged before Judge J. A. Murat  
late Thursday afternoon on com-  
plaint of Game Warden J. V. Kelsey.  
He pleaded guilty to the charge pro-  
hibited against him and was assessed  
a fine of \$50 and costs which made  
the total bill \$60. Eight skunk  
hides, and one of muskrat were  
found in his possession."Joseph Schultz, also of Buena  
Vista, appeared before Judge Murat  
to answer to a similar charge. Ar-  
ranged Friday afternoon, he entered  
a plea of guilty, whereupon he was  
fined \$50 and costs, a total of \$60.  
The skunk hides were found in his  
possession by the conservation of-  
ficer.

## HAD THE WRONG NAME

In last week's Tribune their ap-  
pearance on the account of the marriage  
of Miss Fannie Joseph to Mr. Alex  
Stain, however, thru an error the  
name Miss Fannie Ward was insert-  
ed instead of Miss Fannie Joseph.  
The account of the marriage should  
have read as follows:Miss Fannie Joseph, formerly of  
this city, and Alex Stain, of Escana-  
ba, Michigan, were united in mar-  
riage at the home of Mr. and Mrs.  
J. Lovin in this city Sunday evening.  
Rev. Schor of Chicago performed the  
ceremony.The young couple were attended  
by Mr. and Mrs. J. Lovin and Mr.  
and Mrs. D. Levin of Babcock. The  
bride was very prettily gowned in  
white georgette. The home had  
been decorated for the occasion with  
cut flowers making the affair a very  
pretty one. Following the ceremony  
there was a wedding supper served  
at the Lovin home, the tables being  
prettily decorated.Mrs. Stain was formerly employed  
as saleslady in the one of the large  
stores of Minneapolis. She is the  
daughter of Mr. and Mrs. George  
Joseph of this city and is a most es-  
timable young lady. The groom is  
one of the reputable merchants of  
Escanaba, conducting a clothing  
store in that city. Mr. and Mrs.  
Stain will make their home in Es-  
canaba where they will go with the  
best wishes of the Tribune and their  
friends in this city.Mrs. J. C. Werle visited with rela-  
tives at Fond du Lac several days the  
past week.MARRIAGES OUTSIDE TO  
EVADE STATE LAWS ILLEGALWaunau Pilot—Judge Reid re-  
rendered an important decision, which it  
sustained by the supreme court, will  
not permit those living in the state  
and who intend to live within its  
precincts to be married outside of  
the state without strictly complying  
with our state laws. The case in  
question was Stella Lynnaes vs.  
Earl Lynnaes. This couple were  
residents of Oneida county, they  
went to Benning, Mich., and were  
united in marriage there without  
complying with the state law. Mr.  
Lynnaes swore that he was twenty-  
one but, subsequently his wife learned  
that he had sworn falsely and  
that he was not of age. "On that  
ground and that the marriage was  
performed outside of the state, the  
wife started an action for divorce.  
The case was tried before Judge A.  
H. Reid at Rhineland, who decided  
that the marriage was illegal as he  
deemed it not in accordance with  
the state law; while the age might  
affect its legality, in his opinion the  
fact that the principals were resi-  
dents of the state and to go outside  
of its limits to be united in marriage  
without complying with the state  
law was illegal. Further, the judge  
said in his decision: "The statutes  
were intended to disable from mar-  
riage any permanent resident of this  
state afflicted with certain diseases.  
If this court is not right in its con-  
struction of the statute, then no in-  
habitant afflicted with this disease is  
prohibited from marriage. He may  
go across the state line, contract  
marriage, return immediately to this  
state, and snap his fingers at the au-  
thorities. I cannot subscribe to a  
construction of our statutes which  
would permit that, unless the terms  
of the statute should require it."The work shows no signs of dim-  
inishing. With inspiring determi-  
nation, the workers from Tampa to  
Seattle are carrying on to see that  
not a family shall suffer; that every  
allotment shall finally be collected,  
every compensation claim settled,  
every insurance or liberty bond de-  
finitely straightened out. The  
cheerful campaign against sickness,  
financial and business and legal dif-  
ficulties, exploitation by the victims  
and unscrupulous, is being fought  
out with every modern means com-  
munity and national co-operation  
can afford.Wherever the returned soldier  
may find difficulty he is in the public  
Health Service hospitals, the schools  
and colleges for vocational training,  
the district offices of the Vocational  
Board, the Public Health Service, or  
the many other problems that arise  
he finds a sympathetic Red Cross  
worker ready to pilot him thru  
government intricacies, and ready to  
help him get the very best attention  
that circumstances, bureau regula-  
tions and Congressional acts will per-  
mit.Home Service has been so different  
from other wartime service. Its  
battle is not among bursting shrap-  
nel and screaming shells, but rather  
among lonely parents, distressed  
wives and children, and a waiting  
returned service man who is waiting  
for the advice and care of the "Greatest  
Mother in the World."

## COUNTRY HAS NEW TRUCK

Horman Jantz went down to Mil-  
waukee last Thursday returning on  
Sunday with a new Nash quad truck  
for county highway work. The  
truck is one which the war depart-  
ment turned over to the state, which  
has been equipped with a hoist and  
a body constructed for carrying on  
the work on the state road. The  
truck costs the county about \$700,  
which pays for the new body and  
the hoist. It was put to work Mon-  
day morning by highway commis-  
sioner Amundson, on a mile stretch  
of gravel in the town of Lincoln,  
which is being put in this fall. A  
half mile of the road up there was  
macadam which has worn out, and  
which is being surfaced with gravel.DEAD DEER COSTS THREE  
HUNTERS FINES AND CARAt Medford three hunters paid  
fines of \$50 and costs, Harry Gallor  
for killing deer out of season, Harry  
Thompson for hunting without li-  
cense, and Harry Gehring for having  
a deer in his possession. The auto-  
mobile in which the deer was found  
has been seized by Conservation  
Warden Kleist, Kenosha, as Wells &  
Chase own a chattel mortgage on the  
car and are trying to get it back.

## HAD SKUNK HIDES

Alex Platoff, of the town of Car-  
son, was arraigned before Judge  
Murat one day last week charged  
with having skunk hides in his pos-  
session, the season being closed this  
year. He pleaded guilty and paid  
a fine of \$1.97, and the three hides  
which were in his possession were  
confiscated by the state.

## ELKS GAVE CABARET DANCE

The Elks gave a cabaret dance at  
their club house last Friday evening,  
entertaining about seventy-five com-  
ple at the affair. Cabaret artists  
had been secured from Milwaukee  
and the evening was a very enter-  
taining one.THINKS TURNK LINES  
SHOULD GO TO POINTIn a two column article headed by  
a screamer across the front page the  
Stevens Point Journal voiced a  
strong protest in their Saturday is-  
sue against the proposed trunk line  
system that the state highway com-  
mission and the legislative commit-  
tee has laid out. The opinion evi-  
dently is that trunk line highways  
are laid out by the state commis-  
sion merely to bring trade to certain  
cities, and that the idea of getting  
roads, which lead to different com-  
munities, constructed does not en-  
ter into the matter. The chief  
trouble, however, is that Stevens  
Point did not get all the roads that  
were laid out in the central part of  
the state, and their protest, in part,  
is as follows:"Fifty-six new miles of highway  
are given to Portage county of which  
25 miles are part of what Portage  
county asked and 27 miles are laid  
out purely for the benefit of Grand  
Rapids and were not asked for at the  
hearing here by a single citizen or  
community of Portage county. About  
four miles are laid out for Waun-  
paca's benefit. Portage county will  
be obliged to pay for patrolmen on  
all the roads and to maintain them  
out of its share of the maintenance  
money awarded to Portage county."Elegant Valley gets nothing and  
Almond is denied a place on the  
Waunakee-Grand Rapids road, which  
is to run through Plainfield."The Grand Rapids-Waunau road  
across Portage county is in two sec-  
tions. One runs from Road 18 to  
Dancy and is the route taken from  
Stevens Point to Waunau this year  
while Road 10 is under repair. It  
leaves 18 at the German Lutheran  
church 10 miles northwest of the city  
and runs north to Dancy. It then  
crosses the Wisconsin river to  
Knowlton. This part of the high-  
way will be an alternate route from  
Stevens Point to Dancy."As there is only a railway bridge  
across the river from Dancy to  
Knowlton with a light wagon pass-  
ageway at the side, built as an ac-  
commodation before the days of au-  
tomobiles, the putting in of the high-  
way will necessitate a bridge over  
the Wisconsin river. The present  
wagon section of the bridge, which is  
of light construction and will not  
permit two teams to pass, could  
not possibly take care of the traf-  
fic on a state trunk line road. It  
was thought of late that the route  
would be laid out from Dancy to Mu-  
nroe on the west side of the river, but  
the official designation of it is "the  
Junction City-Dancy-Knowlton high-  
way.""The second section of this road  
begins on Road 18 two miles west  
of Junction City. It runs straight  
south six miles until it strikes the  
Wood-Portage county line, thence  
runs two miles east on the county  
line, thence south into Randolph and  
Grand Rapids. This road was laid  
out with great skill to prevent the  
city of Stevens Point getting any  
benefit from it. If it were 4 1/2 miles  
further east it would run directly  
into the first section of the road men-  
tioned and would give Stevens Point  
a good road, via the present Mill  
Creek road, to the Randolph country.  
As now laid out it would be 23 miles  
to Randolph from Stevens Point. A  
strip four miles wide on the western  
side of the town of Carson is thus  
denied connection with the Portage  
county seat and is made tributary in  
a trade way to Grand Rapids. This  
part of the road is going to hurt Stevens  
Point severely.Sixteen miles of the Grand Rapids-  
Waunau road are in Portage county,  
and two miles are on the county line,  
where the expense will be divided  
with Waunau County. The bridge over  
the Wisconsin is in Waunau county.  
"The Grand Rapids-Kollnor road  
strikes Portage county at the north-  
west corner of section 13, town 22,  
range 7, thence runs straight south  
10 miles to the county line. It runs  
all this distance on the Portage-  
Wood line, going through the sta-  
tion of Kollnor but touching no other  
settlements in this county. After  
leaving this county it goes to Plain-  
field and Waunau."It was hoped that this route  
would be via Almond, but the com-  
mission has turned down that re-  
quest. Portage county will be re-  
quired to pay half the cost of main-  
tenance of 10 miles of this road  
which is intended only as a feeder  
to the business houses in the city of  
Grand Rapids."While the net result of the com-  
mission's decision will be disappoint-  
ing to this country, and insult is ad-  
ded to injury when a majority of the  
roads located in the county are those  
the county doesn't want, there is  
left, through the moving of High-  
way 18, a possibility of a future route  
being given this county through  
Pleasant Valley, an impossibility  
while 18 remained where it was. The  
whole southeastern corner of the  
county is now without a state trunk  
line highway, and the need of a  
route through that country, especial-  
ly when roads are put into such ter-  
ritory as lies between Grand Rapids  
and Plainfield, becomes plain."It is not believed that Grand Rapids  
will be satisfied permanently to come  
through Stevens Point on the way to  
Waunau, and as Grand Rapids has  
more pull with the state highway  
commission than any other com-  
munity in this part of the state, it  
may be possible that a road can be  
laid out from the Moore barn to  
the Grand Rapids-Waunau road. It  
was stated at the recent hearing here  
by the assistant division engineer  
that this would be done when Por-  
tage county improved the Pleasant  
Valley road as a county road.

## ANNOUNCEMENT

—We are now ready for business  
in our new grand door studio.  
Now is the time to come in for those  
Christmas photos. Your friends can  
buy anything you can give them ex-  
cept your photo. Moore Studio, 100  
percent service.

## NOTICE

—Notice is hereby given that a  
regular meeting of the County Board  
will be held commencing Tuesday,  
November 11th, 1919, at 2 o'clock,  
P. M. and that all persons having  
claims against the county should file  
with the County Clerk within the  
time required by law, prior to said  
date written statements of such  
claims duly itemized, verified and  
characterized, as required by Sec-  
tion 677 of the Statutes, otherwise  
such claims will not be considered  
by said board at said meeting.Dated this 29th day of October,  
1919.

SAM CHURCH, County Clerk.

Wm. Ehler of the town of Hansen  
was a pleasant caller at the Tribune  
office Monday morning.HINES DENIES RATE RAISE  
TO BENEFIT RAIL OWNERS"With regard to the resolution re-  
cently adopted by the Association of  
Railroad executives objecting to the  
position taken by the Director Gen-  
eral of Railroads to the effect that  
the Railroad Administration ought  
not to undertake increased railroad  
rates, the Director General, Walker  
D. Hines, today authorized the fol-  
lowing statement:—(The suggestion  
of the Railroad executives that the  
Railroad Administration make in-  
crease in rates can mean only one  
thing and that is that the Rail-  
road Administration shall make those in-  
creases during Federal Control for  
the sole and exclusive benefit of the  
Railroads under private management  
after the end of Federal Control.  
This is true because the conclusion  
has been reached with the approval  
of the President that it is not in pub-  
lic interest to make an immediate  
increase in rates for the purpose of  
increasing the revenues of the Rail-  
road Administration during Federal  
Control.A fundamentally wrong conception  
is involved in the claim that the Pres-  
ident ought to cancel the emer-  
gency rail making power conferred  
upon him for the purpose of deciding  
as between the railroads and the  
public as to what the former shall  
charge and what the latter shall pay,  
after federal control. The "Theory"  
of the Federal Control was that the  
Government would guarantee a ren-  
tal during Federal Control but not  
afterwards. The idea of course was  
that after Federal Control the perma-  
nent statutory revisions and pro-  
cedure would be looked to the Rail-  
road Companies to secure for them-  
selves adequate compensation. The  
resolution of the Railroad executives  
in effect takes the position that they  
are not willing to resort to the perma-  
nent statutory provisions to protect  
their interests but instead they want  
the President to use his emergency  
power so as to provide for their com-  
pensation after Federal Control in  
addition to having guaranteed them  
their return from Federal Control.There is no duty whatever either  
legal or moral resting upon the Rail-  
road Administration to initiate for  
the benefit of the Railroad Corpora-  
tion which it believes to be in ex-  
cess to initiate for its own benefit.  
On the contrary, the Railroad Com-  
panies have the power to protect  
their interests in this matter just as  
fully as they have had in the past  
and they ought to resort to it unless  
they choose to stand on the rates as  
they are. With regard to the pos-  
ition suggested by the Railroad ex-  
ecutives that the Railroad Adminis-  
tration ought to increase the rates be-  
cause the Railroad Administration  
action in increasing the expense, this  
could not be true as to increases in  
expenses which would have taken  
place if the Railroad Administration  
had not been in existence.In view of the extraordinary in-  
creases in expenses of all forms of  
industry under private management  
there is no basis for demonstration  
that the increase in expense of the  
Railroad Administration were due to  
any cause other than that which af-  
fords all forms of industry and hence  
no basis for claiming that a tem-  
porary emergency power of rate dur-  
ing Federal Control should be em-  
ployed for the exclusive purpose of  
meeting them after Federal Control  
shall have ended. If the Railroad  
Administration demand it expedient  
to increase rates for its own benefit  
it would still be true that the in-  
creases it would make in order to  
defray expenses of unified operation  
of all the Railroad in the Country  
might be very different from the in-  
creases which would be necessary to  
protect the separate railroads or  
separate territorial groups of rail-  
roads in different parts of the  
Country."CRANBERRIES PRODUCE MORE  
THAN ANY OTHER FRUITFew housewives know the cran-  
berry as well as they should. Many  
think of it only as an accompaniment  
to turkey for Thanksgiving and  
Christmas, but the housewife has  
much to learn. In the first place,  
if you have failed to "put up" cran-  
berries, now is the time to repair that  
oversight, for cranberries make de-  
licious jellies.Preserving cranberries was de-  
cried during the war because it was  
supposed to consume too much sug-  
ar, but could you produce, with any  
other fruit, more than five glasses  
of preserves or more than four glass-  
es of jelly out of a quart of fruit and  
a pound of sugar?Cranberry jelly keeps as well as  
any other, yet few housewives "put  
up" cranberry jelly or preserves as  
they do other fruits. It will not  
only be found a splendid substitute  
for serving with roast, lamb, duck  
baked chicken and ham, but many  
will prefer it to currant jelly.As a substitute for sugar there is  
white corn syrup, which last year  
the government usurped. It may be  
recommended for use in preparing  
cranberries. Everyone knows cran-  
berry jelly, cranberry sauce and  
cranberry pie, but how many tried  
good recipes for cranberry dumplings,  
cranberry marmalade, cranberry  
shortbread or candied cranberries?The most delicious jelly outlet  
may be made with cranberry jelly.  
Try it and see how delicious a jelly  
outlet can be.

LOCAL ITEMS
J. H. Snyder of Pittsville was a business visitor in the city on Friday.
Mrs. B. G. Eggert was called to Plainfield, Ill., on Monday evening by the illness of her father.
George Buerger spent Sunday with relatives at Antigo.
Will Kruschko of Sheboygan and sister, Mrs. Martha Beatty of Scappoose, Oregon were guests at the home of their sister, Mrs. Geo. Delap several days this week.
Miss Kate Hoenenfeld, of Vesper, who is doing government work at Washington was a visitor in the city on Saturday.
A son was born to Mr. and Mrs. J. A. Steuck of Sanborn, Iowa, on Oct. 31st.
Miss Amanda Erdman of this city, daughter of Mr. and Mrs. Otto Erdman.
Miss Marguerite Kraus and Miss Josephine Fogarty, the former of Marshfield and the latter of Green Bay, were week end guests of Miss Anina Daly, having come to attend the Elks cabaret.
O. J. Leu closed a deal last week whereby Hugo Heiligenthal of Watertown, Wis., became the owner of the F. W. Tunks farm in the town of Seneca.
A. E. Vallin of the town of Rudolph was a pleasant caller at the Tribune office on Monday, while in the city on business.
Mr. Wm. Huffman, editor and proprietor of the Grand Rapids Leader entertained Monday evening at a 6:30 dinner at the Hotel Witter.
HAD DINNER PARTY
Mr. Wm. Huffman, editor and proprietor of the Grand Rapids Leader entertained Monday evening at a 6:30 dinner at the Hotel Witter.
WILL RAISE MELONS
J. E. Knight, who recently purchased the Frank Whitlock farm southeast of the city, was a pleasant caller at the Tribune office on Monday and while here stated that he will put in a good patch of water and musk melons next season.
WANT BASKET BALL GAMES
The Lo-a-Lot Basket Ball team of North Fond du Lac is being organized under the management of Coach Owen C. Clark and comes forward this year with an all star line up.
COUNTY TO GET LAST OF FEDERAL AID ALLOTMENT
Word from State Highway Engineer A. R. Hirst to County Clerk Sam Church states that the final payment of the joint Federal and State Highway money will be available for State Trunk Highway construction for the fiscal year starting July 1, 1920.
SECURE CENSUS TAKERS
E. J. Scott, in charge of taking the census for the Seventh Census district, held an examination at the Lincoln high school last Friday, examining twenty-four candidates for the positions.
Do not whine and claim that you are being knocked and persecuted. The English sparrow is the most knocked and persecuted thing in this country, but he minds his own business and hustles and waxes fat and flourishes.

The Pathe Instrument
in the excellence of tone, in the beauty of cabinet design, in the finish of the woods, and in the care of assembling, is the most perfect phonograph that human skill and genius can produce.
The Pathe Sapphire Ball which does away with old fashioned steel needles glides smoothly around the record like a drop of water. This round polished jewel fits exactly into every record groove and accurately reproduces every shading of the selection. The music flows off; isn't scratched off. No needles to change; no needles to buy; always ready to play. No wear on the records; every Pathe record is guaranteed to play 1000 times.
The all wood violin tone chamber eliminates the harsh metallic sounds, so objectionable in the ordinary talking machines.
The Pathe Controlla enables you to play any record loudly or softly with the same Sapphire Ball. The martial strains of a Pathe Band Record can be softened for your drawing room or you can make the lively jazz of the latest dance loud enough to be heard over all the dance floor.
And remember, the Pathe plays all makes of records.
We will deliver your Pathe Phonograph at your home any time you say—and will arrange for payments at intervals to suit your convenience. Come in and let us demonstrate them for you.

**LIENSE RAISE MELONS**

J. E. Knight, who recently purchased the Frank Whitlock farm southeast of the city, was a pleasant caller at the Tribune office on Monday and while here stated that he will put in a good patch of water and musk melons next season. Grand Rapids people have been getting their melons largely from the Whitlock farm for many years, and in spite of early frosts, hail storms and other handicaps, Mr. Whitlock had raised some excellent melons. Mr. Knight formerly lived on the Plover Road at the County Line and is a thoroughly experienced farmer. He moved his family onto the farm during the past week.

People would have a whole lot more money in the bank if they were not all trying to get something for nothing.

Even when we are all prohibitionists and every day is Sunday, we do not close up the Hades House for lack of patronage.

**WILL RAISE MELONS**

Isaac Lionie, owner of a car which damaged a rig on the Sigel road several weeks ago when the vehicles collided, was found guilty of operating a car at a speed greater than fifteen miles per hour when passing another vehicle and of attempting to pass the other vehicle with a distance of less than three feet between the vehicles, in Judge Getta court last Thursday. Lionie was fined \$10 and costs, amounting to \$58, and has appealed the case to the circuit court.

The story Lionie told was that his son, Lawrence, aged nineteen was driving the machine. The lad stated that he saw the vehicle ahead of him and thought he could pass but when it was too late he discovered that he couldn't pass between the ditch and the rig, the result being that he struck the rig. He admitted that he had been driving at a speed from 25 to 30 miles an hour before he reached the vehicles, but stated that he had slowed down to about fifteen miles per hour at the time of the accident.

After listening to the testimony on both sides of the case the Judge made it \$10 and costs, and Lionie declared his intention of appealing the case.

**HAD DINNER PARTY**

Mr. Wm. Huffman, editor and proprietor of the Grand Rapids Leader entertained Monday evening at a 6:30 dinner at the Hotel Witter. Those present were Miss Martha Pliske, Miss Helen Pliske, Miss Marion Atwood, Mr. Harry Jellows, a friend of Mr. Huffman from Rockford, Ill., who is paying him a visit and Mr. Harold Hansen. After dinner the party attended the show at the Ideal Theatre.

**—300 Sample waists and blouses at 25% discount for cash. Hand-some new styles and just in time to save you some money. You can buy two or three waists at the price of one at some places. I. E. Wilcox, 201 4th Ave. S.**

**POPULAR SHERRY COUPLE MARRIED LAST SATURDAY**

(From Sherry Correspondent)

An event that has been looked forward to with keen anticipation took place on Saturday last, Nov. 6th. The marriage of Miss John Lorraine Davis, the only daughter of Mr. and Mrs. Ed. Davis of Mercer to Raymond J. Thomas in the Presbyterian church at Sherry. The young people are both well known and a large number of friends from the immediate neighborhood as well as many from a distance, assembled at the appointed hour, 2 P. M. The church was beautifully decorated in overgreen boughs and white with wedding bells and presented a charming picture. Messrs. Walter Beck and Glen Stratton were ushers and Miss Mollie Manthel played the wedding march. Two little ladies, Louella Wiken, a blonde and Eyaline Manthel, a brunette preceded the bride with baskets of green and white. Up the west aisle came the bride, attired in a beautiful dress and veil, attended by Miss Margery Thomas, the only sister of the groom, dressed in blue and Miss Inez Davis, cousin of the bride, from Mercer, dressed in pink. Coming up the east side was the groom and his best man, George Davis of Cleveland, Ohio, brother of the bride, and Ralph Thomas, a brother of the groom. At the altar the two that were to be united in marriage met and in a beautiful and most impressive manner were united in the holy bonds of wedlock by the Rev. Fred Jarden, pastor of the Methodist church at Marshfield.

Following the ceremony they returned to the home of Mr. and Mrs. Harry Thomas, and this is also the future home of the young couple, and the house was filled to overflowing. A very large number gathered to offer congratulations and partake of a banquet of large numbers of viands which the hostess knows so well how to prepare. She was assisted by her sister, Mrs. Johnson whom we believe was also married from the same hospitable home some years ago. Mrs. Otto Zorenko made the bride's cake and it was a work of art. Several young ladies, among whom were Misses Jennie Tjepkema, Irene and Bessie Urwin served and at least 150 were seated at the tables.

Many beautiful gifts were received by the young people, some coming from a distance from friends who could not be present.

Mrs. Thomas has been a resident of Sherry for the past eight years, coming as a very young miss to the Northwest Collegiate Institute from which school she graduated in 1916. She then attended Grand Rapids Normal school for one year and then taught school two years, the last year as principal of the Sherry Graded schools. The young man to whom she has given her future life into his keeping is the eldest son of Mr. and Mrs. Harry Thomas whom they brought as a babe of a few months to the home among the forest and pine stumps and from which they have made one of the most beautiful farms in this locality. Hard work and excellent taste, love of the beautiful has evolved the Maple Grove Farm. Well known, and always ready to lift a hand for those less fortunate, Raymond, one of the boys who went to the front during the World war and came home honorably discharged and is now equipped for the battle of life with his young helpmate.

The out of town guests were: Mr. and Mrs. Eldridge of Berlin; Mr. and Mrs. George McCormick of Dodge Center, Minn.; Geo. Davis of Cleveland, Ohio, a former student of the N. C. I. and a soldier in the recent World war, now honorably discharged; Misses Inez and Florence Davis of Mercer; Mrs. B. Johnson and little daughter, Iela; Mr. and C. P. Warner and young daughter; Mr. and Mrs. Arthur Warner and son, Raymond of Poyssippi; Mr. and Mrs. John Hoffman; Mr. and Mrs. Fredman and two children; Mr. and Mrs. Newby, all from Stevens Point; Mr. and Mrs. Lawrence Pearl and son; Miss Clara Farrell of Grand Rapids; Mr. and Mrs. McKenzie; Mr. and Mrs. Homer C. Cook; Miss Agnes Peterson from Arpin; Mr. and Mrs. Gus Zorenko and son of Rothschilds.

**WANT BASKET BALL TEAMS**

The La-Lo-Basket Ball team of North Fond du Lac is being organized under the management of Coach Owen C. Clark and comes forward this year with an all star line up. With B. Sage and P. Goldinich as forwards, A. Roble, S. Murry and R. Shields as guards and R. Sage as center, Coach Clark has as fast an aggregation as there is in the state. The La-Lo-Ball have a few open dates in their schedule which they are anxious to fill and would like to hear from all the leading city teams throughout the state. Teams desiring to schedule games will communicate with Owen C. Clark, 619 Indiana Ave. North Fond du Lac, Wis., at once.

Choice of silk dresses, taffeta, crepe de chine and Georgette crepe in all new shades. Dresses worth up to \$35.00 your choice Friday and Saturday at cash price \$18.00 Nov. 7 and 8. Ready-to-Wear Parlors.

**COUNTY TO GET LAST OF FEDERAL AID ALLOTMENT**

Word from State Highway Engineer A. R. Hirst to County Clerk Sam Church states that the final payment of the joint Federal and State Highway money will be available for State Trunk Highway construction for the fiscal year starting July 1, 1920. The sum for Wood County this year is \$153,696.38, which completes the payments under the present Federal Aid laws of the U. S. Some previous figures which were sent out quoted the figure as something different than this, but the present figure, according to the state highway commission, is correct. The county also has a fund of \$8,135.88 available for State Aid, which should be apportioned by the County Board this fall.

The O. F. man who used to have to listen to a sermon that lasted for an hour and a half now has a son who gets mad if the sermon lasts more than fifteen minutes.

**SECURE CENSUS TAKERS**

E. J. Scott, of Shawano, in charge of taking the census for the Seventh Census district, held an examination at the Lincoln high school last Friday, examining twenty-four candidates for the positions. There are still a number of openings for the southern half of Wood County, however, and Mr. Scott has authorized Postmaster R. L. Nash of this city to hold another examination at the Lincoln school on Friday, November 7th, at two p. m. at which time more candidates will be examined. Honorably discharged soldiers are being given the preference and they especially, are urged to apply.

Do not whine and claim that you are being knocked and persecuted. The English sparrow is the most knocked and persecuted thing in this country, but he minds his own business and hustles and waxes fat and flourisheth.

# WHAT IS THE CONDITION OF YOUR SKIN?

Copyrighted by Anna C. Graves May 20th, 1916

Is it too oily?.....  
Is it thick and hard to touch?  
Is it grayish or yellowish?  
Is it itchy or sore?  
Are the pores large?  
Is it oily and yet scaly like chapped skin?  
Are you freckled?  
Have you yellowish spots?  
Have you dark brownish spots?  
Is there a roughness under the skin?  
Is there an eruption?  
Does the eruption refuse to come to a head?  
Is this eruption dark red or purple in color?  
Are the pimples or hard bumps painful?  
Do they result in a scar or discoloration?  
Is your skin too dry?  
Is your complexion blonde, medium or brunette?

Does it fall out?.....  
Is it too dry?  
Does it feel hard and coarse?  
Is it brittle and split at the ends?  
Should it curl and has grown straight?  
Does the scalp itch?  
Is there a slight eruption on the scalp?  
Have you dandruff?  
Is dandruff flaky and powder-like or heavy and oily?  
Is your hair too oily and scaly?  
Is your hair gray?  
Is your hair faded blonde?  
Is it growing dark near the head?

Mark "X" after question applying to your case, return slip to me. I will, free of charge, advise you what to use and how to use it. Every one needs advice about Complexion and Hair—why not you? Write me freely, I will not consider you a trouble.

Agnes C. Graves

## THE RIGHT WAY...

In all cases of Distemper, Pinkeye, Influenza, Colds, etc., of all horses, brood mares, colts, stallions, foals.

### "SPOON THEM"

On their tongue or in the feed put Spoon's Liquid Compound. Give the remedy to all of them. It acts on the blood and glands. It cures the disease by expelling the disease germ. It wards off the trouble no matter how they are exposed. Absolutely true from any thing you can say. A child can safely take it. Sold by druggists, harness dealers or sent express paid by the manufacturer. Special Agents Wanted.

6 SPOON MEDICAL CO., GOSHEN, IND., U. S. A.

### HAVE TO "HAND IT TO THEM"

Modern Youngsters Quickly Get Wise as to the Intricacies of "High Finance."

The three brothers, aged seven, nine and eleven, were fighting among themselves almost all the time. Their mother was complaining of this to their grandfather on the occasion of his weekly visit. "All of them have fought like this," grandfather, inquired, looking reproachfully at the three offenders.

Mother was always just. "Well, John hasn't fought as much as the two younger ones," she informed grandfather.

Then grandfather handed John a half-dollar for his abstinence. "The money had its effect, and that week there was no more noise and harmony in the household than there had been for a long time. Mother reported the change to grandfather at the end of the next week. And he rewarded all alike by handing each a dime.

Half an hour later mother happened to hear the boys discussing the gift. "Only a dime apiece," John was scornful. "and last week he gave me a whole half-dollar. I tell you what let's do. You two fight. Then when he gives me the half-dollar I'll divide up. Then we'll have 15 cents apiece, besides a between nickel. Will you do it?" And the other two agreed.—Indiana News.

A Big Tale. The magazine called "Our Navy" is never frightened by facts when fiction is just as good. From it we take a story which sets forth the estimate the marines had of the mind "over there."

"I was walking along the road," says the marine, "and happened to see a soldier's hat lying there. I kicked the hat and discovered there was a head under it and a live man under the head. So I pulled the man out. He then informed me that he was on horseback, so both of us dug down in the mud and pulled the horse out. The horse was good and hungry by that time, so we dug down farther and hauled up a pile of hay the horse had been eating."

We shall do well to reflect that being sure is not always the same as being right.

PRIZED RELICS OF THE MAGI

Cologne Cathedral Said to Contain the Skulls of the Three "Wise Men of the East."

A British army chaplain celebrated mass recently in the great Cologne cathedral at the altar of the relics of the Magi, the skulls of the three wise men who came from the East to visit the newly born Savior at Bethlehem. Tradition says that the Empress Helene procured the bones and took them to Constantinople, whence they were removed to Milan. In 1164 they were presented by Frederick Barbarossa to Archbishop Reinhold von Dassel, who brought them to Cologne. At first they were kept in the chapel of the Magi, the central chapel of the seven tanking the choir, but since the war they have been put away in the cathedral treasury, near the organ.

The bones are kept in a golden reliquary, a costly specimen of Romanesque craftsmanship in the form of a basket, said to have been made about 1100 A. D. In the Cologne coat-of-arms three crowns are represented, the ownership of the Magi relics having suggested the design.

A Matter of Address. Considerably out of patience, he was endeavoring to play golf at the Muncie Country club and in his first attempt at a drive sliced the ball miserably. The words he used, although spoken in an undertone, were sufficient to make the caddy look up appreciatively, accustomed as the boy was to the use of eloquence by players under such circumstances.

A short distance away was the player's wife who inquired ever so gently: "Did you say anything to me, Fred?" "No," he was just addressing the ball," he replied.

"I am afraid if the ball goes to that address it will melt," she remarked, still gently.

Oil Stations in Cuba. In view of the contemplated establishment at Antilla, Cuba, of a fuel oil station by the Texas company (South American), the United Fruit company has begun the erection of fuel oil tanks on its properties at Banes and Preson, Oriente province, Cuba. Six tanks will be erected at present by an American construction company.

## GETTING CORNELL'S STARS INTO CONDITION

The photograph shows Coaches R. Van Orman, J. E. Rush and W. C. Cool who have worked hard to get their gridiron stars into condition for football honors.

## PREACHES AS WELL AS HE POLE VAULTS

Oregon Minister Succeeds in Breaking Coast Record.

Rev. Mr. Spearow, Member of Multnomah Athletic Club, is All-Round Athlete—High and Broad Jumps His Specialties.

A minister of the Gospel broke the Pacific coast record in the pole vault, and is considered a promising candidate for the world's record. He is Rev. Ralph A. Spearow, pastor of a Unitarian church in Portland, and member of the Multnomah Athletic club.

Sunday finds Rev. Mr. Spearow delivering sermons to large-sized congregations, in which young men and boys are conspicuously present. He is adored by the youth of Portland, who regard him as an athlete who preaches "on the side," not as a preacher with an athletic bent.

Monday finds the young minister out on the athletic field keeping up his training. He is an all-round star, with special ability at the high jump and broad jump as well as the pole vault, and is also an excellent sprinter.

Rev. Mr. Spearow's coast record was made recently in a track meet held at Tacoma. He soared over the bar at the dizzying height of 13 feet and 8.5 inches, the first time any coast vaulter had ever exceeded 13 feet. The former record was held by Sam Bellah, of Stanford university.

The world's record stands at 13 feet 2.5 inches.

Rev. Mr. Spearow at the Tacoma meet won the high jump at 6 feet 2 inches, which is some jump, and did 22 feet and one-half inch in the broad.

Rev. Mr. Spearow frankly attributes his success, not to coaching, but to prayer. He has never been in the hands of an expert coach, but worked out his own methods entirely. Prayer, he says, carries him over the bar.

## COZY DOLAN GOOD AS PILOT

Former Major League Player Turns Out to Be Successful as Manager—Won for St. Joseph.

Cozy Dolan, who once played third base for the Yankees and later played in the National league with Philadelphia, Pittsburgh and St. Louis, has

turned out to be a successful manager. Dolan turned a Par Moran stunt in St. Joe this year. He gave St. Joseph its first pennant, and now Cozy can have anything in the Missouri town.

Named After Sullivan. It has been suggested that the big new athletic field at Jersey City, constructed on the site of an old reservoir, be named after the late James D. Sullivan, of the amateur athletic union, who accomplished so much for the good of the organization.

Cost of Harvard Athletics. The expense in Harvard of its new compulsory athletic department for freshmen, outside of apparatus and new facilities, has been estimated at \$15,000 a year.

Holy Cross Game at Boston. Boston College and Holy Cross football teams are to play in Boston December 6.

Meadowbrook Wins Title. Meadowbrook won the open polo championship of the United States by defeating Cooperstown five goals to four.

In Six World's Series. Second baseman Eddie Collins of Chicago White Sox, has played in six world's series.

Will Promote Billiards. The American Amateur Billiard association of New York will promote three-cushion and pocket billiard tournaments again this season.

Game for Thorpe's Team. Jim Thorpe's Canton professional football eleven may play in Chicago against a team of ex-college and other stars the latter part of the season.

Pirates to Try Youngster. Rinehart Kress, a catcher, who has been playing with the Pittsburgh Colts, a fast independent team, will get a trial with the Pirates. One critic says he is the best looking youngster the Pirates have had in years.

McGregor the Great Wins. McGregor the Great, star trotter of the year, won another rich stake at Columbus, O., when he had no difficulty in landing in straight heats the 2:04 trot, the M. & M., purse \$5,000.

World's Record Equalled. Charles Boyle equaled the world's record for the 100-meter swim at New York in 1 minute 16 1-5 seconds.

No Veteran Football Player. Princeton has not one veteran varsity football player to depend upon

DISPUTE OVER "INFILID FLY"

American League Umpires Do Not Agree on Question—Decisions by Connolly and Moriarty.

American league umpires evidently did not agree on what constitutes an "infield fly." In one game a third baseman muffed a fly, just getting his hands on it after a hard run into left field. Tom Connolly said it was an "infield fly." A few days later a shortstop lost an easy fly in the sun and it was called safe four feet away. Umpire George Moriarty said it was not an "infield fly" because the shortstop did not reach it.

Game for Thorpe's Team.

Will Promote Billiards.

## MANY STAR SHORTSTOPS

The world series has known many a famous shortstop. Recall for instance, the days of Joe Tinker, Huns Wagner, Rabbit Maranville and Jack Barry, henchmen tried and true, all of whom finished high on the baseball horizon in the final test. Barry, as a member of the great Mackian infield perhaps made the most money than any of the others, but the great Wagner stood beyond even him in batting and fielding and every other department of play. Baseball has known many great shortstops.

## THOMAS LIPTON OUT AFTER AMERICA CUP

Completing Arrangements for Next Year's Contest.

First Important Step is to Send 23-Meter Shamrock to Act as Trial Boat—W. P. Burton Will Sail Challenger.

Since his return to London from America, Sir Thomas Lipton has set about the task of completing his arrangements for next year's contest for the America cup in earnest, says Yachting World. The most important decision so far arrived at, Sir Thomas told a writer in that periodical, is to send the 23-meter Shamrock to America early next year to act as a trial boat in the tuning up spins of the challenger, Shamrock IV. Asked who would have charge of the British boat, Sir Thomas replied W. P. Burton had consented to sail the challenger in the race for the America cup, and also take charge of the 23-meter Shamrock. "Naturally, he will have his own professional skipper," Sir Thomas added. "Mr. Burton will also be responsible for engaging the crews of both boats, and, in fact, he will be in entire charge of the whole of the trials and the actual races on the other side. Charles E. Nicholson, her designer, is going over at an early date for the purpose of thoroughly examining Shamrock IV."

"Do you think any alterations are likely to be made in her?" Sir Thomas was asked.

"That is a matter which I am leaving entirely to Mr. Nicholson's judgment. Many experienced yachtsmen are of opinion that Shamrock IV is far and away the best boat I have ever had to represent us in this great contest."

"If you lose this time, will you challenge again?"

"I have the greatest hopes that I shall be successful in this, my fourth attempt to bring back the cup, but if I am successful I can only say that I shall give Mr. Nicholson an order to build another boat."

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like a prominent druggist says "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it cures the kidneys, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism, gout, etc. You may receive a sample bottle of Swamp-Root by parcel post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

## THE MEANEST

Two small boys were discussing the various excellences of their respective parents and the conversation had reached a highly critical and even personal stage.

"Well," remarked Tommy Stubbs, "you can say what you like, but I reckon your father's about the meanest man that ever lived. Fancy him letting you walk about in them old shoes and him a shoemaker, too!"

"Is that so?" snorted Bobby Roberts. "My father ain't near so mean as yours, anyway. Why, just think of him being a dentist and your baby only got one tooth!"

## Where He Caught Him

A man was brought up before a magistrate for stealing a cheese from a grocer's doorway. The principal witness, a carter, told how he had seen the man take the cheese, and had run up and held him.

"Then you caught him in the nefarious act?" said the magistrate.

"The what, sir?" said the witness.

"You caught him in the nefarious act, I say," repeated the magistrate.

"Not me," was the reply; "I caught him by the scruff of the neck."

## Eases Cold

At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

Relief awaits you! Open your clogged-up nostrils and the air passages of your head; stop nose running; relieve the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!—Adv.

## Did You Ever?

A furrier was selling a coat to a woman customer. "Yes, ma'am," he said, "I guarantee this to be genuine skunk fur that will wear for years."

"But suppose I get it wet in the rain," asked the woman. "What effect will the water have on it? What will happen to it if it gets wet?"

"Madam," answered the furrier, "I have only

## PREACHES AS WELL AS HE POLE VAULTS

Oregon Minister Succeeds in Breaking Coast Record.

Rev. Mr. Spearow, Member of Multnomah Athletic Club, is All-Round Athlete—High and Broad Jumps His Specialties.

A minister of the Gospel broke the Pacific coast record in the pole vault, and is considered a promising candidate for the world's record.

He is Rev. Ralph A. Spearow, pastor of a Unitarian church in Portland, and member of the Multnomah Athletic club.

Standing this Rev. Mr. Spearow delivering sermons to large-sized congregations, in which young men and boys are conspicuously present. He is aided by the youth of Portland, who regard him as an athlete who preaches "on the side," not as a preacher with an athletic bent.

Mendly finds the young minister out on the athletic field keeping up his training. He is an all-around star with special ability at the high jump and broad jump as well as the pole vault, and is also an excellent sprinter.

Rev. Mr. Spearow's coast record was made recently in a track meet held at Tacoma. He cleared over the bar at the dizzying height of 13 feet and 8.8 inches, the first time any coast vaulter had ever exceeded 13 feet. The former record was held by Sam Bellah, of Stanford university.

The world's record stands at 13 feet 2.4 inches.

Rev. Mr. Spearow at the Tacoma meet won the high jump at 6 feet 2 inches, which is some jump and did 22 feet and one-half inch in the broad.

Rev. Mr. Spearow frankly attributes his success, not to coaching, but to prayer. He has never been in the hands of an expert coach, but worked out his own methods entirely. Prayer, he says, carries him over the bar.

Cozy Dolan, who once played third base for the Yanks and later played in the National league with Philadelphia, Pittsburgh and St. Louis, has

may continue over to Australia. Coach Bill Bachman of the Tri-Color club accompanied Dolan, who will compete in the national games at Honolulu October 30 and 31.

One of the English runners expected to shine in the Olympic games is A. G. Hill, of the London Polytechnic Harriers, the half-mile and one-mile champion who, in the recent sports of the Celtic Football club at Glasgow, finished second in the one-mile race, covering the distance in 4 minutes 16.4 seconds. He was scratch man. The performance beat Fred Bacon's Scottish record of 4 minutes 15.5 seconds made at Powderhall in 1904 and equals the British mark for the distance by amateurs.

Eaton is bicycle champion. Has Been Factor in Sunday Races at Newark Where Sport Has Its Largest Following.

Raymond Eaton of Newark, winner of the bicycle riding crown is twenty-four years of age and has been riding five years, this being the first season he has been really a factor in the Sunday races at Newark, where the sport has its largest following. He bent out Frank Kramer for the title.

Dispute over "Infield Fly" American League Umpires Do Not Agree on Question—Decisions by Connolly and Moriarty.

American league umpires evidently don't agree on what constitutes an "infield fly." In one game a third baseman muffed a fly, just getting his hands on it, after a hard run into left field. Then Connolly said it was an "infield fly." A few days later a shortstop lost an easy fly to the sun and it dropped safe four feet away. Umpire George Moriarty said it was not an "infield fly" because the shortstop did not reach it.

Game for Thorpe's Team. Jim Thorpe's Canton professional football eleven may play in Chicago against a team of ex-college and other stars the latter part of the season.

Will Promote Billiards. The American Amateur Billiard association of New York will promote three-cushion and pocket billiard tournaments again this season.

Meadowbrook Wins Title. Meadowbrook won the open polo championship of the United States by defeating Cooperstown five goals to four.

In Six World's Series. Second Baseman Eddie Collins of Chicago White Sox, has played in six world's series.

Holy Cross Game at Boston. Boston College and Holy Cross football teams are to play in Boston December 6.

No Veteran Football Player. Princeton has not one veteran varsity football player to depend upon

## BUSH IN TRIPLE PLAY

The first triple play ever executed at Triple play was seen by a large crowd in a recent game between Tigers and Yankees. Pratt doubled and Hudle stroled with none out. Hudle lined to Bush, who, as quick as a flash, tugged Pratt going back to second and then whipped the ball to Tedman, completing an exceptional play.

## ROSS STARTS FOR HONOLULU

Aquatic Star to Participate in Races in Hawaii and May Continue Over to Australia.

Norman Ross of the I. A. C. Star of the aquatic events of the International games, is on his way to Honolulu and

Norman Ross.

may continue over to Australia. Coach Bill Bachman of the Tri-Color club accompanied Ross, who will compete in the national games at Honolulu October 30 and 31.

## RUNNER EXPECTED TO SHINE

A. G. Hill of London Polytechnic Harriers, Entered in Olympic Games, Has Good Record.

One of the English runners expected to shine in the Olympic games is A. G. Hill, of the London Polytechnic Harriers, the half-mile and one-mile champion who, in the recent sports of the Celtic Football club at Glasgow, finished second in the one-mile race, covering the distance in 4 minutes 16.4 seconds. He was scratch man. The performance beat Fred Bacon's Scottish record of 4 minutes 15.5 seconds made at Powderhall in 1904 and equals the British mark for the distance by amateurs.

## MANY STAR SHORTSTOPS

The world series has known many a famous shortstop. Recall, for instance, the days of Joe Tinker, Ernie Wagner, Rabbit Maranville and Jack Barry, benchmen tried and true, all of whom finished high on the baseball horizon in the final test. Barry, as a member of the great Mackinn infield perhaps made more money than any of the others, but the great Wagner stood beyond even him in batting and fielding and every other department of play. Baseball has known many great shortstops.

## THOMAS LIPTON OUT AFTER AMERICA CUP

Completing Arrangements for Next Year's Contest.

First Important Step is to Send 23-Meter Shamrock to Act as Trial Boat—W. P. Burton Will Sail Challenger.

Since his return to London from America, Sir Thomas Lipton has set about the task of completing his arrangements for next year's contest for the America cup in earnest, says Yachting World.

Deciding so far arrived at Sir Thomas a writer in that periodical, is to send the 23-meter Shamrock to America early next year to act as a trial boat in the tuning up spins of the challenger, Shamrock IV. Asked who would have charge of the British boat, Sir Thomas replied W. P. Burton had consented to sail the challenger in the race for the America cup, and also take charge of the 23-meter Shamrock.

"Naturally, he will have his own professional skipper," Sir Thomas added. "Mr. Burton will also be responsible for engaging the crews of both boats, and, in fact, he will be in entire charge of the whole of the trials and the actual races on the other side. Charles E. Nicholson, her designer, is going over at an early date for the purpose of thoroughly examining Shamrock IV."

"Do you think any alterations are likely to be made in her?" Sir Thomas was asked.

"That is a matter which I am leaving entirely to Mr. Nicholson's judgment. Many experienced yachtsmen are of opinion that Shamrock IV is far and away the best boat I have ever had to represent me in this great contest."

"If you love this thing, will you challenge again?"

"I have the greatest hopes that I shall be successful in this, my fourth attempt to bring back the cup, but if I am successful I can only say that I shall give Mr. Nicholson an order to build another boat."

## LOOKS AFTER ALL STUDENTS

University of Pennsylvania to Inaugurate System of Athletics for All Scholars.

The University of Pennsylvania is to inaugurate a system of athletics for all students, supervised by Dr. Charles Wharton. A new athletic field, adjoining Franklin field, the famous sporting arena of the Red and Blue college, will include a gridiron, a soccer and also a horse field.

## PRINCETON WARRIORS NOW IN FIGHTING CONDITION

Has Been Factor in Sunday Races at Newark Where Sport Has Its Largest Following.

Raymond Eaton of Newark, winner of the bicycle riding crown is twenty-four years of age and has been riding five years, this being the first season he has been really a factor in the Sunday races at Newark, where the sport has its largest following. He bent out Frank Kramer for the title.

## IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-suffering people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weakness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, glassy eyes, gravel, rheumatism, scalding and all these derangements are nature's signals that the kidneys need help.

You should use GOLD MEDAL HAZARDON'S VEGETABLE COMPOUND. It is the best remedy for my troubles, which I surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared. —Mrs. M. GORDON, 925 Napoleon St., Fremont, Ohio.

North Haven, Conn.—"Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed when passing through change of life. There is nothing like it to overcome the trying symptoms." —Mrs. FLORENCE ISLELLA, Box 197, North Haven, Conn.

McGregor the Great Wins. McGregor the Great, star trotter of the year, won another rich stake at Columbus, O., when he had no difficulty in landing in straight heats the 2:04 trot, the M. & M. purse \$5,000.

World's Record Equaled. Charlotte Bayle equaled the world's record for the 100-meter swim at New York in 1 minute 15.5 seconds.

No Veteran Football Player. Princeton has not one veteran varsity football player to depend upon

## If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like as many people claim, that it fulfills almost every wish in overcoming kidney liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by mail. Just address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

## THE MEANEST

Two small boys were discussing the various excellencies of their respective parents and the conversation had reached a highly critical and even personal stage.

"Well," remarked Tommy Stubbs, "you can say what you like, but I reckon your father's about the meanest man that ever lived. Fancy him letting you walk about in them old shoes, and him a shoemaker, too!"

"That so?" snorted Bobby Roberts. "My father about near so mean as yours, anyway. Why, just think of him being a dentist and your baby only got one tooth!"

## Where He Caught Him

A man was brought up before a magistrate for stealing a cheese from a grocer's doorway. The principal witness, a carrier, told how he had seen the man take the cheese, and had run up and held him.

"Then you caught him in the nefarious act?" said the magistrate.

"That's what I said, your honor," replied the witness.

"You caught him in the nefarious act," said the magistrate.

"Not me," was the reply; "I caught him by the scruff of the neck."

## Eases Cold

At once! Relief with "Pape's Cold Compound"

The first dose eases your cold! Don't starve stuffed-up! Quit blowing and sniffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

Relief awaits you! Open your clogged-up nostrils and let the air passages of your head; stop nose running; relieve the headache, dizziness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's!—Adv.

## Did You Ever?

A carrier was selling coal to a woman customer. "Yes, ma'am," he said, "I guarantee this to be genuine skunk fur that will wear for years."

"But suppose I get it wet in the rain," asked the woman. "What effect will the water have on it? What will happen to it then? Won't it spoil?"

"Madam," answered the carrier, "I have only one answer: Did you ever hear of a skunk carrying an umbrella?"

## To Have a Clear Sweet Skin

Touch pimples, redness, roughness or itching, it may, with Cuticura Ointment, then bathe with Cuticura Soap and hot water. Unse, dry gently and dust on a little Cuticura Talcum to leave a fascinating fragrance on skin. Everywhere 25c each.—Adv.

## Leap Year is the year a woman goes about it to make a man's salary divisible by two.

A clean cellar is cheaper than doctor's bills.

## ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monacaceticacidester of Salicylicacid.—Adv.

## A Volunteer Worker

The Guard—Here, you! What are you doing around here with that space?

"Thirty Thousand—Me? I'm going to mop up the bow of this ship right after the christening!"

The enamel of a rich man is synonymous with the laziness of the poor man.

## Save the Babies

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, two out of every three, or nearly one-quarter, die before they reach one year; thirty-seven percent, or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infant deaths are occasioned by the use of narcotic preparations. Drops, liniments and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*

## KNEW NONE MORE QUALIFIED

Clemenceau's Explanation of Appointment of Colquhoun Shows "Tiger" Can Be Bitter.

During his first presidency of the council, as today, M. Clemenceau was frequently reproached for the inefficiency of certain of his collaborators and, as today, he got out of it by making tests at their expense, says Le Cri de Paris.

In 1900 Charles Bonist happened to hear "the Tiger" expressing himself rather strongly to one of his ministers. Mr. Bonist was astonished at the premier's severity, and said as much.

"But," exclaimed Clemenceau, "he's a fool."

"So much the worse for you; it's your fault."

"What? my fault that he's a fool?"

"No; but your fault that he is a minister. By the way, how did you happen to choose him?"

Clemenceau hesitated a moment, looked Bonist straight in the eye and suddenly shot at him in a triumphant voice:

"Do you happen to know one that's more stupid?"

## Winning the Jury

Some years ago an Irish attorney in Cincinnati named John McGrath sued a saloonkeeper for \$200 in a squirrel's court. The saloonkeeper demanded a jury and got one. Then McGrath stood in front of the jury and pointed to the saloonkeeper:

"There he sits, jury," shouted McGrath, "look at the villain. He sells vile whisky to men like you. Look at the scoundrel! How many headaches, heartaches and bellyaches has he caused in his time, jury? I'll leave it to you."

And McGrath won.

## The Right Prescription

Patron—Can you tell me what ails my wife?

Doctor—She does not take enough outdoor exercise.

"She does not feel like it."

"True; she needs toning up."

"What do you prescribe?"

"A new hat."

## Ask for "HILL'S" FIVE MILLION PEOPLE USED IT LAST YEAR

HILL'S CASCARA QUININE BROMIDE

Standard cold remedy for 20 years in tablet form—safe, sure, no danger—relieves cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine has a Red top with Mr. Hill's picture.

At All Drug Stores W. N. U., MILWAUKEE, NO. 44-1919.

## "SPOHN THEM"

On their tongue or in the feed put Spohn's Liquid Compound. Have the remedy to all of them. It acts on the blood and glands. It cures the disease by expelling the disease germs. It wards off the trouble no matter how they are exposed. Absolutely free from any injury. A child can safely take it. Sold by drug stores, harness dealers or sent express paid by the manufacturer. Special Agents Wanted.

SPohn MEDICAL CO., GOSHEN, IND., U. S. A.

HAVE TO "HAND IT TO THEM" Modern Youngsters Quickly Get Wise as to the Intricacies of "High Finance."

The three brothers, aged seven, nine and eleven, were fighting among themselves almost all the time. Their mother was complaining of this to their grandfather on the occasion of his weekly visit. "All of these have fought like this," grandfather inquired, looking reproachfully at the three offenders.

Mother was always just. "Well, John hasn't fought as much as the two younger ones," she informed grandfather.

Then grandfather handed John a half-dollar for his abstinence. The money had its effect, and that week there was more peace and harmony in the household than there had been for a long time. Mother reported the change to grandfather at the end of the next week. And he rewarded all alike by handing each a dime.

Half an hour later mother happened to hear the boys discussing the gift. "Only a dime apiece," John was scornful, "and last week he gave me a whole half-dollar. I'll tell you what let's do. You two fight. Then when he gives me the half-dollar I'll divide up. Then we'll have 15 cents apiece, besides a whole nickel. Will you do it?" And the other two agreed.—Indianapolis News.

## A Big Tale

The magazine called "Our Navy" is never frightened by facts when fiction is just as good. From it we take a story which sets forth the estimate the marines had of the mud "over there."

"I was walking along the road," says the narrator, "and happened to see a soldier's hat lying there. I kicked the hat and discovered there was a head under it and a live man under the head. So I pulled the man out. He then informed me that he was on horseback, so both of us dug down in the mud and pulled the horse out. The horse was good and hungry by that time, so we dug down farther and handed up a bale of hay the horse had been eating."

We shall do well to reflect that being sure is not always the same as being right

## UNION HAS PROTEST AGAINST CO. GUARDS

Stating that the guards employed by the Nekoosa-Edwards Paper Co. were employed in violation to the state law and that they have created disturbances down there, the Grand Rapids Federation of Labor has forwarded the following petition to District Attorney, Frank W. Catkins:

"Whereas, Gunmen or guards are employed by the Nekoosa-Edwards Paper Co. contrary to the Wisconsin statutes, which provides that police officers shall be citizens of Wisconsin, responsible persons, and not employed by the Nekoosa-Edwards Paper Co. have created and continue to create acts of violence against the workers on strike at the above mentioned plants, therefore be it

"Resolved, That the Grand Rapids Federation of Labor demand action of the District Attorney of Wood County to investigate this matter and to prosecute any violations of the law.

However, the matter was taken up by the District Attorney some time ago, a considerable amount of testimony having been taken at different times and it being his intention to complete the case as soon as possible. In addition to this, it seems that the action is not a criminal action to be pressed by the District Attorney, and that had the District Attorneys appointed special officers or guards from non residents of the state, there would be no penalty for the act. According to the District Attorney the Special Officers would have no power of arrest, and should they have arrested anyone the person might bring a civil action for false imprisonment. Civil actions might result from case from other angles, however, civil actions are not pressed by the district attorney.

## WELL-KNOWN MEEHAN GIRL WAS MARRIED IN CHICAGO

At the parsonage of the Methodist church in Chicago on October 15th, occurred the marriage of Miss Jennie Fox of Meehan to Otto Sernau, of Chicago. Rev. Fleming officiated. The bride is a daughter of Mr. and Mrs. J. S. Fox, well known residents of Meehan. She was born and raised at Meehan and was one of the popular young ladies of that community. The groom is a son of Otto Sernau, a former resident of the town of Grant. The family moved to Indiana some years ago. The groom recently returned from fourteen months service in France. The young couple will make their home in Chicago, where the groom operates a transfer line. They have the best wishes of their many friends for complete happiness.

## KELLNER YOUNG COUPLE MARRIED ON WEDNESDAY

Miss Eleanor Rickman and Carl F. Knoll, both of Kellner, were married last Wednesday afternoon at 1:30 at the Kellner Lutheran church, Rev. S. Radtke, of that congregation officiating.

Misses Theresa Buss and Julia Radtke were the bridesmaids while Edward Knoll and George Rickman were the groomsmen. The bride was very prettily gowned in white georgette and satin, carrying a shower bouquet of tea roses. The bridesmaids made a very attractive appearance in white silk gowns. Following the ceremony the wedding party enjoyed a supper at the home of the brides parents, following which a social evening was spent, music and games making the occasion a memorable one. The home had been very nicely decorated with ferns and flowers, adding to the beauty and attractiveness of the affair.

The bride is one of the well known young ladies of Kellner and also of this city, having been employed here for some time past. She is the daughter of Mr. and Mrs. C. W. Rickman. The groom recently spent two years in active service with the A. E. F. He is a son of Mr. and Mrs. Albert Knoll of the town of Grand Rapids, an industrious and promising young man. The newly weds will make their future home at Kellner, settling down with the best wishes of the Tribune and their many friends, both in this city and in the community in which they reside.

## NEKOOSA YOUNG PEOPLE WERE MARRIED MONDAY

Miss Ila Custin and Thomas Blackburn, both well known young people of Nekoosa, were married in the parsonage of the Nekoosa Congregational Church on Monday, Rev. O'Neill of that village performing the ceremony.

The wedding ceremony took on the aspect of quite a military affair, the groom and his best man both being recently discharged from the military service and both wore the uniform of the United States army. The young couple were attended by Miss Ila Custin, as bridesmaid, while the best man was Richard S. Blackburn. The bride made a very attractive appearance in brown velvet trimmed with fur while the bridesmaid was very prettily attired in a gown of red silk. Following the ceremony the wedding party enjoyed a dinner at the home of the bride's parents, where their friends gathered and made the occasion a pleasant and memorable one.

The bride is the daughter of Mr. and Mrs. Geo. Custin of Nekoosa, and is a well and favorably known young lady of that village. The groom is the son of Thomas Blackburn, an ambitious young man of good habits who has every prospect of a brilliant future. The young couple will make their home at Nekoosa where they start their wedded life with congratulations and best wishes from the Tribune and a host of friends in this city and their home village.

## GRAND RAPIDS HIGHS BEAT ANTIGO TEAM

(By William Doudna) Driving play after play thru the Antigo line for steady gains; circling the ends and shooting the ball over the line for several clean cut forward passes, the Grand Rapids highs defeated the Antigo highs on the Lincoln school grounds last Saturday afternoon. The score was 45 to 7. Showing a remarkable change of form over some of the recent games, Coach Miller's squad put out a brand of football that simply took the upstarts of their feet. The Antigo team, which was heavier than that of the locals, lacked the pep which won the game for Grand Rapids.

Roy Meunier, quarterback, was disabled in the first quarter, but Vendome Ticknor, who took his place pushed the team to victory with well managed plays, including seven touch downs.

Antigo's lone score came in the second quarter. In the third period also the visitors came near the goal, but lost the ball on the fourth and last down. The pigskin came into the Rapids' possession, and before the quarter was ended the squad had carried it the full length of the field for another six points.

In the final quarter Darrell Mathews made an end run netting a gain of forty-five yards. Mathews had been practicing with the team only a week.

The several touchdowns were made by Millenbah, Loren Mathews, Ticknor and Brandt. The victory over Antigo gives promise of the Wisconsin Valley championship which has not been held by Grand Rapids for several years. If the locals can win over Stevens Point Saturday of this week, first position is assured. Mosiny will play the second team here on that day, also.

Tickets for two hundred Stevens Point fans have been reserved, and it is expected that another hundred will be sold on that day of the game to others from the up-river city. A special train will be engaged to carry the Pointers here, it is understood. Unless the students and townspeople of Grand Rapids make better showing on the field this week than they did last, our city will be outclassed as to cheering.

Mr. and Mrs. W. F. Kellogg and son, James, and Mrs. Norman Frisbee, drove to Madison Saturday where they attended the Wisconsin-Minnesota football game.

Marshfield Times—B. P. O. Elks at the present time are planning on holding a big initiation the last week in November at which time it is planned to put through about 25 new candidates. It is also probable that this order will soon build a temporary 12x20 card room adjoining the present club quarters on the corner of Maple and Second streets.

## ROTARIANS WILL DANCE

The members of the Entertainment Committee of the Rotary Club have announced a dinner and dance for the members of the club and their guests, each member being permitted to invite one guest. The committee have not announced where they will hold the dance and dinner as yet.

## FINDS DOTS GOOD AT JANESVILLE PLANTS

Jan. 5, 1919

Grand Rapids Tribune, Grand Rapids, Wis.

Dear Sir:—I will write you these few lines as it might be of some interest to the boys in Grand Rapids. Many of my friends asked me to write. I will not be able to write to all so, I will write it to your paper so they can all see it.

I was very much surprised when I got here to find how the conditions were as I had heard so many false stories about this place, but it is not true. The board is as good as can be expected and we have a fine place to sleep. The barracks are steam heated, the beds are clean in every way. Many of the men are moving here, but as yet houses are scarce here. The company is building many houses here and the people can buy them on easy terms.

The foremen here say that the Grand Rapids men are the best men they can get to work. Mr. Ruedig says that he is going to Grand Rapids and hire men as long as he can get one man.

Yours truly,

Emil Peterson.

## BESSIE LIPSITZ MARRIED YOUNG MAN FROM AVOCA

Nov. 5, 1919

Jan. 5, 1919

Miss Bessie Lipsitz of the town of Saratoga and Paul Gumz, of Avoca, Wis., were married Wednesday afternoon at 3 o'clock, Judge W. H. Getts performing the ceremony. They were attended by Miss Harriet Matthews, of Saratoga, as bridesmaid, while Victor Lipsitz, a brother of the bride was the best man. The bride was very prettily dressed in a brown broadcloth suit. Following the ceremony the wedding party went to the home of the bride's parents in Saratoga, where they entertained their friends at a party and dance. The bride is a daughter of Mr. and Mrs. Jacob Lipsitz and holds the distinction of being the first woman cow tester in America. She has made quite a record in the dairy work and has many friends in the settlement south of this city. The groom is a well known young farmer of Avoca. The couple will make their future home at Avoca where they go with the best wishes of their many friends.
